Program (CAS) - International Studies

University Mission: George Fox University, a Christ-centered community, prepares students spiritually, academically, and professionally to think with clarity, act with integrity, and serve with passion.
Program Mission: The interdisciplinary International Studies program integrates insights from a variety of perspectives -- particularly economics, politics, geography and religion, among others -- in order to provide a rigorous education in the complex dynamics of an increasingly interdependent world.

Graduates will be equipped with the skills necessary to effectively engage the world and its multitude of cultures, with foreign language capabilities, cross-cultural awareness and experience, and critical thinking and analysis. Graduates will be known in the world for these abilities as well as for their Christian love and humility.
