

Departmental Confirmation

(Must be signed and turned in attached to application, this form is not needed if department is able to help fund student's experience)

_____ (student name) has an opportunity to attend _____ (name of conference or event). I believe as Department Chair that this experience will benefit the student as well as be beneficial for the George Fox University community. Although this student has requested funds from our department we are not able to provide the financing for this student. If we did have access to funds either wholly or partially we would support the student, as we believe this experience is of value for them to attend.

Thank you,
