Adding Endorsements to Initial or Continuing Teaching Licenses

George Fox University School of Education makes provision for candidates who want to add an endorsement to an existing license. The procedure for this is as follows:

- The candidate makes application to the department of Educational Foundations and Leadership following the procedures for admissions as listed on the website: <http://www.georgefox.edu/soe/edfl/admissions/requirements.html>
- The candidate's file is then reviewed by the EDFL admissions committee to verify contents of all the documents as to whether they meet all the criteria for admissions
- A decision is then made whether to admit the candidate to the EDFL department
