**WHO MAY TAKE TRI COURSES:**

See Note 6

**ARE TRI COURSES JUST FOR STUDENTS COMPLETING THE POST-GRAD CERTIFICATE?**

No. Anyone in a qualifying graduate degree program or with an earned qualifying graduate degree can take TRI courses.

**WHO NEEDS TO COMPLETE THE TRI APPLICATION:** (For TRI application, email Joel Moore at jmoore@georgefox.edu)

If you are a GFU student in one of the qualifying degrees (NOTE 6), no TRI application is required to enroll in Block A & B courses. However, to enter Block C courses, completion of the amended TRI application is required.

Post-graduate professionals wishing to enroll in TRI courses for graduate credit, regardless of whether or not seeking to complete the post-graduate certificate, must complete the TRI application.

**HOW TO FIND TRI COURSE LISTINGS AND REGISTER FOR GRADUATE CREDIT:**

See the TRI Contact Information on the reverse side of this page. Instructions are on the lower right side of the chart. Contact Cindy Howard, Graduate Registrar, for registration assistance at choward@georgefox.edu or 503-554-6107.

**CONTINUING ED OPTIONS & ENROLLMENT INSTRUCTIONS:** (TRI courses cannot be audited.)

See the TRI Contact Information on the reverse side of this page. Instructions are on the lower left side of the chart.
Block A is a recommended prerequisite for all TRI courses and a required prerequisite to Block C courses. See Curriculum Overview for more details, including a description of Blocks A, B, & C coursework.

Enrollment in Block C requires prior completion of Block A and the TRI Application. Students may continue in Field Experience (FE) as long as all remaining certificate courses have been taken prior to or concurrent with Block C courses in a particular term. Students may start FE in either Fall or Spring. Registration in FE continues until the project is completed. See Field Experience Overview for more details.

TRI courses are hybrid in format, including face-to-face and online class activities. Each 1-unit course and 15-hour CE workshop (see NOTE 5) meets for 15 class hours. Generally, courses (except Block C) are scheduled as two consecutive face-to-face days, 7.5 hours each day, from 9am to 5pm. These face-to-face times are adjusted according to how many online class hours the professor has scheduled for that particular course. Syllabi are distributed by the 2nd week of the term detailing online and face-to-face schedules, as well as assignments due before and after face-to-face meetings.

TRI courses are not available for audit. However, Block A & B courses can be taken as CE workshops. CE workshops do not apply to the post-grad certificate but may comply with state and professional licensure renewals. Disaster/Humanitarian aid workers who do not have a qualifying graduate degree (see NOTE 6), may enroll in CE workshops. Register for CEs directly with the TRI online at http://tri.georgefox.edu. While CE participants do not complete graded assignments, class readings and participation in online activities are required. Class instructions are forwarded by the 2nd week of the term.

Mental health, education, ministerial, and health care/medical graduate students and post-grad professionals may take TRI courses, and are eligible to earn the post-graduate certificate in trauma response services. Block A & B courses can be taken even if you do not wish to complete the certificate. GSC students may use TRI courses to fulfill elective credit requirements and simultaneously apply those TRI credits to the completion of the post-graduate certificate.

Other 585 courses are added as needed.

This prerequisite may be waived with professor permission.
