

Some examples of what does NOT qualify for an internship would be:

1. Any position where the student is more of an errand runner or free slave labor (i.e. getting coffee, making photo copies, etc.)
2. Any position where there is little or no link to a pedagogical/learning experience (i.e. Working for GFU Admissions but all you do is give campus tours).
3. Any position where a clear link to your degree cannot be justified (i.e. working as a lifeguard at a public pool).
