

APPENDIX M

Bruin Data / Bruin Mail Login

Bruin Data

In your web browser, type <http://bruindata.georgefox.edu> in the address field and hit enter. You will then be taken to the Bruin Data login page. Your username should be the first letter of your first name followed by your last name, all as one lowercase word. Your password should be the last four digits of your social security number followed by ***gfu**, all as one word. Be sure that the “gfu” is *not* capitalized.

Example:

Name: John Doe

Username: jdoe

Password: 5400***gfu**

From Bruin Data you can access different information via tabs on the Bruin Data page. In particular, a “My Classes” tab can be accessed, and from it, information about the courses you teach can be found. Click on the drop down menus to select which course you would like information on, and what type of information.

Bruin Mail

In your web browser, type <http://bruinmail.georgefox.edu> in the address field and hit enter. You will then be taken to the Bruin Mail login page. Your username and password are the same as explained above. This is your George Fox email account and your email address is your username@georgefox.edu.

Change your password

It is important that you change your assigned password after you login. To change your password, once you are logged on to Bruin Mail click the options icon and then the change password icon. Type your username in the account field, “campus” in the domain field, and then your current password in the old password field. Your new password must be at least seven characters long and contain three of the following: uppercase letters, lowercase letters, a symbol (such as an asterisk or underscore), and a number. Please also note that your Bruin Data password is the same as your Bruin Mail password.
