**Online Registration Form and mailing info:**  
[www.georgefox.edu/science\\_outreach/camps.html](http://www.georgefox.edu/science_outreach/camps.html)

**Contact Information:** Teresa Arnold  
503-554-2724 or [tarnold@georgefox.edu](mailto:tarnold@georgefox.edu)

## Instructor Qualifications

Teresa Arnold is the GFU Biology-Chemistry Lab Coordinator. She has a Masters of Arts in Education (Secondary Science and Mathematics) from Willamette University. She began teaching middle school and high school science, math and health in 1991. She joined the GFU staff in 2003.

Mrs. Arnold has been background checked by the Newberg School District where she also volunteers GFU-sponsored science lessons.

**Activities include hands-on labs with take-home results.**

**Primary Focus: Oceanography (Biology, Chemistry, Physics)**

## Field Trip

★ 2 Hatfield Marine Science Center  
Lab Classes

★ Tide Pooling

**Other fun activities/games to round out our science experience:**

★ Astronomy (star lab) families invited

★ Family Stargazing evening

## Friday Field Trip Notes:

- ★ Fantastic morning low tide for tide pooling
- ★ Lunch on the beach
- ★ Hatfield Marine Science Labs (1 hour each)
  - Plankton
  - Marine animal adaptations
- ★ Travelling by GFU vans
- ★ Parents are welcome (siblings by permission only). Cost to be determined by number of participants
- ★ Dress for the weather!
