The Council for Christian Colleges and Universities, based in Washington, D.C., was founded in 1976. Each of the more than 100 U.S. member institutions is committed to academic excellence and to the integration of faith, learning, and living. The coalition, comprising four-year liberal arts colleges and universities with regional accreditation, provides a medium for strengthening and unifying this important sector of private higher education.

Statement of Faith

The Trinity

We believe in one eternal God, the source and goal of life, who exists as three persons in the Trinity: the Father, the Son, and the Holy Spirit. In love and joy, God creates and sustains the universe, including humanity, male and female, who are made in God's image.

God the Father

We believe in God the Father Almighty, whose love is the foundation of salvation and righteous judgment, and who calls us into covenant relationship with God and with one another.

God the Son

We believe in Jesus Christ, the Word, who is fully God and fully human. He came to show us God and perfect humanity, and, through his life, death, and resurrection, to reconcile us to God. He is now actively present with us as Savior, Teacher, Lord, Healer, and Friend.

God the Holy Spirit

We believe in the Holy Spirit, who breathed God's message into the prophets and apostles, opens our eyes to God's Truth in Jesus Christ, empowers us for holy living, and carries on in us the work of salvation.

Salvation

We believe that salvation comes through Jesus Christ alone, to whom we must respond with repentance, faith, and obedience. Through Christ we come into a right relationship with God, our sins are forgiven, and we receive eternal life.

The Bible

We believe that God inspired the Bible and has given it to us as the uniquely authoritative, written guide for Christian living and thinking. As illumined by the Holy Spirit, the Scriptures are true and reliable. They point us to God, guide our lives, and nurture us toward spiritual maturity.

The Christian Life

We believe that God has called us to be and to make disciples of Jesus Christ and to be God's agents of love and reconciliation in the world. In keeping with the teaching of Jesus, we work to oppose violence and war, and we seek peace and justice in human relationships and social structures.

The Church

We believe in the church as the people of God, composed of all who believe in Jesus Christ, who support and equip each other through worship, teaching, and accountability, who model God's loving community, and who proclaim the gospel to the world.

Christian Worship

We believe Christ is present as we gather in his name, seeking to worship in spirit and in truth. All believers are joined in the one body of Christ, are baptized by the Spirit, and live in Christ's abiding presence. Christian baptism and communion are spiritual realities, and, as Christians from many faith traditions, we celebrate these in different ways.

The Future

We believe in the personal return of Jesus Christ, in the resurrection of the dead, in God's judgment of all persons with perfect justice and mercy, and in eternal reward and punishment. Ultimately, Christ's kingdom will be victorious over all evil, and the faithful will reign with him in eternal life.

Our Heritage

More than a century ago, early Oregon Quaker pioneers helped settle the rich and fruitful Chehalem Valley of Oregon. One of their first priorities, along with the founding of their church, was the education of their children. In 1885, the Christian instruction of their offspring was assured with the establishment of Friends Pacific Academy. At the same time, founding pioneers were looking ahead with a dream of a college to provide more advanced education. That time came Sept. 9, 1891, with the opening of the doors of Pacific College. Fifteen students were counted on opening day.

In the 116 years since George Fox University's founding, major changes have included the name of the

university itself. Retitled in 1949 because of the many “Pacific” colleges, the school was named in honor of the founder of the Friends Church. The name changed again in July 1996 when George Fox College became George Fox University, incorporating Western Evangelical Seminary.

From only a handful of courses in the 1890s, the university now offers 38 undergraduate majors, and graduate programs in psychology, counseling, education, business, ministry, and religion. Over the years, more than 16,000 students have called this institution their alma mater.

George Fox has grown rapidly in the last two decades - both in reputation and facilities. *U.S. News & World Report* for 19 years has named George Fox “One of America’s Best Colleges.” In 2005, George Fox ranked in the top tier in the category of Best Universities - Master’s, West Region. National recognition also has come from the John Templeton Foundation, which selected George Fox as one of 100 in its Honor Roll of Character-Building Colleges.

Following a series of campus master plans, George Fox has expanded in recent years to now include 70 buildings on approximately 108 acres. The most recent expansion is the 2006 purchase of an adjacent eight acres formerly occupied by Providence Newberg Hospital. The growth to the east incorporates tree-filled Hess Creek Canyon within the main campus. The canyon formerly served as the campus’ eastern boundary. A 24-acre tract north of the campus also is to be developed into a new athletic field complex. More than 3,000 students come to George Fox from across the nation to participate in the experience of sharing faith and learning with dedicated faculty and administrators.

Even as it expands its mission by offering graduate programs and serving adult learners, George Fox remains committed to providing more than 1,500 traditional undergraduate students with a residential campus atmosphere in Newberg. There, learning continues outside the classroom - as well as inside - through a variety of experiences including music, athletics, clubs and organizations, special events, and Christian ministries.

The Christian atmosphere is a campus priority. With other Christians, the university holds to the historic truths and teachings of Christianity, as outlined in the statement of faith. From its founding, the university has been guided by Northwest Yearly Meeting of Friends Church. It historically has emphasized the necessity of a genuinely experiential Christian faith, personal integrity and purity, the spiritual nature of the ordinances, the importance of peacemaking and responsible social action, the involvement of women in ministry and leadership, the valuing of simplicity, and the right and duty of each person to hear and follow God’s call.

George Fox University has more Friends students on campus than any other college in the United States. They represent approximately 5 percent of the student body. Altogether, more than 50 denominations are represented on campus. Denominations with a significant enrollment include the Evangelical Church of North America, Free Methodist, Nazarene, Presbyterian, Disciples of Christ, Mennonite, United Methodist, Assemblies of God, Christian and Missionary Alliance, Catholic, Lutheran, American Baptist, Conservative Baptist, Church of God, and Foursquare. There are also numerous students who attend independent churches.

Locations

George Fox University serves students at a number of locations in the Pacific Northwest, including its Portland Center, Salem Center, Boise (Idaho) Center, and teaching sites in other Oregon communities. Its residential undergraduate campus is in Newberg, Ore., in the lower Willamette Valley, on an 108-acre tree-shaded campus in a residential neighborhood. This area offers a variety to meet most interests. Newberg is a friendly community close (23 miles) to a major metropolitan environment of 1.9 million people. It is located in the beauty of the Pacific Northwest, with nearby mountain ranges for skiing and easy access to rugged coastal beaches just an hour away.

Oregon - 97,060 square miles of variety - stretches from the Pacific Coast, over the Coast Range, through the fertile Willamette Valley, past the snowcapped Cascades, and into the high desert country of central and eastern Oregon. More than half of the student body call Oregon home. Others come to school in Oregon and decide to make it their new home - despite the fabled rain. Yes, there is rain, and sometimes it falls hard in the valley between the mountain ranges where George Fox University is located. But it is the rain that makes Oregon green and gives it natural beauty. Umbrellas and raincoats do come in handy during the winter months, but when the sun comes out, Oregon is spectacular - and it's worth the wait. Just ask the visitors who make tourism one of the state's largest industries, along with high technology, forest products, and agriculture.

Just a half-hour drive from the campus, metropolitan Portland is George Fox's big-city neighbor. In 2000, Portland topped *Money* magazine's list of "Best Places to Live in the U.S." Oregon's largest city, Portland, offers its Old Town district, the Tom McCall Waterfront Park, numerous art galleries and museums, a number of theatre groups and jazz clubs, and a world-class symphony, ballet, and opera. Other attractions include the Oregon Zoo, the Japanese Garden, the International Rose Test Gardens, and the Oregon Museum of Science and Industry. Every June the city holds its Rose Festival, with three parades, a coronation, and 25 days of festival events.

For those who love the outdoors, Portland has 9,400 acres of parks, including Mill Ends Park, the smallest in the world, and Forest Park, named "Best Urban Park in the U.S." And George Fox students can join in the enthusiasm of cheering for the Portland Trail Blazers NBA team, the Portland Winter Hawks WHL ice hockey squad, and the Portland Beavers Triple-A minor league baseball team.

Despite the numerous Portland advantages, many students prefer the small-town flavor of Newberg. Located on the Willamette River, Newberg has a population of 20,000, with many residents living in Newberg and commuting to Portland for their jobs. Historic downtown Newberg consists of a variety of stores, shops, and services. Friendly merchants who appreciate the university's students are just a few blocks south of the campus, with most businesses within walking distance. It's a personable town, rich in tradition-former President Herbert Hoover once lived here.

The Newberg-Portland area has a mean daily high temperature in July of 83 degrees and a mean daily low in January of 32 degrees. Precipitation averages 37 inches a year, most of which is rain. While Newberg does get snow, it is seldom more than a few inches a year and rarely lasts more than a couple of days.

Mission, Vision and Values

Mission Statement

George Fox University, a Christ-centered community, prepares students spiritually, academically, and professionally to think with clarity, act with integrity, and serve with passion.

Vision

Our vision is to become one of the most innovative and engaging universities in the western United States known for academic excellence and for connecting the message of Jesus Christ to the global challenges and opportunities of the future.

Our Values

Living like Christ as Agents of Love and Reconciliation

We are a Christ-centered university rooted in the Friends tradition. We take seriously the challenge of Jesus Christ to be God's agents of love and reconciliation in the world.

Creating a Transformational Learning Community

We maintain the highest standards for serving our community's academic and spiritual needs. We will continue to attract and nurture an authentic wisdom community of faculty and staff dedicated to providing a dynamic, diverse, and holistic spiritual and educational experience.

Pursuing Scholarly Inquiry

As a university, we seek to advance knowledge by engaging in and supporting scholarship. Working from Christian premises, we attempt to better understand God and God's creation. Doing so helps us to teach and serve others more effectively.

Engaging Globally and Connecting Culturally

We value worldwide experiential learning aimed at understanding and improving the human condition. We desire to connect genuinely with people from diverse cultures both locally and globally through relationships and reciprocal teaching and learning.

Reflecting the Diversity of God's People

All people are created in God's image. Therefore, George Fox University represents the ethnic, socio-economic, cultural, and gender diversity of the broader Kingdom of God. We provide opportunities for students to dialogue about issues of diversity and to live and study in diverse communities.

Preparing Innovators and Risk Takers in Pursuit of God's Kingdom

Our community inspires and equips students and employees to take responsible risks in pursuit of God's kingdom and to discover creative ways to fulfill Christ's purposes in our university life and the world around us.

Serving and Leading in Communities of Trust

We strive to be a community of trust, camaraderie, and respect where we practice collaborative leadership.

We value the contributions of students, faculty, staff, administrators, and trustees and find unity through serving one another.

Promoting Peace, Justice, and Care of the Earth

Jesus Christ calls us to be peacemakers, to serve the poor, and to engage our world responsibly. We are a community that actively creates peace, promotes justice, and cares for the earth.

Student Outcomes

In any enterprise involving students of varied preparedness, motivation, and discipline, there will be differences in outcomes. Education is realistic and idealistic. It reaches beyond the average, the assured, and the guaranteed. University objectives - indeed the entire catalog - may be seen as sincere intention to provide an educational program of high quality. Accountability to students is fulfilled by providing qualified teachers, a community with Christian values, and the historical continuity of a Quaker university. The opportunity for personal growth and development is here, yet student initiative and responsibility are vital. The catalog is not an unconditional contract.

Values Statement

The George Fox University community values...

- Following Christ, the Center of Truth
- Honoring the worth, dignity, and potential of the individual
- Developing the whole person - spirit, mind, and body
- Living and learning in a Christ-centered community
- Pursuing integrity over image
- Achieving academic excellence in the liberal arts
- Preparing every person to serve Christ in the world
- Preserving our Friends (Quaker) heritage

Learning Environment

George Fox University offers a learning environment designed to facilitate the learning that occurs at the university. We recognize the varied nature of the learning that happens as part of an education as well as the resources needed to accomplish the programs at George Fox. Some of the resources that are provided to students at the university are as follows:

- [Academic Centers](#)
- [Academic Resource Center](#)
- [Career Services](#)
- [Health and Counseling Services](#)
- [International Student Services](#)
- [Libraries](#)
- [Multicultural Services](#)

In addition, the university maintains certain [standards of conduct](#) that are expected to be upheld by students while enrolled at the institution.

Academic Centers

Center for Global Studies

This program is jointly housed with the Center for Peace and Justice (described below). Its goal is to deepen students' understanding of global issues through on-campus and off-campus experiences.

Among the programs either sponsored by the center or coordinated with the center are these:

- Semester-long programs of study in various parts of the world and in the United States
- Cooperative programs with various international universities
- Global service forum in the spring semester
- Events that inform students about global issues
- Information about internships and careers dealing with global issues

Center for Peace and Justice

This program is the successor to the Center for Peace Learning, established in 1984. Housed in the same location as the Center for Global Studies, it has some of the same goals of enhancing students' understanding about global reconciliation.

The Center for Peace Learning was in part inspired by a concern raised by then U.S. Senator Mark Hatfield that George Fox become more actively committed to issues of peacemaking and reconciliation. These issues had become a substantial part of Senator Hatfield's work in the Senate. Among other achievements, he had much to do with the establishment and funding of the U.S. Institute of Peace. After retiring, Senator Hatfield joined the George Fox faculty and teaches courses in political science and history.

The director of the Center for Peace and Justice coordinates such efforts as:

- The minor in peace studies
- The certificate program in conflict management
- The John Woolman Forum, at which the annual Woolman Peacemaking Award is presented
- Information to students about graduate work in peace studies and careers in peacemaking and reconciliation
- Informational events dealing with peace and justice

Friends Center

In conjunction with George Fox University, Northwest Yearly Meeting of Friends has established a Friends Center serving the leadership preparation needs of Friends in the Northwest and beyond. The mission of this center is to recruit, promote, and coordinate the leadership preparation ventures of Friends at George Fox University as a means of furthering the central mission of the university and Northwest Yearly Meeting in fostering Christ-centered faith and practice. The activities of the center are administered by a director, who reports to a board of directors, consisting of Northwest Yearly Meeting, university, and at-large members. While the work of the Friends Center will be especially concerned with the seminary and the undergraduate programs, its contribution should be seen as extending to other programs as well. The Friends Center, therefore, is intended to assist George Fox University in accomplishing its Christ-centered and Quaker mission in any ways that would be serviceable.

Northwest Center for Play Therapy Studies

The Graduate Department of Counseling is pleased to be the home of the Northwest Center for Play Therapy Studies, established in 2003. Under the direction of Dr. Daniel Sweeney, the NWCPTS is the only university-based center focused on the study and promotion of play therapy in the northwest United States.

Mission

The mission of the Northwest Center for Play Therapy Studies is to promote the healthy development and welfare of children and families through the process of play and filial therapy. In support of the relational, psychological, and spiritual wholeness of children and families, the center seeks to fulfill this objective through the provision of play therapy, training, supervision, and learning resources for students and mental health professionals in the community.

Classes

The center's primary focus is the provision of high-quality play therapy training. This is accomplished through graduate courses here at George Fox University and sponsored workshops. It hosts graduate courses in play therapy, filial therapy, sandtray therapy, and special topics courses (e.g., group play therapy).

Workshops

The NWCPTS also sponsors a one-day conference every November and a five-day play therapy summer institute in June. These cover a wide variety of play therapy topics, including introductory and advanced workshops on such topics as sandtray therapy, play therapy with traumatized children, art in play therapy, and neurobiological issues in the play therapy process.

These workshops have attracted presenters and participants from across the nation. Some of the internationally acclaimed presenters brought in by the NWCPTS include: Dr. Garry Landreth, Dr. Eliana Gil, Dr. John Allan, Dr. Terry Kottman, Dr. Risë VanFleet, and Dr. Kevin O'Connor.

The web site for the NWCPTS is www.nwplaytherapy.org, and the center can be reached at playtherapy@georgefox.edu.

Academic Resource Center

The Academic Resource Center (ARC), housed on the second floor of the Newberg campus' Murdock Learning Resource Center, consists of three primary branches: Writing Services, Academic Coaching, and Tutoring Services.

- Consultants provide writing services by giving guidance and feedback to students engaged in the writing process. ARC consultants are students from various majors who have strong writing skills in their disciplines.
- Academic coaching consists of one or more meetings with an ARC consultant to discuss strategies for success. Everyone can benefit from sharpening skills in areas that support learning. Individual advising might include topics such as reading strategies, note-taking skills, preparation for exams, and time management. Handouts on these and other topics are available in the Academic Resource Center. The center's website also includes links to other learning-related resources.
- Students desiring tutoring services for specific courses should first go to labs on campus that offer discipline-specific tutoring (e.g., math or languages). If such services do not exist, students can check to see if an ARC consultant has experience with the course or discipline. An appointment can then be made with the ARC consultant.

Additional information about the Academic Resource Center is available at arc.georgefox.edu.

Writing Center

The Writing Center (WC) is located in Room 141 within the Portland Center library. The writing center works with graduate and professional studies students to improve their writing. No matter what the discipline is, clear, effective writing is imperative. The WC is not an editing service - it's purpose is to help students become better writers, not merely edit their papers for them. The hope is to work with students to develop the tools to write well. Elements that might be covered in a consultation include:

- Writing topics (thesis, organization, voice, grammar, etc.)
- Citation formatting (MLA, APA, or Turabian), and
- Software use (Word, EndNote, etc.).

If an in-person appointment cannot be made, papers can be sent in via email. A consultant will add comments to the paper and send it back. Further discussion and clarification can then take place over the phone as needed.

Additional information about the Writing Center is available at wc.georgefox.edu.

Career Services

Career Services

Located on the second floor of the Stevens Center-Newberg campus, this office is the center for career coaching, career information/education, employment services, graduate school admission preparation, and internship assistance. Students can receive guidance as they discover their mission in life, choose a major, explore occupational options, select an internship or other work experience, find professional employment, or plan to attend graduate school. This career planning can be self-managed by each student through the Student to Professional (STP) program.

Programming and resources include three online career classes (for undergraduate students), valuable workshops, career assessment, coaching and consultation, internship guidance and database, virtual internship center, internships for credit, special events, job-search skills training (cover letter, resume) interviewing, portfolio, job search strategy), and networking with alumni on our website (careers.georgefox.edu). Also available is a resource center with occupational, graduate school, and employer information. Permanent, summer, student employment, and internship jobs are posted electronically on JobConnect in MyGFU.

Computerized and Online Career Assessments, Degrees-at-Work Etiquette Dinner, Networking Event, Internship Fair, Oregon Liberal Arts Placement Consortium (OLAPC), Career and Graduate School Fair, Graduate School Focus Week, Job Hunter's Workshop, Practice Interview Day, and Professional Preview Day are special program features. Self-managed job search tools are also available for teachers.

Health and Counseling Services

Health and Counseling Services

Health and Counseling Services exists to help you maintain a good state of health through early diagnosis and treatment of illness and injuries and through preventative medical care, including health education. A medical practitioner and a registered nurse provide medical services fall and spring semesters, September through mid-May. Services are available by appointment. Health and Counseling Services is located in the Woodward House-Newberg campus.

The counseling staff consists of doctoral-level students supervised by the program director, a licensed psychologist. Individual counseling with a focus on using short-term techniques is provided for students who wish to discuss a wide variety of personal concerns. Sessions are normally planned weekly and usually last about one hour. Marriage and premarital counseling, crisis intervention, testing, and referrals are also available. Counseling sessions are by appointment only.

Professional services such as counseling and health care are provided at no cost to full-time undergraduate students. Laboratory and X-ray testing are arranged through an outside provider and are billed to your medical insurance. Fees may be charged for supplies.

International Student Services

International Student Services

International Student Services serves as a resource for advising and assisting international students and helps facilitate the meeting of diverse cultures in the George Fox University community. The university recognizes that international students bring with them unique needs as well as welcomed contributions. The International Student Services office seeks to help students adjust to their new surroundings and to help the campus community develop a sensitivity to their needs. The director and assistant director of this office encourage the participation of international students in the academic and social life of the university and in the exploration of the surrounding American culture. They also assist students in complying with U.S. Immigration regulations. The staff members are friends and advocates of the international student.

Libraries

Murdock Learning Resource Center (Newberg) and Portland Center Library (Tigard)

George Fox University maintains libraries at both the Newberg and Portland Center campuses. The Murdock Learning Resource Center (MLRC) is a three-story, 35,000-square-foot building serving the Newberg campus from a central location. The MLRC houses 136,000 print volumes and receives nearly 900 periodical titles. In addition, thousands of full-text periodicals are also available online from both the Newberg campus and the Portland Center, and off campus through a proxy server. The MLRC has several special collections, including the Quaker Collection of basic Quaker books, pamphlets, and periodicals. The archives of Northwest Yearly Meeting of Friends Church and of George Fox University, dating from the 1880s, are preserved in a special room. The Hoover Collection contains materials written about President

Herbert Hoover and his administration. The Peace Collection contains books and periodicals pertaining to conflict resolution and international peacekeeping.

The Portland Center library houses 67,000 print volumes and receives more than 300 periodicals. The collection is especially strong in religion and counseling. Also located in the Portland Center library are the archives of George Fox Evangelical Seminary.

The university's online library catalog provides access to the holdings of both the Murdock Learning Resource Center and the Portland Center library. Students at one site may request books from the other location through the catalog. George Fox is a member of the Orbis Cascade Alliance, a consortium of 34 academic libraries in Oregon and Washington. Through "Summit Borrowing," students may conveniently request books and other materials from the consortium's union catalog of more than 27 million items. GFU students can also check out directly from any other Orbis Cascade library when presenting their current GFU ID card.

Many licensed indexing/abstracting services and full text journals are made available by the library via the Internet. Journal articles not available through the library may be requested through interlibrary loan. Normally articles are scanned and sent to GFU electronically from other libraries. Users requesting articles will be notified via e-mail as to how to retrieve such documents electronically as a pdf file. George Fox is a member of OCLC, which provides access to thousands of libraries for interlibrary loan purposes.

Multicultural Services

The Office of Multicultural Services is a resource center charged with advancing George Fox University's commitment to preparing students for a diverse society and promoting equality and integrity on the campus, in the community, and in the world. Cultural difference is the Lord's creation, which all of us should be proud of and celebrate.

The office provides individuals with the opportunity to broaden their views and enrich their cultural experiences through participation in diversity programs and training workshops. The office encourages and facilitates activities that allow students to voice their opinions, serve the community, and advocate for making George Fox University a place that welcomes difference and individuality.

George Fox University fosters diversity through the belief that awareness and knowledge of diversity and the ability to operate in a pluralistic society are important hallmarks of a quality liberal arts education. The multicultural experiences on and off campus prepare students to serve the Lord across the globe. Education in the multicultural arena, by following teachings of the gospel, encourages the development of a distinctively Christian worldview in the context of habits of lifelong learning.

A multicultural presence helps all students better understand the challenges and rewards of living in a diverse climate. Day-to-day dialogue among students, faculty, and administrators, crucial to the teaching-learning process, is enhanced by diversity in a campus community where heterogeneity, whether cultural, racial, or economic, gives voice to a wider range of perspectives and worldviews.

Standards of Conduct

When enrolling at George Fox University, students agree to respect the expectations and appointed leadership of the institution. All expectations are designed to allow the fullest liberty consistent with efficient work, while at the same time promoting the welfare of the entire campus community.

The university admits students with the understanding they will comply with these expectations in every respect and conduct themselves as responsible citizens. All students are expected to uphold certain standards of behavior, which includes conforming to state and local laws.

Any student whose behavior is dishonest, destructive, unethical, or immoral, or whose conduct is detrimental to the total welfare of the community, shall be subject to disciplinary action that may warrant appropriate consequences, with the most severe possibly resulting in suspension or dismissal.

In accordance with Christian convictions honoring the body as the temple of the Holy Spirit, the university community accepts a lifestyle that forbids immoral sexual behavior and the use, possession, or distribution of illegal drugs. Obscene or pornographic materials or literature, including pornography via the Internet, also are unacceptable. Students are expected to maintain these lifestyle standards both on and off campus. Responsibilities and expectations for traditional undergraduate students can be found in the [Student Handbook](#).

Degree Completion Catalog

Mission

George Fox University's degree completion programs seek to fulfill the university's mission by providing students with accessible, high-quality educational programs that enhance professional skills and foster intellectual and spiritual growth.

The university chooses to fulfill this mission through the following schools offering degree completion programs:

School of Education

Adult Degree Program

Course Structure

Courses in degree completion programs are taught seminar style. Students contribute life and organizational experiences in a cooperative learning environment. Simulations, discussions, and team projects are used to enhance learning. Out-of-class assignments include reading, research, and writing on selected topics. Programs include four-hour weekly evening class sessions and several Friday night/Saturday sessions. Practicum hours can be chosen as elective course credits for some programs.

The School of Professional Studies offers its programs in the following locations:

- Portland, Oregon
- Salem, Oregon
- Boise, Idaho

The School of Education offers its program in Salem, Oregon.

Degree Completion Admissions

Admission Procedures and Policies for Degree Completion Students

Procedures

Applicants to these programs generally require a minimum of 62 semester hours of transferable college credit from accredited institutions or approved military education.

Applicants seeking admission to the degree-completion program must complete the following to be considered for admission to the program:

- Degree completion application form and application fee.
- Submit one official transcript from each college/university attended. An applicant may also be asked to furnish a high school transcript.
- Two references (forms provided in the application materials).

A student must be free from academic or behavioral probation or suspension at all colleges previously attended to be eligible for admission to George Fox University. Soon after the admission file is completed, the applicant is notified of the Admissions Committee's decision.

If applying for financial aid, a Free Application for Federal Student Aid (FAFSA) must be submitted online at www.fafsa.ed.gov as soon after Jan. 1 as possible. The GFU code for FAFSA is 003194. Forms may be obtained from your current college financial aid office or by writing to Student Financial Services at George Fox University. After students have been accepted for admission, they are considered for financial assistance. To permit maximum consideration for financial aid, it is recommended that the application process be completed by March 1.

Transfer Credit

Students who have completed work at other educational institutions may be entitled to transfer credit by presenting official transcripts. George Fox University applies the accepted credits toward the general education requirements, electives, and the student's chosen major. Certain criteria are involved in the evaluation:

1. Only course work with a C- or better grade will be accepted. (The GPA does not transfer. A student's GPA is computed on work at George Fox University only.)
2. A maximum of 64 semester hours may be transferred from community colleges.
3. The OTAA or WTAA degree will satisfy all general education requirements except Bible and religion provided students complete 90 quarter hours (60 semester hours) of transferable credit graded C- or better. The OTAA or WTAA degree may not necessarily meet school, department, or major requirements with regard to courses or GPA.

Transfer credit will be evaluated and assigned a George Fox University course number based on the closest match between the originating course and the George Fox University course descriptions.

Any evaluation of transfer credit is to be considered tentative until the student has completed 12 hours in good standing.

Residence Requirements

Each student must complete a minimum of 30 semester hours in residence for the bachelor's degree.

Twenty hours must be in the senior year. Additionally, transfer students must complete at least 60 hours at George Fox University to be eligible for honors at graduation.

Degree Completion Academic Programs

In addition to coursework in a major, degree programs at George Fox University include general education coursework as well as the opportunity to gain credit through prior learning and other alternative credit means.

Please use the following links to access information about these academic programs for degree completion students:

Mathematics/Foreign Language/Computers (3)

Mathematics at or above the level of **College Algebra** are accepted. **No credit of any kind** is accepted for intermediate algebra.

Social Science (6)

Choose 6 credits from the following areas: psychology, sociology, economics, political science, anthropology.

Credit for Prior Learning

College-level learning occurs in many environments in addition to the traditional college classroom. Students in the professional studies degree programs may earn college credit for learning outside of the classroom. A maximum of 30 semester hours may be earned through prior learning credit.

Successful completion of MGOL 260 Personal and Professional Assessment (three credits) qualifies students to earn up to 30 hours of credit for training and life-learning at no additional charge. The course teaches the Kolb model for constructing essays which demonstrate college-level learning garnered from life experiences. Essays, as well as materials collected from personal and professional training, are carefully evaluated by qualified faculty to determine credit awards.

Professional Studies students who don't take the class may still submit personal and professional training for credit, and are charged \$50 per hour for any professional training or life-learning credit awarded.

Detailed policies and procedures for Prior Learning credit are described in the Prior Learning Credit Guide available from the department.

Alternative Credit

Students may reduce the number of necessary courses and add flexibility to their programs through one or more of the following options.

College Level Examination Program

The Educational Testing Service of the College Board provides nationally recognized standardized testing through which college credit may be earned or course proficiency verified. This is the College Level Examination Program (CLEP). Testing through the CLEP General Examinations is designed to verify competency in general education. Tests may be taken in five areas for a maximum of 32 semester hours of credit. Testing through the CLEP Subject Examinations provides verification of competency in selected academic fields such as foreign language, mathematics. These may be taken at any time (unless concurrently or previously enrolled in an equivalent course) and assume competency has been gained in nonclassroom settings. See the registrar for details and test applications. The tests are administered by the registrar, as authorized by the College Entrance Examination Board, which sponsors the examinations.

Prior Learning Assessment

Credit may be earned by submission of qualified non-collegiate training. Credit may also be earned via learning demonstrated through carefully constructed Life Learning Essays. Please see the Prior Learning Assessment section of this catalog.

Degree Completion Major Requirements

Degrees

George Fox University confers these undergraduate degrees within the School of Professional Studies: bachelor of arts and bachelor of science. The university also confers the bachelor of science degree within the School of Education.

A major is successfully completed when all major courses are completed with no grade below a C- and with a major GPA of 2.0 or above. A minimum of 36 semester hours within the major must be completed in residency. All bachelor's degrees at George Fox University require the successful completion of a minimum of 126 semester hours.

Admission to a Major

For School of Professional Studies programs, with 78* approved semester hours, students apply to the major and once accepted, join a group (cohort) of no more than 20 students. Each cohort completes the remaining classes together, providing mutual support and motivation.

Students complete an application to the school under which they are pursuing a major. Application and materials must be received no later than **four weeks** prior to start of cohort classes. Application materials include:

- Application for General Admission along with accompanying documents (if not previously submitted).
- Two recommendations (one academic or personal, and one professional).
- A written essay that demonstrates competency needed for success in the program. (Students who have successfully completed optional course MGOL 285 Personal and Professional Assessment do not need to complete a writing sample.)
- A proposed plan to finish any remaining general education or elective credits.

- Management and Business Information Systems students will also demonstrate preliminary competency in Information Science by successfully passing an examination.

*Students entering with at least 31 approved semester hours first take additional classes and pursue Prior Learning strategies to fulfill general education and elective requirements. Advising from each department is available and encouraged.

School of Education Programs

The degree completion teacher education program at George Fox University is designed to prepare teachers for careers in public and private schools through a curriculum that builds on a broad foundation in Christian liberal arts education through specialization in elementary education with methods, clinical studies in teaching, and learning theory. Teacher education and licensure in Oregon operates under the approved program approach. Teaching licenses are issued to qualified applicants who have completed a teacher education program approved by the Oregon Teacher Standards and Practices Commission (TSPC), and who are able to satisfy other state requirements in effect at the time they complete graduation requirements and apply for a teaching license.

George Fox University is approved by the TSPC to offer initial licensure for early childhood and elementary education.

Admission to Teacher Education

Applicants seeking admission to the Elementary Education degree-completion program require a minimum of 31 semester hours of transferable college credit from accredited institutions or approved military education. *It is desirable for applicants to apply to the program with as much general education credit completed as possible.* Admission to the program is based upon attainment of a cumulative GPA of 2.75 or better on all college-level courses, including transfer credits. In addition, applicants must complete the following to be considered for admission to the program:

- Elementary Education Degree Completion application and application fee
- Submit one official transcript from each college/university attended.
- Three letters of reference (forms provided in the application material).
- Passing scores on the CBEST or Praxis I PPST
- Students must also complete all prerequisite (pre-cohort) coursework and be admitted to the program before entering the cohort. Applicants seeking to meet TSPC licensure or endorsement requirements upon completion of the program must also complete the Teachers Standards and Practices Character Questionnaire.

Other Degree Requirements

Continuation in teacher education is based on academic achievement and satisfactory evidence of characteristics needed for successful performance in the teaching profession. Students admitted to the programs are expected to maintain a cumulative GPA of 2.75 or better on all college-level classes, including transfer credits; attain grades of C- or better on all teaching major and professional education classes; and receive satisfactory evaluations of performance in field experiences. Admitted degree completion elementary education students are subject to the policies contained in the Teacher Education Guidelines that students receive upon admission to the program.

More information about programs and faculty of the School of Education can be found on the Adult Degree Program page.

Bachelors (BS) in Elementary Education

Elementary Education (BS)

The elementary education major offers a 57-semester-hour course of study that is designed for the preparation of elementary school teachers with authorizations at the early childhood (age 3 years to grade 4) and elementary (grades 3-8) levels. Students are required to obtain a minimum grade of C- in all courses taken for the major.

Elementary education admissions requirements, policies, and procedures are listed in the Degree Completion Teacher Education Major section. General education requirements for the elementary education degree-completion program can be found [here](#).

School of Professional Studies Programs

The School of Professional Studies at George Fox University offers five majors and three minors to adult students who are returning to college to complete their undergraduate degree.

The majors are unique alternatives to the traditional method of pursuing a college degree. Courses are designed to meet the needs and learning styles of working adults. Classes are conveniently located and meet one night each week, as well as online.

Students study with other adults who share similar interests and concerns. Together they form an academic learning community, drawing from their own personal, professional, and technical backgrounds as they follow an intense program of classes and individual study.

Students who successfully complete the courses of their major program and the accompanying degree requirements are granted either a bachelor of science degree in management and business information systems (MBIS) or project management (MPJM), or a bachelor of arts degree in social and behavioral studies (MSBS), management and organizational leadership (MGOL), or health administration (MGHA).

Through these programs the School of Professional Studies serves the needs of adult learners and helps them assess personal values, develop interpersonal skills, and enhance competencies in order to better contribute to the organizations and individuals they seek to serve.

Education (EDUC) Courses

EDUC 240 Perspectives in Education

2 hours. An overview of history and social issues in education and an exploration of teaching as a career. Introduction to the teacher education program at George Fox University. Includes 30 clock hours of field experience. Required for elementary teaching majors and music education majors.

Prerequisite: sophomore or junior status.

EDUC 250 Teaching as a Profession

2 hours. This is a one-semester introductory course on the teaching profession for those planning to enroll in an MAT program or considering teaching as a profession. Students will expand their understandings of the field of education and the role of teachers through class topics and experiences. They will also participate in a 30-hour classroom field experience. The George Fox University MAT program application process and requirements will be discussed. (This course is not part of the undergraduate elementary education major.)

Prerequisite: junior or senior status.

EDUC 275 Field Experience

1-2 hours. An elective field placement individually designed with approval of the instructor. Does not substitute for required field assignments; 40 hours fieldwork per credit is required.

EDUC 285 Selected Topics

1-3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

EDUC 313 Elementary Mathematics Methods

2 hours. Examine and openly challenge knowledge, beliefs, and assumptions about the learning and teaching process. Engage in activities designed to enhance conceptual knowledge of selected topics. Explore what it means to teach mathematics in a standards-based system (i.e., using standards to plan instruction, using scoring guides to assess student work, critically examining curricula).

Prerequisites: MATH 211 & 212 Foundations of Elementary Mathematics I & II (8 semester hours or equivalent).

EDUC 321 Early Childhood Education

3 hours. Early childhood distinctives regarding growth, development, and learning, with attention to implications for classroom management and organization, parent involvement, and program operation.

Corequisites: EDUC 342 Inclusion, EDUC 370 Curriculum and Instruction, EDUC 373 Fine Arts Methods, and EDUC 401 Language Arts and Children's Literature.

Prerequisite: admission to elementary education major.

EDUC 322 Early Childhood Methods

3 hours. This methods course focuses on the formulation and implementation of developmentally appropriate curriculum, instruction, materials, and assessment for young children, ages 3-8 years. Student facilitators create and implement lesson plans with young children in an integrated curriculum in the content areas of art, health, language arts, math, music, and social studies.

Prerequisite: EDUC 321 Early Childhood Education and admission to Teacher Education Program.

EDUC 334 Health and Physical Education Methods

3 hours. This course examines and offers opportunities to apply health and physical education methods.

Prerequisite: sophomore status and admission to Teacher Education Program.

EDUC 341 Learning Theory

2 hours. A survey of learning theories and possible applications in the elementary classroom are explored.

Corequisite or prerequisite: PSYC 310 Lifespan Human Development or PSYC 311 Child Development.

Prerequisite: admission to Teacher Education Program.

EDUC 342 Inclusion

2 hours. A survey of current knowledge about the diverse abilities of learners in the regular classroom, with an emphasis on methods for including students and assisting their learning processes. Attention given to needs of bicultural students with disabilities.

EDUC 351 Middle-Level Education

3 hours. Middle-level distinctives regarding growth, development, and learning, with attention to implications for classroom management and organization.

Prerequisite: permission required.

EDUC 352 Middle-Level Methods

3 hours. Developmentally appropriate methods and materials for facilitating instruction and integration of subject matter fields for middle-level students in both departmentalized and self-contained classroom organizational patterns. Issues of parent involvement and teacher collaboration.

Prerequisite: permission required.

EDUC 370 Curriculum and Instruction

3 hours. Generic methods of teaching, planning curriculum, and both formal and informal assessment of pupil learning as used in teaching. Needs of students from generational poverty are examined.

Prerequisite: admission to Teacher Education Program.

EDUC 373 Fine Arts Methods

2 hours. Using the basic principles and elements of music and art, students will explore making connections between subjects in the elementary curriculum.

Prerequisite: admission to Teacher Education Program.

EDUC 375 Student Teaching I and Classroom Management

2 hours. A laboratory experience consisting of general and specific tasks, managing and instructing pupils and assisting teaching in the classroom. Patterns of classroom management and organized community building will be discussed including responding to needs of the bicultural child. An additional one hour is required for students intending to add the middle-level authorization and is in addition to the two-hour requirement. Please see advisor.

EDUC 376 Student Teaching I for Middle-Level Authorization

1 hour. A laboratory experience consisting of general and specific tasks, managing and instructing pupils and assisting teaching in the classroom.

Prerequisites: EDUC 351 Middle-Level Education, EDUC 352 Middle-Level Methods, and EDUC 375 Student Teaching I and Classroom Management.

EDUC 380 Social Studies Methods

2 hours. Research-based methods for teaching social studies. Issues of cultural proficiency addressed.

EDUC 383 Science Methods

2 hours. Students will study, experience, and practice research-based science pedagogy appropriate to grades K-8 in a self-contained school setting. Activities include writing and research on science education, demonstration of science teaching practice, and supervised teaching experience. Students will develop, critique, and implement science curriculum.

EDUC 399 Cross-Cultural Study

3 hours. This course offers in-depth discipline specific cross-cultural study designed to enhance the intercultural emphasis of various academic majors. The course includes class meetings followed by travel to various locations throughout the world. Students will use core disciplinary knowledge to serve, learn and interact with other cultures. (Offered in May Term. Students must meet eligibility requirements.) Additional course fee is required.

EDUC 401 Language Arts and Children's Literature

4 hours. Survey of children's literature genre and uses. Methods and materials of language arts teaching in the areas of listening and speaking, and of spelling and handwriting instruction.

EDUC 402 Literacy Methods

4 hours. Methods and materials for language arts teaching in the areas of reading and writing, with an emphasis on the use of children's literature.

EDUC 430 History and Foundations of Literacy Learning

2 hours. Thoughtful classroom practice depends on sound theory. This course examines some current competing theories, looks at the implications of various literacy theories as they impact classroom decision making, and, through reading and discussion, helps develop a personal understanding of literacy processes. The linguistic framework of reading and its place in the language arts will also be explored.

EDUC 431 Analysis of Reading and Writing Assessments

2 hours. Classroom teachers become acquainted with a wide variety of methods for assessing student progress in reading and writing. Administration and scoring of these tests will be explored. Information about how testing results can facilitate teaching and learning is the goal.

EDUC 432 Advanced Strategies in Literacy Instruction: Assessment and Remediation

2 hours. This course focuses on current methods and materials for reading/literacy instruction. The strategies used by proficient readers will be explored and teaching methods will be modeled and implemented. Methods of assessment and strategies for remediation will also be explored.

EDUC 433 Advanced Studies in Children's and Adolescent Literature

2 hours. This course focuses on a critical examination of children's literature as literature, considers

curriculum development based on children's literature, and on a further development of a broad understanding of literacy learning issues.

EDUC 434 Issues and Application of Literacy Instruction

2 hours. This course focuses on the issues related to public and school-based concerns about literacy learning. The discussion of issues will lead to research-based applications that can be translated into the classroom practice at the elementary, middle, or high school level.

EDUC 436 Reading and Writing in the Content Areas

2 hours. This course focuses on the reading and writing needs of the student at the middle level and in the high school. The teaching of critical reading and writing strategies will be included as well as assessment tools. This course is required for those pursuing the middle level and high school authorizations of the Reading Endorsement, but is appropriate for teachers of all levels.

EDUC 437 Emergent Literacy

2 hours. This course explores theoretical principles and practices based on current research. Emphasis is on strategies for coming to print, print conventions, and reading aloud. Shared, guided, and independent reading and writing is also explored. These strategies are based on theoretical assumption from the psychology of language and cognition development and linguistics.

EDUC 438 Organization of Reading Programs

Observations in a variety of school settings will be organized.

EDUC 439 Early Childhood and Elementary Reading Practicum

2 hours. The reading practicum will provide a context in which to apply methods, assessment techniques, and teaching strategies in a school setting. It will also provide opportunity for an observation of a reading program in application. The practicum setting must include assessment, teaching, and evaluation of students at both authorization levels. Pass/No Pass.

Prerequisites: EDUC 430 *History and Foundations of Literacy Learning*, EDUC 431 *Analysis of Reading and Writing Assessments*, EDUC 432 *Advanced Strategies in Literacy Instruction*, EDUC 438 *Organization of Reading Programs*, or by permission.

EDUC 470 Applied English Linguistics: Oral and Literary

3 hours. Examines the fundamental elements, processes, and patterns of oral and written language for the teacher of English to speakers of other languages. Topics include phonetics, phonology, sociolinguistics, pragmatics, morphology, orthography and writing conventions, syntax, semantics, and discourse analysis. English is the primary focus of the course, with reference to other languages commonly spoken by students in Oregon classrooms.

EDUC 471 Second Language Acquisition and Development

2 hours. Examines various factors, concepts, and theories about first and second language acquisition

processes and their interrelationships. The course also focuses on the application of this knowledge in ESOL classes for maximizing ESOL students' language development and academic achievement.

Prerequisite or concurrent enrollment: EDUC 470 Applied English Linguistics: Oral and Literary.

EDUC 472 Intercultural Communication in the ESOL/Bilingual Context

2 hours. Examines the diverse and dynamic role of culture in the ESOL student's language development and academic achievement. The course also emphasizes the application of this knowledge for instruction and the involvement of community and its resources for maximizing ESOL students' academic achievement.

EDUC 473 Planning and Managing the ESOL/Bilingual Curriculum

3 hours. Examines strategies for planning, managing, and teaching English as a second language and discipline-focused content to ESOL students. Emphasis is placed on curriculum, teaching, and learning approaches that accommodate a diverse population within the classroom. This course also focuses on strategies for collaborating with educators and community members in order to provide comprehensive, challenging educational opportunities for ESOL students.

EDUC 474 Assessing ESOL/Bilingual Student Learning and Language Proficiency

3 hours. Examines principles, issues, and approaches useful for assessing the English competencies of ESOL students. Emphases are placed on developing appropriate assessment tools for the ESOL classroom and on properly interpreting tests that are used for program placement.

EDUC 475 Student Teaching II

12 hours. A full-time laboratory experience in which principles and methods of teaching are applied under supervision of a classroom teacher and college supervisor. Pass/No Pass.

EDUC 478 ESOL/Bilingual Practicum - Early Childhood/Elementary

2 hours. A supervised practicum in an approved early childhood and elementary school demonstrating knowledge and strategies developed in the ESOL/bilingual courses. Candidates set goals for professional growth in the English-language teaching field. Course is offered on a Pass/No Pass basis only. *Prerequisites: successful completion of all required ESOL/bilingual courses (or their equivalent) and approval of the faculty advisor.*

EDUC 485 Selected Topics

1-3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

EDUC 490 Senior Seminar

3 hours. Seminar discussion of current trends and issues in education, as well as job transition and related issues.

EDUC 495 Special Study

1-3 hours. Directed independent study open to upper-division students only. May not be used to substitute for required courses.

Prerequisite: instructor's permission.

Elementary Education (ELED) Courses

ELED 313 Elementary Mathematics Methods

2 hours. Examine and openly challenge knowledge, beliefs, and assumptions about the learning and teaching process. Engage in activities designed to enhance conceptual knowledge of selected topics. Explore what it means to teach mathematics in a standards-based system (i.e., using standards to plan instruction, using scoring guides to assess student work, critically examining curricula).

Prerequisites: MATH 211 & 212 Foundations of Elementary Mathematics I & II (8 semester hours or equivalent).

ELED 334 Health and Physical Education Methods

3 hours. This course examines and offers opportunities to apply health and physical education methods.

ELED 341 Learning Theory

2 hours. A survey of learning theories and possible applications in the elementary classroom are explored. Corequisite or prerequisite: PSYC 310 Lifespan Human Development or PSYC 311 Child Development.

ELED 342 Inclusion

2 hours. A survey of current knowledge about the diverse abilities of learners in the regular classroom, with an emphasis on methods for including students and assisting their learning processes. Attention given to needs of bicultural students with disabilities.

ELED 475 Student Teaching II

6-9 hours. A full-time laboratory experience in which principles and methods of teaching are applied under supervision of a classroom teacher and college supervisor. *Pass/No Pass.*

ELED 490 Professional Seminar

1 hour. Seminar discussion on current trends and issues in education to enhance the classroom teaching experience and address job transition issues.

Management and Business Information Systems (MBIS) Courses

MBIS 210 Introduction to Information Technology

3 hours. An introduction to information technology concepts. Students are exposed to a broad overview of hardware concepts, operating systems, networks, features of the Internet, and software applications. This class will help professionals in all areas to use computers and to understand information technology concepts. However, it is an introductory course, so no previous coursework in computers is required.

MBIS 420 Management of Information Systems

3 hours. This course is an introduction to information systems and how they are leveraged to achieve strategic initiatives. The students will explore how information is leveraged in an organization. You will discover how various information systems enables improvement in supply chain management, customer relationship management, and resource planning while gaining a competitive advantage.

MBIS 423 Implementing IT Projects

3 hours. Information Technology (IT) projects often involve the implementation of a vendor software product, a system enhancement, or an in-house enterprise software project. The purpose of this course is to provide a standard process for implementing IT projects and to define roles and responsibilities for the project team. The implementation process covered in this course includes the following phases: design, testing, integrating, training, go-live and close out.

MBIS 426 Emerging Information Technologies

1 hour. This course is a study of current technologies impacting an organization's ability to create and maintain a competitive advantage through the use of information systems technology. Topics include software technologies that support the development of interactive internet applications.

MBIS 429 Database Planning and Management

3 hours. This course focuses on the role of data integration in building enterprise-wide information systems. We cover various methodologies for conceptual data modeling and implementation using relational database management systems. The goal is to prepare students with the necessary know-how relating to data modeling, database design, functions, and data administration tools in order to successfully manage system implementation and data warehousing efforts.

MBIS 434 Network Design and Management

3 hours. This course offers a study of computer networking technology, including an introduction to networking, networking standards (the OSI model), networking media, and network topologies. The course also provides an introduction to network operating systems and a study of the Microsoft Windows Advanced Server 2007 operating system. Hands-on activities supplement the classroom learning objectives. Special team projects and homework assignments are designed to give students an opportunity to demonstrate and reinforce their learned skills.

Health Administration (MGHA) Courses

MGHA 427 Introduction to Health Services

3 hours. Introduces the historical development and contemporary structure of health services. Examines a wide range of delivery settings and providers, the role of government and regulatory bodies, sources of health care funding, and related current issues.

MGHA 430 Legal and Ethical Aspects of Health Services

3 hours. Studies the legal and ethical issues involved in the management and delivery of health care services, and the interrelations between hospital, physician, and patient.

MGHA 432 Integrated Health Care Delivery Systems

3 hours. Examines the evolution and structure of integrated health care delivery systems from the perspectives of quality, access, and costs. Explores issues related to urban versus rural settings, managed care, reimbursement, regulatory requirements, and institutional accreditation.

MGHA 433 Health Administration Leadership Seminar

1 hour. This course will examine contemporary leadership theory as well as observations and analysis of health care situations where leadership is being applied and demonstrated.

MGOL 442 Dynamics of Leadership

3 hours. This course explores leadership theories, models, and styles through an examination of current leadership literature and discussions of effective leadership practice.

MGOL 450 Strategic Management

3 hours. This course will focus on the strategic planning process which includes development, implementation, and evaluation of strategic plans in organizations. Students will be exposed to a variety of plans as well as value dilemmas encountered in the planning process. Emphasis will be placed on the need to include ethical values and diversity in the planning process through course assignments and case study applications.

Project Management (MPJM) Courses

Project Management

MPJM 410 Business Fundamentals for Project Managers

3 hours. This course puts the work of project management into context by providing practical information useful to project managers from all disciplines. The project management methodologies used in the program are consistent with the framework published by the internationally recognized Project Management Institute (PMI).

MPJM 414 Project Definition and Planning

3 hours. This course focuses on designing, planning and scheduling in project management. This course provides students with an opportunity to apply the knowledge gained by working with a team to manage a simulated project.

MPJM 420 Methodologies Evaluation

1 hour. This course utilizes an interactive research and evaluation approach to give students a broad perspective of project management methodologies and their comparative benefits and disadvantages, while further honing skills required by all project managers. By completing this course, students will be better equipped to position project management in their organizations.

MPJM 433 Project Implementation and Evaluation

3 hours. This course focuses on the implementation and closeout phases of a project. The course provides students with an opportunity to apply the knowledge gained by working with a team to manage simulated projects.

MPJM 445 Project Management: Synthesis

3 hours. Students will evaluate how project management can enhance an organization's ability to implement organizational strategy through successful, consistent, and predictable practices. In addition, the class will pursue a detailed synthesis of lessons learned in the previous classes so that students will be well-grounded in project management principles and the associated leadership skills and practices.

Social and Behavioral Studies (MSBS) Courses

Social and Behavioral Studies

MSBS 407 Christian Faith and Thought

3 hours. The class focuses on how faith influences one's worldview, the influence of Christianity upon society, and how the Christian faith relates to helping people.

MSBS 475 Practicum

1-3 hours. (Optional - by arrangement with the School of Professional Studies)

Active internship in the social services field in which the student is employed or seeks employment.

Technology Integration Management (TMGT) Courses

TMGT 410 Management of Information Systems

3 hours. This course provides an overview of information systems with a focus on the current information technologies and the role of information systems in achieving the operational and strategic goals of several non-profit and profit-based organizations. The course will focus on assessing internal and external customer needs and provide them with cost-efficient and effective solutions. Students will explore how to integrate, maintain and manage information technology in modern organizations.

TMGT 420 Emerging Information Technologies

1 hour. This course is designed to encourage learners to develop the forethought required to examine new technology and weigh their potential to add value to a corporation. The learner will gain the ability to recognize an emerging technology, propose it to a business leader, and defend the position with a critical examination of its potential to support a business initiative while mitigating the risk inherent in innovation.

TMGT 430 Database Planning and Management

3 hours. This course focuses on the role of data integration in implementing enterprise-wide information systems. The learner will explore various standards for conceptual data modeling and planning when preparing to deploy an enterprise-wide information system. The goal is to prepare students with the necessary knowledge relating to stakeholder requirements, database design, functions, and business objectives in order to successfully manage system implementation.

TMGT 440 Enterprise Architecture Design and Management

3 hours. This course focuses on developing a blueprint for systematically and completely defining an organization current (baseline) or desired (target) environment. The goal of Enterprise architecture design is to examine the organization's mission, business functions, information flows, and systems environments while exploring and preparing integration plans utilizing appropriate information systems to achieve the target environment. Learners will develop a roadmap to achieve an organization's mission through optimal performance of its core business processes within an efficient information technology environment.

TMGT 450 Managing Technology Projects

3 hours. This course explores the project management concepts, techniques and challenges that technology managers oftentimes experience when executing projects that achieve strategic business objectives. Learners gain an appreciation of business and technology fusion, strategy, through project planning while examining the roles and responsibilities of the project manager in an organization. Specific attention will be focused on project planning and facilitating the achievement of organizational strategic objectives to gain competitive advantage.

The following offices may be contacted for information regarding compliance with legislation:Â

- Director of the Academic Resource Center: Rehabilitation Act of 1973
- Director of Athletics: Title IX (nondiscrimination on the basis of gender)
- Director of International Student Services: Immigration and Naturalization Act
- Executive Director of Student Financial Services: Title IV (Higher Education Act of 1965 as amended), student consumer information, the Pell Program, Supplementary Educational Opportunity Grants, the Perkins Loan/Direct Loan Program, the Stafford Loan Program, the Parents Loan for Undergraduate Students Program, the Supplemental Loans for Students Program, and veterans' benefits.
- Executive Vice President of Finance and Operations /Chief Financial Officer: wage and hour regulations, The Civil Rights Act of 1964 (race, color, or national origin), and age discrimination
- Registrar: Family Educational Rights and Privacy Act

Disabled Students

The Office of Student Life coordinates services for disabled students. This office also promotes campus awareness of issues and needs of disabled students. Supportive services may be provided, depending on the nature of the disability and availability of resources. Documentation of an existing disability generally will be required.

Specific courses on career exploration, study skills, and writing development are available. Special adaptive physical education classes for students with disabilities are offered through the Department of Health and Human Performance.

Interested students should contact [Disability Services](#) and provide documentation of disability and information concerning desired accommodations. Students are encouraged to contact Disability Services as early as possible to make arrangements for necessary support services.

Drug-Free Environment

George Fox University is concerned about the intellectual, physical, psychological, and spiritual well-being of all its students and employees. The community recognizes the danger to one's physical and psychological well-being presented by the use of certain products. Therefore, members of the community are prohibited from using illicit or nonprescribed drugs and substances (including marijuana or narcotics). Under no circumstances are the above to be used, possessed, or distributed on or away from campus. Community members are also expected not to abuse the use of legal substances. For information concerning disciplinary actions, please refer to the student and employee handbooks. Students and employees are provided annually a resource guide concerning drug and alcohol issues.

Anti-Harassment Policy

George Fox University students work in an environment where the dignity of each individual is respected. Demeaning gestures, threats of violence, or physical attacks directed toward another person are not tolerated. This includes hazing or other initiations or any actions that may be hazardous, dehumanizing, harassing, or humiliating to community members. Also included is the use of telephones, United States or campus mail, or e-mail for the purpose of issuing obscene, harassing, or threatening messages. Also, vandalism of property is unacceptable.

Harassment due to race, color, sex, marital status, religion, creed, age, national origin, citizenship status, workers' compensation status, physical or mental disability, veteran's status, or any other status protected under applicable local, state, or federal law is prohibited.

A person may commit criminal harassment if he or she intentionally harasses or annoys another person by:

- Subjecting another person to offensive physical contact
- Publicly insulting another person with abusive words or gestures in a manner intended and likely to provoke a violent response

Sexual Harassment

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature may constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status;
2. Submission to or rejection of such conduct by an individual influences employment or academic status decisions affecting such individual; or
3. Such conduct has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile, or offensive work, academic, or student life environment.

The conduct prohibited may be verbal, visual, or physical in nature. It includes unwelcome sexual advances, requests for sexual favors, physical touching, or the granting or withholding of benefits (e.g., pay, promotion, time off, and grades) in response to sexual contact. More subtle forms of inappropriate behavior such as offensive posters, cartoons, caricatures, comments, and jokes of a sexual nature are prohibited, as they may constitute sexual harassment when they contribute to a hostile or offensive work, academic, or student life environment.

Complaint Procedure for Harassment

If any employee or student believes he or she has witnessed discrimination or harassment, has been discriminated against, or has been subjected to sexual or other forms of harassment, the person should immediately report it as follows:

1. If the alleged incident involves two students (outside the context of student employment), the vice president for student life or the dean of students should be contacted.
2. If the alleged incident involves a student and a faculty member, the academic dean, the provost, or the vice president for student life should be contacted.
3. If the alleged incident involves one or more support staff, administrators, faculty members, or student employees, then a supervisor, the director of human resources, the provost, or any vice president should be contacted.

Complaints are to be investigated promptly and appropriate corrective action taken. No one will suffer retaliation for reporting concerns about discrimination or harassment.

Retaliation is prohibited for good-faith reporting of concerns about discrimination or harassment. Employees who are asked to testify during an investigation are expected to cooperate fully. Retaliation against them for doing so is not tolerated. Any employee found to have engaged in discrimination, harassment, or retaliation is subject to immediate disciplinary action as deemed appropriate by the university, up to and including termination.

Family Educational Rights and Privacy Act

George Fox University accords all the rights under the Family Educational Rights and Privacy Act (FERPA) to students who are enrolled. No one shall have access to, nor does the institution disclose any information from, students' education records without the written consent of students except to personnel within the institution with direct educational interest, to persons or organizations providing students' financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Students are afforded the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position; a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the university may disclose educational records without consent to officials of another school in which a student seeks or intends to enroll.

At its discretion, George Fox University may provide "directory information" in accordance with the provisions of the Act. Directory information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. The university construes the following information to be "directory information": parents' names and addresses; the student's name, permanent address, local address, temporary address, e-mail address, telephone number, date and place of birth, participation in officially recognized activities and sports, major, dates of attendance, full-time and part-time status, degrees and awards received, class year, the most recent previous school attended, and for members of athletics teams, height, weight, and position played. The university also considers photographs to be directory information. As such, release of photographs also is permitted.

Students may restrict the release of their directory information to third parties by annually submitting a signed and dated statement to the registrar's office within the first two weeks of the semester. Otherwise, all photographs and information listed above are considered as "directory information" according to federal law. Nondirectory information, notably grade records, is released to third parties only on written request of the student, or otherwise required by law (e.g., subpoena).

The law provides students the right to inspect and review information contained in their education records,

to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the hearing panel's decisions are unacceptable. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The registrar's office at George Fox University has been designated by the institution to coordinate the inspection and review of procedures for student education records, which include admission, personal, and academic files, and academic, cooperative education, disciplinary records, and placement records. Students wishing to review their education records must give a written request to the registrar listing the item or items of interest. Only records covered in the Act are made available within 45 days of the request. Education records do not include student health records, employment records, alumni records, or records of instructional, administrative, and educational personnel that are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute. Health records, however, may be reviewed by physicians of the student's choosing.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admission, employment, or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution permits access only to that part of the record that pertains to the inquiring student.

Complaints of Alleged Violations

Complaints of alleged violations may be addressed to:

Family Policy Compliance Office
US Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Complaints must:

- Be timely submitted, not later than 180 days from the date you learned of the circumstances of the alleged violation
- Contain specific allegations of fact giving reasonable cause to believe that a violation has occurred, including:
- (Adapted from: *A Guide to Postsecondary Institutions for Implementation of the Family Educational Rights and Privacy Act of 1974*, American Association of Collegiate Registrars and Admissions Officers, 1990.)
- Relevant dates, such as the date of a request or a disclosure and the date the student learned of the alleged violation
- Names and titles of those school officials and other third parties involved
- A specific description of the education record around which the alleged violation occurred
- A description of any contact with school officials regarding the matter, including dates and estimated times of telephone calls and/or copies of any correspondence exchanged between the student and the school regarding the matter
- The name and address of the school, school district, and superintendent of the district
- Any additional evidence that would be helpful in the consideration of the complaint

Financial Information

George Fox University maintains high educational standards at the lowest possible cost. A portion of the cost is underwritten by gifts from alumni, friends, churches, businesses, and institutions. An extensive financial aid program assists students in meeting university costs.

The board of trustees reserves the right to adjust charges at any time, after giving due notice. No changes will be made during a semester, nor, unless special circumstances make such action necessary, will changes be made during a given academic year.

Student Financial Services

The Student Financial Services office awards scholarships, grants, loans, and other forms of financial assistance, and it bills students for tuition, fees, room and board, and other expenses related to attending college. Information about tuition and fees (including archived information from previous years), financial aid, billing, satisfactory academic progress for financial aid eligibility, and other policies and procedures are available on the office web site at: sfs.georgefox.edu

Veterans Affairs Assistance

The university is listed with the U.S. government as a recognized graduate school for the training of veterans. All prospective students eligible for VA assistance should review information provided by the Registrar's Office about VA-approved programs and follow procedures required by the Veterans Affairs for transfer of training to George Fox University. To be recommended for VA assistance, the student must continue as a bona fide registrant throughout the semester. Those receiving VA assistance must meet the minimum academic standards of the university for enrollment and progress toward degree completion and to enroll must have an approved VA benefits voucher authorizing payment. The Montgomery GI Bill is considered a resource against all aid sources except for the subsidized Stafford loan.
