MISSION AND OBJECTIVES

The mission of the University from its beginning has been to demonstrate the meaning of Jesus Christ by offering a caring educational community in which each individual may achieve the highest intellectual and personal growth, and by participating responsibly in our world’s concerns. The foregoing “mission statement” of George Fox University is detailed in the following institutional objectives:

1. Teach all truth as God’s truth, integrating all fields of learning around the person and work of Jesus Christ, bringing the divine revelations through sense, reason and intuition to the confirming test of Scripture.

2. Support academic programs that liberate the student for a life of purpose and fulfillment through an awareness of the resources of knowledge and culture available, maximize career-oriented education through counseling, curriculum, field experience and placement.

3. Maintain a program of varied activities that directs the student to a commitment to Christ as Lord and Savior, encourages attitudes of reverence and devotion toward God, leads to recognition that the revealed commandments of God are the supreme criteria of the good life, enables the student to mirror the example of Christ in human relationships, and develops a greater desire to serve humanity in a spirit of Christian love.

4. Provide a center for Quaker leadership where faculty and students learn the history and Christian doctrines of the Friends movement and make contemporary applications of these insights.

5. Give leadership to evangelical Christianity generally, through scholarly publication, lecturing, and by evangelistic and prophetic proclamation and service.

6. Promote cocurricular activities that will emphasize the development of leadership, initiative and teamwork by giving opportunity to make practical use of the skills and ideas acquired through academic courses.

7. Make itself a community in which studies and activities are made relevant to life, develop insight into social and political issues confronting humanity, and learn to participate democratically in decision making and policy implementing as responsible citizens.

8. Serve as a cultural center for all publics of the University and sponsor programs that are informative and culturally stimulating to the larger university community.

9. Provide distinctive learning opportunities through continuing education programs and through curriculum enhancements such as off-campus centers, study abroad, honors programs, and other special programs and events.

10. Cultivate awareness, respect, understanding and appreciation of cultural diversity throughout the University community to provide members of diverse races and cultures an affirming environment that encourages cross-cultural sharing in the context of Christian lifestyle expectations.

STUDENT OUTCOMES

In any enterprise involving students of varied preparedness, motivation and discipline, there will be differences in outcomes. Education is realistic and idealistic. It reaches beyond the average, the assured, and the guaranteed. University objectives, indeed the entire Catalog, may be seen as sincere intention to provide an educational program of high quality. Accountability to students is fulfilled by providing qualified teachers, a community with Christian values, and the historical continuity of a Quaker university. The opportunity for personal growth and development is here, yet student initiative and responsibility are vital. The Catalog is not an unconditional contract.

George Fox University’s “place” is Oregon, the lower Willamette Valley, Newberg, and a 75-acre tree-shaded campus on a wooded ravine in a residential neighborhood. This place offers a variety to meet most interests: a friendly community close (23 miles) to a major metropolitan environment of 1.7 million people, located in the beauty of the Pacific Northwest, with nearby mountain ranges for skiing, and easy access to rugged coastal beaches just an hour away.

Along with the Newberg campus is the University’s Portland Center, which houses classrooms and offices for Western Evangelical Seminary, and where M.B.A. and undergraduate degree-completion courses are taught. Seminary courses are offered in Salem for students enrolled in the Counseling and Marriage and Family Therapy programs. George Fox also has a presence in Boise, Idaho, where the University’s Boise Center makes the University’s degree-completion program available to adult learners in Idaho and eastern Oregon.

Oregon — 96,981 square miles of variety — stretches from the Pacific Coast, over the Coast Range, through the fertile Willamette Valley, past the snow-capped Cascades, and into the high desert country of central and eastern Oregon. More than half of the student body call Oregon home. Others come to school in Oregon and decide to make it their new home — despite the fabled rain. Yes, there is rain, and sometimes it falls hard in the valley between the mountain ranges where George Fox University is located. But it is the rain that makes Oregon green and gives it natural beauty. Umbrellas and raincoats do come in handy during the winter months, but when the sun comes out, Oregon is spectacular and it’s worth the wait. Just ask the visitors who make tourism the state’s third-largest industry, following high-tech business and agriculture.

Just a half-hour drive from the campus, metropolitan Portland is George Fox’s big-city neighbor. Oregon’s largest city, Portland offers students, faculty and staff its Old Town district, a downtown transit mall, the Tom McCall Waterfront Park, numerous art galleries and museums, a number of theater groups and jazz clubs, and a world-class symphony, ballet and opera. Other attractions include the Metro Washington Park Zoo, the Japanese Garden, the International Rose Test Gardens, and OMSI (the Oregon Museum of Science and Industry). Every June the city holds its Rose Festival, with three parades, a world-class symphony, ballet and opera. For those who love the outdoors, Portland has 9,400 acres of parks, including Mill Ends Park, the smallest in the world, and Forest Park, the largest urban wilderness. And George Fox students can join in the enthusiasm of cheering for the Portland Trail Blazers NBA team, the Portland Winter Hawks WHL ice hockey squad, and the Portland Rockies minor league baseball team.

Despite the numerous Portland advantages, many students prefer the small-town flavor of Newberg. Located on the Willamette River, Newberg has a population of 16,700, with many residents living in Newberg by choice and commuting to Portland for their jobs. Downtown Newberg consists of a variety of stores, shops and services. Friendly merchants who appreciate the University’s students are just a few blocks south of the campus, with most businesses within walking distance. It’s a personable town, rich in tradition — former President Herbert Hoover once lived here.

The Newberg-Portland area has a mean daily high temperature in July of 83°F and a mean daily low in January of 32°F. Precipitation averages 37 inches a year, most of which is rain. While Newberg does get snow, it is seldom more than a few inches a year and rarely lasts more than a couple of days.

**OUR HERITAGE**

More than a century ago, early Oregon Quaker pioneers helped settle the rich and fruitful Chehalem Valley of Oregon. One of their first priorities, along with the founding of their church, was the education of their children. In 1885 the Christian instruction of their offspring was assured with the establishment of Friends Pacific Academy. At the same time, founding pioneers were looking ahead with a dream of a college to provide further and more advanced education. That time came September 9, 1891, with the opening of the doors of Pacific College. Fifteen students were counted on opening day.

In the century since its founding, there have been major changes, of course, including the name of the University itself, changed in 1949 because of the many “Pacific” colleges and retitled in honor of the founder of the Friends Church. The name changed again in July 1996 when George Fox College became George Fox University, incorporating Western Evangelical Seminary with more than 300 students on a campus in Portland, Oregon.

Western Evangelical Seminary was established in September 1947 through the cooperation of the first sponsoring denominations, the Evangelical Church and the Oregon Yearly Meeting of Friends. Others soon lent their support as well,
including the Free Methodist Church and the Wesleyan Church. The seminary was called by its founding name, the Western School of Evangelical Religion, until 1951.

From only a handful of courses in the 1890s, the University now offers 38 undergraduate majors and more than 600 courses in 15 departments, along with graduate programs in psychology, education, business, religion and counseling. In all, approximately 10,700 students over the years have called this institution their alma mater. George Fox University has grown rapidly in the last two decades — both in reputation and facilities. Nine times in the last nine years, U.S. News & World Report has ranked George Fox in the top three (second in 1997) in academic reputation among Western regional liberal arts colleges in the 15 states from Texas to Hawaii. In 1996, George Fox was one of five schools named as “Most Efficient” in the category. In a new category for the magazine — top teaching schools — George Fox in 1995 was ranked second in the West. National recognition also has come from the John Templeton Foundation, which has named George Fox five times to its Honor Roll for Character Building Colleges, the only Oregon college selected. The foundation also has selected the University to its Honor Roll for Free Enterprise Teaching.

Following a campus master plan, George Fox has expanded to 75 acres in recent years, with 12 new buildings constructed at a total investment of more than $20 million. A $16 million Centennial Campaign funded a new science building and restoration of Wood-Mar Auditorium, opened in 1995. Students come to George Fox from across the nation to participate in the experience of sharing faith and learning with dedicated faculty and administrators. They live, study, work and play in buildings that range from those with historic significance to some of the most modern anywhere. The University is committed to a residential campus atmosphere for undergraduate students — where learning continues outside the classroom, as well as inside, through a variety of experiences including music, athletics, clubs and organizations, special events, and spiritual emphasis.

The Christian atmosphere is a campus priority. With other Christians, the University holds to the historic truths and teachings of Christianity. From its founding, the University has been guided by the Northwest Yearly Meeting of Friends Church, which historically has emphasized the necessity of a genuinely experiential Christian faith, personal integrity and purity, the spiritual nature of the ordinances, the importance of peacemaking and responsible social action, the involvement of women in ministry and leadership, the valuing of simplicity, and the right and duty of each person to hear and follow God’s call.

George Fox University has more Friends students on campus than any other college in the United States: They represent approximately nine percent of the student body. Altogether, more than 47 denominations are represented on campus. Denominations with a significant enrollment include the Evangelical Church of North America, Free Methodist, Nazarene, Presbyterian, Disciples of Christ, Mennonite, United Methodist, Assemblies of God, Christian & Missionary Alliance, Catholic, Lutheran, American Baptist, Conservative Baptist, Church of God, and Foursquare.

General medical and counseling health services are located in the Health Center. Diagnosis and treatment for minor illnesses and injuries, immunizations, allergy injections, referrals to local physicians, and health education are available. A medical director is available by appointment, and a registered nurse is available throughout the school day for outpatient care during the months of September through mid-May.

The counseling staff consists of a licensed psychologist and several master’s-level counseling or psychology practicum students. Individual counseling with a focus on using short-term techniques is provided for students who wish to discuss a wide variety of personal concerns. Sessions are normally planned weekly and usually last about one hour. Group therapy, marriage and premarital counseling, outreach seminars, crisis intervention, testing, and referral also are available. Counseling sessions are by appointment only.
Counseling and health care professional services are provided at no cost to students who have paid the student health fee. All other students are charged $10 per visit for services rendered. Nominal fees are charged for psychological assessment and laboratory fees. Health insurance is required of all full-time students. Students must verify adequate insurance coverage elsewhere or be enrolled in the Student Medical Insurance Group Plan at the time of registration. Each student must have a completed Health History and Immunization Record on file in the Health Center. The state of Oregon requires every student born after December 1956 to have proof of a second measles immunization. All records in the Health Center are confidential (for students 18 and over).

FACILITIES

Murdock Learning Resource Center/Portland Center Library

George Fox University maintains libraries at both the Newberg and Portland campus. The Murdock Learning Resource Center is a three-story, 35,000-square-foot building serving the Newberg campus from a central location. The library presently houses more than 120,000 volumes and receives more than 800 periodical titles. The library has several special collections, including the Quaker Collection of basic Quaker books, pamphlets and periodicals. The archives of Northwest Yearly Meeting of Friends Church and of George Fox University, dating from the 1880s, are preserved in a special room. The Hoover Collection contains materials written about President Herbert Hoover and his administration. The Peace Collection contains books and periodicals pertaining to conflict resolution and international peacekeeping.

Instructional media services are housed in the north end of the MLRC’s lower level. Projectors, audio and videotape recorders, and playback equipment are available for classroom, student and faculty use. In the Computer-Assisted Instruction Lab, students may fulfill course requirements and may have access to word processing and other computer functions. The Instructional Media Center provides a darkroom and equipment for dry mounting, laminating, thermal and photocopy overhead transparency production, and slide and tape duplication. A satellite dish on the building’s roof enables the center to receive programming from 19 satellites.

The Portland Center library houses 70,000 volumes and receives approximately 350 periodicals. The collection is especially strong in religion and theology. Also located in the Portland Center library are the archives of Western Evangelical Seminary.

The University’s online library catalog provides access to the holdings of both the Murdock Learning Resource Center and the Portland Center library. The catalog also gateways to numerous other academic libraries and is available via the Internet. Internet access to other resources is available from both libraries. The library system is a member of OCLC, with direct access to a database of more than 37 million bibliographic records that represent the holdings of thousands of member libraries in the region and the nation. Interlibrary loan services are available at both sites. Computers at both library locations provide access to numerous indices and abstracts on CD-ROM and over the Internet. George Fox is a member of the Portland Area Library System (PORTALS), through which access is provided to member libraries and numerous databases. The University is also a member of Orbis, a consortium of academic libraries with a union catalog located at the University of Oregon. Through consortia agreements, George Fox students may use the Portland State University library, as well as numerous other private and state university libraries in Oregon and Washington.

Video Communication Center

The campus Video Center provides facilities, studio and EFP video equipment for the communication/media broadcast major. The studio contains a mix of analog and digital equipment for tape-based and non-linear editing. This facility also is used in the authoring and production of interactive multimedia. Advanced students often assist in professional productions for commercial clients.

The Video Center prepares educational video products in a variety of subjects of value for schools, business/industry, and churches.

ON-CAMPUS PROGRAMS

Tilikum Retreat Center

Christian camping is emphasized through the facilities of University-owned Tilikum, a center for retreats and outdoor ministries for the greater Portland area. The combined strengths of the faculty in health and human performance, family and consumer sciences, Christian educational ministries, and more come together in a program for preparing camp leaders.

Tilikum features a year-round program of retreats with a wide appeal to all ages and denominations. More than 2,500 children enjoy the summer camping program. University students have opportunities for study, recreation, personal renewal, and employment.

The Tilikum staff provides the following kinds of retreat experiences:

1. relational—family groups, men, women, couples, teens, and single parents—with a goal of strengthening the entire family unit;
2. planning and retooling for local churches—biblical goals in today’s society;
3. senior adult Elderhostels; and
4. retreats for University students emphasizing spiritual growth, recreation activities, or class projects.

Center for Peace Learning

The Center for Peace Learning was established in 1985 after a growing concern among administrators, faculty and students that George Fox University have an active learning program dealing with peacemaking and conflict resolution. The planning for the center was the specific result of searching questions about the University’s contribution to peacemaking made by Senator Mark Hatfield in his address at the 1984 inauguration of President Edward Stevens. Hatfield now teaches a peace studies course at George Fox.

The center coordinates a number of courses, taught by faculty in various departments, which can be combined in a minor or used to enrich courses taken to prepare for service in such careers as social work, pastoral ministry, peace education, teaching in public or private schools, diplomacy, and business. In addition to regular course work, the center offers a variety of
learning experiences for students and community participants, including lectures, films, international work/study trips, and field experience placements. Research is encouraged and made possible by the peace collection in the M. J. Murdock Learning Resource Center and by the specialized materials in the Center for Peace Learning.

The Center for Peace Learning conducts an undergraduate study program in conflict management to prepare students for practical peacemaking in their work, church, community and family. Certificates are awarded upon completion of the program, details of which are presented in the Peace and Conflict Studies section of the Undergraduate Catalog.

**English Language Institute**

George Fox University offers an intensive English as a Second Language program during the academic year for international students who need to improve their academic English skills. For details of curriculum, credit and enrollment, see the Undergraduate Catalog.

**Herbert Hoover Symposia**

Every two years since 1977, members of the history faculty have invited to the George Fox University campus leading authorities on the life and career of Herbert Hoover. Hoover Symposium X, on “The Chief and His Crew,” was held in November 1995. These meetings are attended by professional historians, students, faculty, and friends of the University. Credit is offered to students who study selected aspects of the rich and varied career of the 31st president of the United States.

The ties between Herbert Hoover and George Fox University began in 1885. That fall, 11-year-old Bert Hoover, recently orphaned in Iowa, moved to Newberg, Oregon, to live with his uncle and aunt, Dr. Henry John and Laura Ellen Minthorn. Minthorn had recently opened Friends Pacific Academy, and Bert enrolled in the first class shortly after his arrival. He studied under dedicated Quaker mentors and helped pay his way by tending furnace, sweeping floors, and cleaning blackboards.

“As a young student there for three years,” President Herbert Clark Hoover said in later years, “I received whatever set I may have had toward good purposes in life.”

The Academy was the predecessor school to George Fox University, which was founded in 1891. Those on campus with a sense of heritage often think of the quiet lad who studied here a century ago. No one dreamed he would grow to be named “Engineer of the Century,” that he would live and work on five continents, that he would direct the greatest humanitarian projects the world has seen, and that in 1928 he would be elected president of the United States.

“I can’t afford to underestimate the potential of any student,” is the way one professor puts it. “The steady gaze of young Bert in those old photos won’t let me!”

**Summer School**

Graduate courses in the Master of Business Administration, Master of Arts in Teaching, Master of Education, and Doctor of Psychology programs are offered during the summer months. A full summer-semester schedule of courses are offered at Western Evangelical Seminary.

The M.A.T. and M.Ed. programs are both designed to prepare students for the teaching profession. The M.B.A. is a two-year, nontraditional program designed for the professional working adult. The M.A. and Psy.D. program in clinical psychology, a five-year program, prepares students as clinical practitioners. Currently all graduate programs enjoy formal regional accreditation.

BUSINESS ADMINISTRATION
(M.B.A. Degree)

Program Description
A two-year program offered one night a week plus some Saturdays, the George Fox University Master of Business Administration degree is intended for students who want to improve their management and leadership ability through intellectual, moral and creative growth. The program is situated squarely within the University’s mission, for the University believes that its Christian values, concern for integration, and commitment to quality speak to managers who desire training that is both theoretically sound and humanly meaningful. Managers have become increasingly aware of the importance of values, ethics, service, and other spiritually significant elements that are part and parcel of George Fox University programs.

The management M.B.A. is intended to prepare practitioners in a variety of fields in both the profit and not-for-profit sectors. Some of the areas it is designed to cover include the following:

• Integration of knowledge and decision making within the larger frame of the organization and social and cultural contexts
• Creativity, innovation and change
• Leadership and interpersonal skills
• Capacity to communicate in the functional areas of business
• Practice of the human virtues, such as integrity, humility, compassion and perseverance, in organizational settings
• Capacity for conceptualization, strategic thinking and problem solving
• The propensity to act on one’s values and ethics as foundational to good management
• Management in a chaotic world of demographic, cultural, global and technological change

The program is structured on a cohort model in which a group of students follows an integrated sequence of courses from beginning to end. Cohorts begin each fall. Courses are taught evenings and weekends, typically one night a week with an occasional Saturday seminar.

Admissions
Admission to the M.B.A. program requires a baccalaureate degree from a regionally accredited college or university; a grade point average (GPA) of 3.0 or better in the last two years of study; two years of relevant job experience; three letters of recommendation; a writing sample; and an interview with faculty members. Students are not required to submit scores from any standardized tests prior to admission, but will be required to do so prior to the end of the first year of class. Students whose grade point averages from the last two years of course work do not reflect their aptitude for graduate work may want to submit standardized test scores for consideration in the admission process. The department may consider applicants who show significant promise but do not meet all of these criteria. The application procedure is detailed in the M.B.A. Application Packet, which may be requested from the Office of Graduate Admissions.

Degree Requirements
Students will be admitted without regard to their undergraduate major, but those with little or no background in the areas of accounting, finance, economics, or marketing will be expected to address their weaknesses.

Students are expected to maintain continuous enrollment in the program, thus remaining with their cohort throughout, so personal and work commitments should be planned accordingly. A student who drops out must be readmitted. The degree requires the completion of all 39 graduate credit hours at George Fox University.

CLINICAL PSYCHOLOGY
(M.A. and Psy.D. Degrees)

Program Description
The Doctor of Psychology (Psy.D.) program follows a professional (practitioner-scholar) model and is designed to prepare qualified, professional psychologists. The professional model is distinguished from the more traditional scientist-practitioner model leading to the Ph.D. by its greater emphasis upon the development of clinical skills. It provides training in the scientific foundations of psychology and in research methods and statistics, but places primary emphasis on the development of clinical skills. Since the initial endorsement of the Doctor of Psychology degree by the American Psychological Association in 1979, the professional model has been incorporated into the training programs of a growing number of universities and professional schools.

The curriculum of the Graduate School of Clinical Psychology (GSCP) is designed as an integral five-year program. The first two years emphasize study in the scientific foundations of psychology, biblical and theological studies, and an introduction to clinical theory and practice. As the student advances in the program, the emphasis shifts toward application of basic knowledge through integrative study of the relationships among these disciplines and by their application in clinical practice through the assessment and practice sequence. Professional training in assessment and psychotherapy begins in the first semester with Prepracticum, and continues throughout the program, culminating in the clinical internship.

The goal of the Graduate School of Clinical Psychology is to prepare professional psychologists who are competent to provide psychological services in a wide variety of clinical settings, who are knowledgeable in the critical evaluation and application of psychological research, and who are committed to the highest standards of professional ethics. The central distinctive of the program is the integration of Christian principles and the science of psychology at philosophical, practical and personal levels. The program offers specialized training in dealing with the psychological aspects of religious or spiritual issues.

Graduates are prepared for licensure as clinical psychologists. Alumni of the GSCP are licensed psychologists in 25 states throughout the U.S. They engage in practice in a variety of settings, including independent and group practice, hospital, community and public health agencies, church and para-church organizations, and mission agencies. Graduates also teach in a variety of settings, including colleges and seminaries.

A Master of Arts degree is conferred following successful completion of the first two years of the program and other requirements (see following). The M.A. degree is not designed or intended as a terminal degree; consequently, only students intending to complete doctoral study are admitted into the GSCP.
Mission
The mission of the Graduate School of Clinical Psychology is to prepare clinical psychologists who demonstrate:

- excellence and professionalism in the clinical skills of assessment, diagnosis, psychotherapy, consultation, and supervision;
- broad knowledge of psychological literature, competence in utilizing the literature in direct service and program development, and the ability to communicate psychological findings to the public;
- commitment to the highest ethical standards and practices, as well as wholistic models of human personhood and health;
- sensitivity and competence in dealing with persons who hold a variety of worldviews from diverse sociocultural and religious backgrounds;
- basic knowledge of the Bible and Christian theology, specific knowledge of the scholarly literature in psychology and Christian faith and psychology of religion, and specialized knowledge, attitudes and skills in the provision of psychological services to the Christian community and others with religious or spiritual issues.

Consistent with the mission of George Fox University, training is carried out within the framework of a Christian worldview and reflects the distinctive Quaker traditions of social service and advocacy for the rights and well-being of all persons, especially those whose opportunities are compromised by prejudice and injustice. This integration of faith and service is a central distinctive of the program.

Clinical Training
Clinical training is an important and integral part of the Psy.D. curriculum. Although it is a distinct part of the curriculum, it is also integrated with the academic course work throughout the program. The clinical training process begins in the first year and continues throughout the program, ultimately preparing the student for postdoctoral residency training and licensure as a psychologist.

The initial step involves prepracticum training, a laboratory course designed to introduce basic legal, ethical and professional issues and to prepare the student for direct client contact. The course consists of readings, lectures, team meetings and systematic training in human relations skills, the latter accomplished through supervised group process experiences and interactional dyads. Audio and video recordings of the interaction process are used in supervision to provide effective feedback for the student.

Following the completion of Prepracticum training, the student enrolls in Practicum I and II, which proceeds throughout the second and third years. The practicum sequence provides the student with ongoing, supervised experience in the application of psychological principles in assessment and psychotherapy to a variety of clinical settings with a range of problems and clientele. In addition to supervised clinical experience at the training site, the practicum student is involved in weekly supervision and training at George Fox, including team meetings with peers and faculty members, oversight groups, and didactic seminars.

The Preinternship sequence of training follows completion of Practicum I and II, and lasts throughout the fourth year. The Preinternship sequence enables students to further develop their clinical skills and to gain the experience necessary to prepare for internship. During the preinternship sequence, students continue to receive ongoing, supervised experience in assessment and psychotherapy in a variety of clinical settings. Preinternship training also involves supervision of practicum and prepracticum students, weekly team meetings and oversight groups with faculty members, and presentations of advanced topics in a seminar format. The preintern student is encouraged to develop a broad range of clinical skills with diverse clinical populations rather than specialize prematurely. Although specialization is often desirable, it is best done during the internship, or during postdoctoral residency and continued professional training.

The final phase of predoctoral clinical training involves a one-year, full-time internship (50 weeks; 2,000 hours). Most internships require that students move to another location (often to another state) for the internship year. Students are strongly encouraged to obtain APA-accredited or APPIC-recognized internships. The Director of Clinical Training guides students in applying for appropriate internships. The internship is begun in the fifth year and usually consists of a one-year, full-time placement in a single setting, but may be begun in the fourth year and consist of a two-year, half-time placement in one or two settings.

A clinical training file is maintained on each student as he or she progresses through the clinical training sequence. This file contains evaluations, work samples, and clinical competency ratings on each student. Advancement through the clinical training sequence requires approval of the student’s advisor, and all internship placements must be arranged through the Director of Clinical Training. (See GSCP Clinical Training Hand-book for more information.)

Research Sequence
The research sequence introduces students to statistical methods and research design while cultivating the foundational skills necessary for the critical evaluation of scientific research. In addition, students are given broad exposure to the research literature in clinical psychology and the psychology of religion.

Students participate in vertically integrated research teams beginning in their first year. These teams meet bimonthly with core faculty members as team leaders. Teams consist of small groups of students from each year in the program. During the first year students visit various research teams to observe and learn about the areas of research being undertaken. In the second year students choose a team in which they wish to participate throughout the remainder of their experience with the GSCP. Students will then engage in research under the direction of the faculty member who leads the team. This
research will culminate in completion and defense of the doctoral dissertation. The research teams provide a mentoring experience for students as they learn about research and engage in their own research under supervision.

The dissertation, which may be empirical, theoretical or applied, is normally completed during the third or fourth year of the program. The goal of the research sequence is to equip graduates with the knowledge and skills necessary for the effective use of the evolving body of knowledge in the science of psychology, and in so doing, to lay a foundation for continued professional growth throughout their careers. (See GSCP Dissertation Policies Handbook for more information.)

Research and Training Facilities
The psychology research lab is located in the Murdock Learning Resource Center. High-speed microcomputers, laser printers, and complete statistical (SPSS PC+) and graphics software are provided. In addition to its use for instructional purposes, the lab supports student research projects and dissertations, plus faculty research.

The Murdock Learning Resource Center provides library support for the psychology program. The library has an excellent collection of materials addressing the integration of psychology and the Christian faith and a good collection of contemporary work in most areas of psychology. In addition, the library receives more than 200 periodicals in psychology and related disciplines. Students also have on-line access to major computerized databases through library services, including Psych Info, Psych Books, DIALOG, ERIC, and many others. George Fox University maintains cooperative arrangements with other local educational institutions, providing psychology students with a full range of user services, including interlibrary loans and direct borrowing privileges.

The University Health and Counseling Services Center serves as a training facility for students in the clinical training sequence. The counseling center, which was completely renovated and expanded during the 1996-97 academic year, has six counseling offices and a group therapy room dedicated to training. Training equipment includes video and audio monitoring equipment, one-way mirrors, and recording equipment.

Faculty
Members of the George Fox University faculty bring a wealth of professional experience and a diversity of theoretical backgrounds to the classroom. Among the core psychology faculty are 13 psychologists and one psychiatrist; nine clinical faculty are licensed psychologists who represent varied specialty areas and research interests; and four basic science faculty are specialists in research design, statistical methods, psychological scale construction, and developmental psychology. A number of adjunct faculty further enhance the course offerings and specialties available to students in the program.

Theoretical orientations represented by the faculty include psychodynamic, behavioral, cognitive-behavioral, object relational, family systems, and psychobiological. Despite their diversity in theoretical orientation, the faculty are united by a common commitment to a Christian worldview, to providing high-quality professional training, and to upholding the highest standards of scholarship and clinical expertise among their students.

Additionally, nine of the 14 core psychology faculty members, including the psychiatrist, have graduate degrees or course work in theology and religion. Thus, the faculty is well trained to fulfill the stated mission and objectives of the GSCP.

Professional Standards
Standards for graduate education in psychology, as well as for practice of psychology, are set by the policies of the American Psychological Association (APA) and those of the relevant state laws and administrative rules. In Oregon, these include the Oregon Revised Statutes and Oregon Administrative Rules of the Oregon State Board of Psychologist Examiners. The design, structure and processes of graduate education at George Fox University are guided by these statutes and policies. Consequently, in addition to the policies of the University’s graduate program, students in the psychology program are expected to know and abide by the professional standards established by these two regulatory agencies.

Admission
Admission to the psychology program requires a baccalaureate degree from a regionally accredited college or university. A grade point average (GPA) of 3.0 or above and at least 18 semester hours of psychology or other related social science credits are generally required. In addition, applicants must submit scores on the Graduate Record Examination (GRE) Aptitude Scales, the Psychology Subject Test and complete the general application requirements of George Fox University. Students with graduate credit and those who hold an advanced psychology or theology degree will be considered for admission with advanced standing subject to space availability in the appropriate class.

During the past two years, the median grade point average of admitted students was 3.50 and 3.79, respectively, and median GRE scores (combined Verbal and Quantitative Aptitude scores) were 1110 and 1060 respectively. Applicants will generally have a grade point average of 3.3 or better and GRE scores greater than 1050; however, applicants who show significant promise may occasionally be admitted although they do not meet these criteria.

Students admitted to the GSCP describe themselves as Christian and agree to abide by the community lifestyle expectations listed in the admission application during enrollment in the program.

General Academic Information

* LENGTH OF PROGRAM
The Doctor of Psychology program is designed to be completed in five years of full-time study, with a maximum of seven years from the date of initial enrollment. The student who is not able to complete the program within seven years must file a letter of appeal...
for extension with the
director of the Graduate School of
Clinical Psychology, outlining plans
for completion and providing an
explanation of the circumstances that
necessitate projecting the course of
study beyond the seven-year period.

♦ CONTINUOUS
ENROLLMENT
Students are expected to maintain con-
tinuous enrollment throughout the
program (minimum of three hours per
semester). Failure to enroll for a
minimum of three hours in a given semes-
ter (summer term is excepted) will
result in suspension from the program.
Reenrollment will require application
for readmission.

♦ LEAVE OF ABSENCE
Students who must temporarily dis-
continue graduate study for medical or
other reasons may arrange a leave of
absence of up to one academic year
with the approval of their advisor and
the director of the Graduate School
of Clinical Psychology. Students who
wish to discontinue for longer than one
year will normally be required to apply
for readmission into the program.

♦ GRADING POLICY,
SCHOLARSHIP, PROBATION
AND DISMISSAL
A minimum cumulative grade point
average of 3.0 is expected in all
course work in the Graduate School
of Clinical Psychology. Students whose
work does not meet this requirement
will be placed on probation and will
be expected to raise their GPA to the
3.0 level in the following semester.
Failure to do so will normally result in
disciplinary action.

The following also are grounds for
academic dismissal:
• A grade of “C” in three or more
courses;
• A grade of “D” or “F” in any course;
• A failing (no pass) grade in clinical
training or practice courses;
• A GPA below 3.0 for two semesters;
• Failure to pass Comprehensive Exam
by the end of the third year of study.

The Student Handbook and Clinical
Training Handbook contain additional
information concerning grading prac-
tices and other policies and procedures
related to student progress in the GSCP.

♦ STUDENT EVALUATION
In addition to course grades, an
evaluation of each student’s academic
progress, interpersonal relationships,
legal and ethical conduct, and clinical
skills is performed annually by the
faculty of the GSCP. Practicum supervi-
sors also provide regular evaluations
of students’ knowledge, skill, and pro-
fessional attitudes displayed in clinical
settings. Students failing to act in an
ethical or professional manner, receiving
unsatisfactory evaluation by practicum
or internship supervisors, failing to
comply with George Fox University
standards of conduct, or showing other
evidence of deficiency in professional
development may be dismissed from
the psychology program.

♦ TRANSFER CREDIT
In some cases, a student may wish to
transfer graduate-level course work pre-
viously earned at another accredited
college, university or seminary. Guide-
lines covering transfer credit are stated
in the Student Handbook of the Gradu-
ate School of Clinical Psychology and
are in addition to general University
policies outlined in this catalog. No
transfer credit will be granted for
Prepracticum, Practicum I and II,
Preinternship, or Internship.

Psy.D. Degree
Requirements
The Doctor of Psychology (Psy.D.)
degree requires the satisfactory
completion of the following:
• All required courses = 139 semester
hours. These hours include:
95 hours of psychology courses
(scientific foundations, psychological
research, and clinical psychology),
16 hours of clinical training (Pre-
practicum, Practicum I and II, and
Preinternship),
16 hours of Bible/religion, and
12 hours of dissertation

• Comprehensive Examination:
The Subject Test in Psychology of the
Graduate Record Examination (GRE)
comprises the M.A. comprehensive
examination. Students must achieve
a score at or above the 75th percentile
on the senior undergraduate norm.
Should a student score lower than
this minimum level, he or she may
retake the examination at the next
scheduled administration. Such stu-
dents may continue to enroll but will
not be admitted to doctoral standing
until a satisfactory score on the exami-
nation is earned. Failure to do so by
the end of the third year may result
in dismissal from the program. (See
GSCP Student Handbook for addition-
al information.)
• Full-time Internship: the equivalent
of a one-year full-time internship
(50 weeks and 2,000 clock hours);
• Defense of doctoral dissertation
(minimum of 12 semester hours).

Academic Class Standing
For purposes of academic standing
by class, the following guidelines are
established:
First Year: Less than 30 hours
Second Year: 30+ hours to
M.A. Conferral
Third Year: Doctoral Standing
Fourth Year: Doctoral Standing plus
more than 100 hours
Fifth Year: Doctoral Standing plus
more than 100 hours plus Internship,
or Doctoral Standing plus more than
120 hours plus half Internship, or
Doctoral Standing plus 139 hours
(course work completed)

M.A. Conferral
The M.A. is conferred as a transitional
degree en route to the Psy.D. rather
than as a terminal degree. It is conferred
following completion of 60 semester
hours of course work, including 48
hours of psychology and 12 hours of
Bible and religion courses. Psychology
course requirements include 4 hours
of Prepracticum, 4 hours of Practicum,
and 40 additional hours of psychology.
Specific requirements are listed in the
Student Handbook of the Graduate
School of Clinical Psychology, and
are marked on the Recommended
Sequence which follows. In addition, the
student must successfully complete the Comprehensive Examination (see GSCP Student Handbook). A graduation application must be filed with the Registrar’s Office one semester prior to the anticipated completion of the requirements for the M.A. degree.

Program Description
The Master of Arts in Teaching (M.A.T.) is a fifth-year program to be completed in 11 months by individuals who have completed an undergraduate B.A. or B.S. degree in a field other than education. The five-year program allows students, upon completion of the program and passing scores on the appropriate standardized measures (Praxis Specialty Examination for secondary licensure, MCAT for elementary licensure, professional knowledge examination, and California Basic Educational Skills Test), to receive an Oregon Basic Teaching License. After three years of successful teaching but no required additional course work, they will qualify to receive the Standard Teaching License.

The Basic and Standard teaching licenses will bear endorsements in the following areas: advanced mathematics, biology, chemistry, elementary education, health education, home economics, language arts, music, physical education, social studies, and Spanish. Additional endorsements, except elementary education, can be added by testing.

The 11-month curriculum includes professional education courses and practica. Students build on their knowledge of subject matter as they develop pedagogical skills and research methodologies; gain knowledge about the psychological, sociological, historical and philosophical foundations of education; and apply these understandings in elementary and secondary classrooms.

Prior to their final student teaching experience in the spring, students in the graduate elementary education program must have taken the Praxis, MSAT, and students in the graduate secondary education program must have taken the Praxis specialty exam for their discipline.

The goal of the curriculum is to provide a future teacher with the content and methods necessary to be an effective teacher. Thematic strands such as decision making, values, curriculum, classroom management, multicultural awareness, research, and technology are integrated throughout the curriculum. The themes add qualities to the program that are not reflected in single courses but are interwoven throughout the curriculum.

The teacher education program at George Fox University has been structured to provide academic and practical experiences that will prepare effective teachers who can successfully meet the challenges of classroom teaching. The form of the teacher
education program includes a purposeful use of current research findings on the education of teachers as translated into practical experiences and methodologies. The structure will be characterized by:

- **Cohort Model.** Initially, students will work in cohorts of 20 to 25 students each. Cohorts will include early childhood, elementary, and secondary levels. Although they are separate cohorts, they will be blended together for certain experiences.

- **Theory-into-Practice Links.** Practicum experiences will be a large component of the program, beginning in the summer with an enrichment program planned and implemented by the students. The involvement in a variety of practicum experiences will provide preservice teachers with opportunities to apply learning from course work. University faculty, cooperating teachers, and administrators from local districts will be involved in collaborative efforts to plan links between course work and application in classrooms.

- **Action Research.** A research strand will be woven throughout the program. Students and cooperating teachers will design an action research project that will be shared at an action research symposium at the completion of the program.

- **Thematic Strands.** Major strands, such as multicultural awareness, values, action research and decision making, will be incorporated throughout the professional courses. Other topics such as classroom management and technology will also be integrated in several of the professional courses.

- **Study of the Subject Matter Knowledge and Structure.** Students will research and discuss the nature and structure of the subject areas while concentrating on their major subject. They will engage in interdisciplinary discussions that will allow them to discern relationships between the subject areas.

- **Reflection.** The ability to reflect on learning about teaching and on the practice of teaching will be developed in small- and large-group discussions, in journal entries, in papers, and in conferences with supervisors and cooperating teachers.

HERITAGE

Western Evangelical Seminary opened its doors for the first time to 24 students in September 1947. The seminary was called by its founding name, the Western School of Evangelical Religion, until 1951. Drawn to the school by the encouragement of their denominations, these charter-year students represented the Evangelical, the Friends, and the Free Methodist churches.

The establishment of the seminary gave substance to the dream of the first president, Dr. Paul Petticord, and other Wesleyan/Holiness leaders who recognized the need for a seminary in the Pacific Northwest. Their ideal was set forth in early catalogs:

…to train men and women in the definite doctrines of faith set forth in the constitution and by-laws and to give them such definite guidance and training that they may go out into the world with a positive message of salvation possible only in Jesus Christ. Not only is this training to be scholastic, but deeply spiritual. Not only theoretical, but practical in the usage of necessary methods essential for this day and age. This training is to be given by professors who are of high scholarship and of practical abilities and experienced in winning the lost to a definite relationship in Christ.

The establishment of the seminary depended upon the cooperation among the first sponsoring denominations, the Evangelical Church and the Oregon Yearly Meeting of Friends. Others soon lent their support as well, including the Free Methodist Church and the Wesleyan Church. Today more than 30 denominations are represented in the student body.

Faculty members from a variety of evangelical backgrounds share a common commitment to sound scholarship, warm-hearted personal faith, and effective pastoral practice that continues to characterize the seminary.

The curriculum in the ministry department now includes the M.A., theological studies, as well as the M.Div. In 1989, the seminary added a counseling department and now offers M.A. degrees in counseling and marriage and family therapy. Graduates of the program complete the academic requirements for licensure in the state of Oregon as a Licensed Professional Counselor (LPC).

The Association of Theological Schools granted WES full accreditation in 1974, and in 1976, accreditation was gained from the regional authority, the Northwest Association of Schools and Colleges. This dual accreditation was a first among seminaries in the Northwest.

In 1993 the seminary moved from its original site at Jennings Lodge east of Portland to a new, easily accessible, 50,000-square-foot campus near Interstate 5 and Highway 217. In 1996, the 49-year-old seminary merged with the 105-year-old George Fox College of Newberg, Oregon, to form George Fox University. The site of the seminary is now the University’s Portland Center campus.

MISSION STATEMENT

Western Evangelical Seminary, under the Lordship of Jesus Christ and committed to the Wesleyan/Holiness heritage in a multi-denominational community of faith, prepares men and women, through spiritual development and graduate education, for Christian leadership and ministries.

THEOLOGICAL AFFIRMATIONS

We believe in God: We believe that there is but one living and true God, an eternally existent Being of absolute knowledge, power and goodness, Creator and Preserver of all things visible and invisible; that in the unity of this Godhead, there are three persons of one substance, power and eternity — Father, Son and Holy Spirit.

We believe in Jesus Christ: We believe that Jesus Christ is the second person of the triune Godhead; that He was eternally of one substance with the Father; that He became incarnate by the Holy Spirit; was born of the Virgin Mary, thus uniting in one perfect personality forever two whole and perfect natures, Godhood and manhood, very God and very man, the God-man, Jesus Christ.

We believe in the Holy Spirit: We believe in the personality and deity of the Holy Spirit; that He did proceed from the Father and the Son and is the third person of the Godhead, of one substance, power, and eternity with them; that He is present with and active in the church, convicting the whole world of sin and righteousness and judgment.

What we believe about the Bible: We believe that the 66 books of the Old and New Testaments, which the church has universally accepted as the Holy Scriptures, were given by divine inspiration and constitute the revealed Word of God as the only supreme, sufficient, and authoritative rule of faith and practice, and that the Holy Spirit who motivated men and women of God to speak through the written Word has providentially guarded in its preservation the integrity of the message, and continues to illumine the hearts of those who read it that they may understand God’s redemptive plan.

What we believe about Humankind: We believe that human beings were a special creation by God but that they forfeited their first estate and are very far fallen from original righteousness; and because of the corruption of human nature, as received from Adam, humankind is inclined to evil and that continually.

What we believe about the Work of Christ: We believe that Jesus Christ died for our sins, and by the shedding of His blood made an atonement for the sins of all humankind, that this atonement is the only ground of salvation. We also believe in Christ’s bodily resurrection from the dead, that He ascended into Heaven to the right hand of the Father and is there engaged in intercession for us.
Salvation comes through Faith in Christ alone: We believe that penitent sinners are justified before God only by faith in Jesus Christ; that at the same time they are regenerated and adopted into the household of faith, the Holy Spirit bearing witness with their spirit to this gracious work. This is sometimes called implicit or initial sanctification.

We believe in Sanctification and Growth in Grace: We believe that entire sanctification is that act of God by which believers are made free from original sin and brought into a state of complete devotion to God. We further believe that this work is accomplished by the baptism with the Holy Spirit, conditional upon consecration and faith, and that to this work the Holy Spirit also bears witness. We also believe that, while the approach may be more or less gradual, the actual experience is consummated in an instant and the life that follows should be characterized by a continual maturing of the Christian graces.

God calls us to Holy Living: We believe that Christians are called to be holy in all manner of living so that any conduct contrary to this rule of Scripture is not only repugnant to sight but is also inconsistent with a true Christian profession.

Christians need the Church: We believe in the holy universal church; that it is composed of all true believers of Jesus Christ; that it is for the maintenance of worship, the edification of believers, and the proclamation of the Gospel to the whole world again.

Christ will come again: We believe in the imminent, personal return of Jesus Christ to this world to establish His Kingdom, to rule in righteousness, and to judge all persons.

We believe in the Life Everlasting: We believe in the bodily resurrection of the dead, that the bodies of both the just and the unjust shall be reunited with their spirits; that everlasting life is assured to all who believe in and follow Jesus Christ; and that the finally impenitent shall go away into everlasting punishment in hell.

FOUNDATIONS FOR THEOLOGICAL EDUCATION AT WES

Biblical Authority: The centrality of the Word of God—in preaching, teaching, and living—is emphasized. The Scriptures are regarded as inspired and canonical, the supreme authority and guide in all matters of Christian doctrine and practice.

Evangelical Commitment: The good news we both study and proclaim is salvation through faith in Jesus Christ. Sinners can be transformed by God’s grace: forgiven, reconciled, born again. This is a vital personal experience, which everyone needs and may receive.

Christian Holiness: A Spirit-filled life is a privilege of every Christian and a prerequisite to effective ministry. WES is committed to teaching and promoting the biblical message of holiness.

Spiritual Nurture: Spiritual formation is intentional at WES. Leadership that is truly Christian requires spiritual growth and maturation through Bible study, prayer, worship, and other spiritual exercises carried out in classes, chapel and small group experiences.

Personal Involvement: Students develop and articulate their own Christian convictions, philosophies in ministry, and personal goals.

Professional Education: Theory must find its hands in practice at WES. Classroom learning and field experience are mutually essential for ministry and Christian leadership. Seminary education must include introductory practice in preaching, evangelism and counseling, as well as studies in Bible, theology and church history.

Vocational Diversity: Students may prepare for Christian service in missions, counseling, Christian education, chaplaincy, and other ministries.

Multidenominational Community: Students represent a broadening spectrum of church membership. The seminary works with them and with their denominations to educate them for effective ministry in their respective churches.

Contemporary Ministry: Students are encouraged to confront and address the pressing issues of our world and to meet societal and personal needs. Seminary classes and internships urge students toward responsive, creative forms of ministry.

Missionary Emphasis: The motivation of the seminary is evangelistic. With a commission to embrace the world for Christ, WES graduates serve in many churches, through many ministries, around the world.

ACCRREDITATION AND MEMBERSHIPS

Western Evangelical Seminary, a graduate school of George Fox University, is accredited by the Association of Theological Schools in the United States and Canada and by the Northwest Association of Schools and Colleges. Counseling and marriage and family therapy degrees fulfill all the educational requirements for licensure by the Oregon Board of Licensed Professional Counselors and Therapists.

Academic Affiliations

The Association for Clinical Pastoral Education: WES is a member of the Association for Clinical Pastoral Education, which provides training in pastoral care under the auspices of officially accredited clinical training centers. This association is the standard-setting, certifying, and accrediting agency in the field of pastoral education in the U.S.A., with many accredited centers throughout the states. Three such centers are in Oregon: Emanuel Hospital and Providence Medical Center in Portland, and the Oregon State Hospital in Salem. Because of their proximity to WES, these centers provide opportunities for accredited clinical training for students of the seminary.

Evangelical Training Association: WES is associated with the Evangelical Training Association. ETA diplomas may be secured by qualified graduates.
COMPUTER TOOLS

Personal spiritual formation and the acquisition of professional ministry skills are at the heart of WES’s mission to prepare people for various forms of ministry. In the latter area, the use of computer tools is extremely helpful in increasing productivity and efficiency. Therefore WES has adopted a goal to help each student acquire training in computer software tools relevant to his or her degree program. The desired outcome is to enable graduates:

1. to perform current jobs more effectively and efficiently;
2. to create a better product; and
3. to bring new tasks within the realm of possibility.

Taken together, these tools will free graduates for increased contact with the people they are serving. For instance, those currently preparing for pastoral ministry will want to be exposed to such tools as Bible research, church administration, church growth, presentation, and desktop publishing software. Likewise those entering the counseling ministry will want to be familiar with practice management and clinical assessment software. The WES campus is equipped with a computer network with Internet access in the library and a 10-station computer lab. The seminary has on-site licensing agreements with various Bible research software companies.

COMMUNITY LIFE

Spiritual Life

Western Evangelical Seminary is committed to the spiritual as well as the academic formation of students. The spiritual life mission of the seminary is to foster intentionally the spiritual formation of the WES community so that God is glorified and the incarnational presence of Christ is evident in daily living. Spiritual formation is the maturation of God’s fullness within the individual and the community and leads to wholeness in all relationships.

The WES community fosters spiritual formation by promoting:

1. a community spirit of worship and support;
2. a disciplined life of prayer and devotional habits; and
3. a deepening surrender to God in faith and to others in service.

To fulfill this mission, the seminary endeavors to have a comprehensive spiritual life program. Students and faculty give oversight and direction to formal and informal activities having to do with the seminary’s spiritual life, organizing the worship program and selecting worship speakers, accepting responsibility for the Spiritual Emphasis Days, proposing action in any way bearing on the spiritual life of the campus, and conceiving and evaluating the spiritual life curriculum.

Spiritual Life Curriculum

Ultimately, a program of spiritual life must embrace all of the curriculum at the seminary. Biblical literature fosters understanding and appropriation of the primary resources for spiritual growth. Christian history develops an appreciation of heritage and perspective. Christian thought challenges the student to integrate historical truth and contemporary life. Pastoral studies focuses the attention of Christ’s servants on the church and the tasks of ministry. Specialized ministries prepares for particular application and areas of service. The spiritual life curriculum specifically seeks to integrate the student’s academic preparation with spiritual growth and to acquaint the student with the great literature of the spiritual life.

Spiritual Emphasis Days

Outstanding in the seminary’s program are the days focused towards special spiritual emphasis. Specifically, these are the Spiritual Life Emphasis and Philip S. Clapp Leadership Emphasis Days in the fall and Christian Holiness Emphasis and the Kenneth Wesche Christian Missions Emphasis in the spring. The Spiritual Life Emphasis Days develop a framework for understanding the uniqueness of Christian life and experience. The Philip S. Clapp Leadership Emphasis concentrates on a presentation of servant leadership. During Christian Holiness Emphasis, attention is focused on the doctrine and experience of entire sanctification. Christian Missions Emphasis examines the world mission of the church and the responsibility for service it places upon each follower of Christ. Special Christian Life Emphasis periods also are arranged from time to time relating to specific aspects of ministry and seminary training. The spiritual life of the seminary is constantly enriched by outstanding speakers, many of world renown.

Prayer

Prayer is a vital aspect of the Christian life that too often suffers from neglect in Western society. Yet, strong ministries, strong congregations and a strong church cannot be built without persistent, fervent prayer.

It is often the case that the formal study of the faith at seminary squeezes out private devotion to God. WES determines to make prayer and consistent devotional life part of the fabric of the seminary student’s life experience. Private devotions are encouraged, and support is readily available to those who seek guidance. Time is often taken in class to pray. Each semester a chapel service is dedicated to prayer. A prayer chapel is available for use at any time during the day.
Worship
Worship is central to life at WES. In a diverse denominational community, the worship of God is our unifying faith experience. Worship helps to create a sense of community by providing times of sharing in formal worship, prayer, and in small group meetings. Worship services provide excellent opportunities both to hear and to meet great personalities in the faith. Worship serves as a learning experience for leading in worship and for giving pastoral care.

Student Fellowship
The student body of WES is known as the Student Fellowship. Its purpose is to encourage and support students and their families and to help meet the variety of unique needs within the WES community. Student leadership opportunities are available within the Student Fellowship.

International Student Fellowship
The Fellowship of International Students promotes an international flavor among the student body, assists individual students in adjusting to an unfamiliar culture, and provides social opportunities.

MASTER OF DIVINITY

Program Objectives
The vision of the faculty in the Master of Divinity program is to foster in the student the ability to:

Understand God More Truly
1. The student will be able to interact with Christian Scripture, history and thought about God, interpret the truths critically, and express them faithfully;
2. The student will be able to experience an ever-deepening sense of the reality of Christ through the spiritual disciplines;

Understand Self and Others More Truly
3. The student will be able to relate to humankind, one’s self and others as created in God’s image and called into caring, redeeming communities;
4. The student will be able to engage in the just transformation of societies through personal and social holiness motivated by love;

Lead as Christ Leads More Truly
5. The student will be able to lead the church under the lordship of Jesus Christ in its mission and ministries;
6. The student will be able to identify the gifts of persons within a local body of Christ and equip them for leadership in their various ministries.

Degree Requirements
The curriculum leading to the Master of Divinity degree is designed for men and women preparing to be Christian ministers, missionaries, chaplains, evangelists, or to enter some other form of Christian service. The M.Div. course is designed to enable the student to prepare for ordination (recording). However, each student looking forward to ordination in a particular denomination must secure recommendation from, and follow procedures already established in, that church for such recognition. The seminary assumes no responsibility of this nature.

Following are the requirements for the M.Div. degree:
• Satisfactorily complete 96 semester hours of work with a cumulative grade point average of 2.5 or above.
• Be accepted by the faculty for degree candidacy.
• Be recommended by the WES faculty for graduation from George Fox University.

Program Features
1. Ministry Oriented
The student will be involved in ministry throughout the program, either as a volunteer or paid staff member under professional supervision. Participation in mentored ministry occurs all three years beginning in the student’s second semester.

2. Mentor Enhanced
Each student will have a minimum of five skill-mentoring experiences plus the opportunity for a mentored internship or Clinical Pastoral Education (CPE) experience. The internship and/or CPE will be determined based on the determinations of the denomination, the student and the ministry faculty.

3. Denominationally Supported
Denominations also will have the opportunity to conduct specially designed courses for their students during the middle and senior year. This is to assist the denomination in training their own students in doctrine, polity and history within their specific heritage.

4. Church Centered
Since the seminary exists to support the church, courses across the academic disciplines include current ministry illustrations and case studies as well as guest lectures from practitioners.

5. Leadership Focused
Leadership is essential in the church ministry. Several specific leadership courses are offered with all other courses, providing leadership insights, experiences and equipping.

6. Practical Curriculum
All Master of Divinity courses combine theory and practice for optimum learning and skill development in ministry.

7. Individualized Program
Within prescribed limits, the curriculum will be tailored to meet the goals and needs of the individual student. This will be based upon: 1) personal interviews, testing and references; 2) evaluation of prior experience, schooling, giftedness, desires, etc.; 3) present employment or involvement in ministry; and 4) future goals or interests in ministry. Deficiencies can thus be addressed, duplication of prior academic work avoided, and desired outcomes achieved.

8. Concentrated Studies
Students will be able to concentrate (major) in an area of ministry such as chaplaincy, marriage and family counseling, Christian education, spiritual formation or pastoral studies, biblical studies or Christian history and thought, or urban ministries.

9. Mission Orientation
The student will gain knowledge and application in diverse cultural and ministry contexts as emphasis is placed on recognizing that the U.S. is a mission culture and students must be trained as mission pastors.

Biblical Studies Component

Bible I Track. The Bible I track is for all first-year Graduate Department of Ministry students. It is made up of three courses—BST 501 Bible for Ministry: Interpretation and Old Testament, BST 502 Bible for Ministry: Interpretation and New Testament, and BST 503 Bible for Ministry: Intermediate Hermeneutics. These courses are three credits each. The purpose of the Bible I track is to provide students an introduction to Bible study method and to the content and message of the Bible. These courses are considered foundational for all further course work.

Bible II Track. The Bible II track is for all students taking the M.Div. degree in the Graduate Department of Ministry. Like the Bible I track, this track lasts a full year and is made up of two classes—BST 541 The Bible and History and BST 542 Biblical Theology. These courses are three credits each. The purpose of the Bible II track is to acquaint students with advanced issues in biblical studies. Topics include Old Testament and New Testament history and archaeology, the Old Testament and the Ancient Near East, developments in the so-called “intertestamental” period (better referred to as the Second Temple period), social dimensions of biblical texts, the use of the Old Testament in the New Testament, theological concepts central to the Christian Bible, and current issues in exegesis and hermeneutics. Though this list may suggest a “topical” approach to the Bible, the launch point for all discussions is the study of specific biblical texts. The Bible II track will be clearly Bible-based.

Bible III Track. The Bible III track rounds out the Bible sequence for M.Div. students with a concentration in biblical studies. This track is composed of four advanced-study courses in Old Testament and New Testament:

- BST 550 The Old Testament and the Ancient Near East
- BST 551 The Old Testament, Early Judaism and Christianity
- BST 560 Jesus and the Gospels
- BST 561 Paul and His Letters

Scheduling limitations require these courses be interspersed throughout the program. Students completing the M.Div. in three years should use these courses are taken according to the “best route” as indicated in the respective program outlines. Students taking these programs over a longer time period may consider taking the Bible III track after, or near the end, of the Bible I and Bible II tracks.

Language Requirement. The M.Div. student is introduced to the biblical languages through BST 511 Introducing Biblical Hebrew and BST 521 Introducing New Testament Greek. The student will elect to focus further study on at least one of the two languages by taking either BST 512 Interpreting the Hebrew Testament or BST 522 Interpreting the Greek Testament. The student who chooses to focus on Hebrew will take the Hebrew sequence in the first year and the introductory Greek course in the fall of the second year. Likewise, the student who chooses to focus on Greek will take the Greek sequence the first year and the introductory Hebrew course in the fall of the second year. The student may elect to complete both sequences to gain proficiency in the study of both testaments.

Pastoral Studies Component

Every major pastoral studies course will include a skill mentoring emphasis plus the study of a book or books of the Bible. In addition, while an intense mentored internship experience (PST 575) or Clinical Pastoral Education (PST 565) is not required, it is highly recommended that the student confer with denominational officials and academic advisors regarding the value of reserving some elective hours for such a course.

MASTER OF ARTS, THEOLOGICAL STUDIES

Program Objectives
The vision of the faculty in the Master of Arts, Theological Studies program is to provide a forum where the student will:
1. Gain knowledge appropriate to the field of specialization;
2. Grow in the ability to analyze pertinent texts and materials;
3. Develop the capacity to think critically;
4. Learn research and communication skills;
5. Prepare for future degree work.
Requirements
The Master of Arts, Theological Studies program is designed for men and women who desire graduate study in the field of theological studies with an emphasis in either biblical studies or Christian history and thought. This is not intended as a pastoral degree program.

Following are the requirements for the M.A.T.S. degree:
• Satisfactorily complete a minimum of 64 semester hours with a cumulative grade point average of 2.7 or above.
• Meet all requirements for degree candidacy. In all cases, it will include a personal interview with the Theological Studies faculty.
• Be recommended by the WES faculty for graduation from George Fox University.

Biblical Studies Component
The biblical studies component for the M.A.T.S. has been forged into two, year-long tracks called Bible I and Bible II in addition to four further courses which are termed Bible III.

Bible I Track. The Bible I track is for all first-year Graduate Department of Ministry students. It is made up of three courses—BST 501 Bible for Ministry: Interpretation and Old Testament, BST 502 Bible for Ministry: Interpretation and New Testament, and BST 503 Bible for Ministry: Intermediate Hermeneutics. These courses are three credits each. The purpose of the Bible I track is to provide students an introduction to Bible study method and to the content and message of the Bible. These courses are considered foundational for all further course work.

Bible II Track. The Bible II track is for the student taking the M.A.T.S. Biblical Studies degree in the Graduate Department of Ministry. This track lasts a full year and is made up of two classes—BST 541 The Bible and History and BST 542 Biblical Theology. These courses are three credits each. The purpose of the Bible II track is to acquaint students with advanced issues in biblical studies. Topics include Old Testament and New Testament history and archaeology, the Old Testament and the Ancient Near East, developments in the so-called “inter-testamental” period (better referred to as the Second Temple period), social dimensions of biblical texts, the use of the Old Testament in the New Testament, theological concepts central to the Christian Bible, and current issues in exegesis and hermeneutics. Though this list may suggest a “topical” approach to the Bible, the launch point for all discussions is the study of specific biblical texts. The Bible II track will be clearly Bible-based.

Bible III Track. The Bible III track rounds out the Bible sequence for M.A.T.S. students with a concentration in biblical studies. This track is composed of four advanced-study courses in Old Testament and New Testament:

- BST 550 The Old Testament and the Ancient Near East
- BST 551 The Old Testament, Early Judaism and Christianity
- BST 560 Jesus and the Gospels
- BST 561 Paul and His Letters

Scheduling limitations require these courses be interspersed throughout the program. Students completing the M.A.T.S. in two years should ensure these courses are taken according to the “best route” as indicated in the respective program outlines. Students taking these programs over a longer time period may consider taking the Bible III track after, or near the end, of the Bible I and Bible II tracks.

Language Requirement. The M.A.T.S. Biblical Studies student is introduced to the biblical languages through BST 511 Introducing Biblical Hebrew and BST 521 Introducing New Testament Greek. The student will elect to focus further study on at least one of the two languages by taking either BST 512 Interpreting Biblical Hebrew or BST 522 Interpreting the Greek Testament. The student who chooses to focus on Hebrew will take the Hebrew sequence in the first year and the introductory Greek course in the fall of the second year. Likewise, the student who chooses to focus on Greek will take the Greek sequence the first year and the introductory Hebrew course in the fall of the second year. The student may elect to complete both sequences to gain proficiency in the study of both testaments.

## Certificate in Marriage and Family Therapy

### Program Objectives

Because the vast array of persons in the helping professions are faced with the need for expertise in resourcing couples and families, the WES Graduate Department of Counseling provides the special training and expertise required for working effectively with couples and families.
Helping professionals — e.g., licensed professional counselors, clinical psychologists, social workers, parole officers, pastors, youth workers, nurses, physicians, school counselors, attorneys, plus marriage and family therapists—who want and need to be more effective in their service to parents, couples and families, can avail themselves of a variety of educational and training opportunities at WES.

A person may take an occasional continuing education offering, or one may wish to enroll in the Certificate in Marriage and Family Therapy program that includes not only essential seminars and course work but also a supervised clinical experience in marriage and family therapy in one or more community settings.

Licensed Professional Counselors and others who hold at least a master’s degree in counseling or a closely related field may qualify to pursue becoming a full clinical member of the American Association for Marriage and Family Therapy and an Oregon Licensed Marriage and Family Therapist. In addition, courses are available that lead to certification with the Association for Couples in Marriage Enrichment and Interpersonal Communication Programs, Inc.

Certificate Requirements

Each certificate applicant will be assessed and a plan of training developed according to his/her specific needs. Post-baccalaureate work completed with a grade of “B” or higher from an accredited school may be considered for transfer credit. Transfer credit will be limited to 12 semester hours and is subject to approval of the Graduate Department of Counseling. Applicants will be required to address any academic deficiencies they have. Further, certificate students will go through a personal candidacy interview and undergo a minimum of 20 hours of therapy with a qualified, approved marriage and family therapist.

The following information applies to graduate students attending George Fox University. If a policy is specific to a graduate program or to the seminary, it will be noted. Each graduate program of George Fox University has its own policies related to enrollment and academic requirements. Graduate students should consult their own program directors with regard to specific policies.

ACADEMIC SESSIONS AND CREDITS

The academic year at George Fox University is divided into two semesters of 15 weeks, including a four-day examination period plus orientation and registration. In addition, the University operates a summer session which is integral to all graduate programs offered by the University and seminary.

The unit of credit is the semester hour, which normally is granted for the successful completion of a course meeting 50 minutes per week for one semester. Credit for all courses is indicated in semester hours. All student requirements, advancements and classifications are based on these units.

GUARANTEES AND RESERVATIONS

George Fox University guarantees that the student may graduate under the requirements stated in the Catalog at the time of matriculation, provided attendance is continuous and full time. Likewise, a student may graduate under the major requirements in force at the time of admission to a major field, provided attendance is continuous and full time.

Two exceptions may be noted:
1. In the event of a change in requirements in a major field, the student may elect to fulfill the requirements of a revised program, provided attendance has been continuous and full time;
2. The University may face a situation beyond its control and for- sight that may necessitate a revision in available courses. In such situations, the interests of the student will be protected.

The University reserves the right to withdraw courses with insufficient enrollment, add courses for which there is demand, upgrade programs, revise teaching and time assignments, regulate class size, adjust administrative procedures, and determine levels of competence of students and pre-requisites for admission to classes and programs.

ATTENDANCE

Registration

Students should plan to register at the time designated in the official calendar. No student will be received after the first academic week of any semester except by approval of the Dean and Registrar. Classes missed because of late registration will be regarded the same as an absence.

Class Attendance

The responsibility rests with the student to maintain good standards involving satisfactory scholarship. Regular class attendance is expected of each student in all courses. Class work missed because of absence may be made up only in the case of prolonged or confining illness, death of relatives, or similar emergencies.

The University calendar provides the contractual instructional dates for teachers and students. Students are expected to attend classes through the last day of each semester, unless illness or an emergency situation exists.

1. Graduate students should realize that regular attendance enhances the value of a course. Students who have a record of good attendance commend themselves to the faculty when consideration is given to degree candidacy and recommendations.

CLASSIFICATION OF STUDENTS

Graduate Students

Graduate students are defined by requirements set forth by the various graduate programs. Normally a graduate student is one with a B.A. or B.S. degree from a regionally accredited college or university who has successfully met the entrance requirements for graduate study.

Full-Time Status

Full-time student status in all degree programs is eight semester hours. A student need not maintain full-time status but should be aware of the continuous enrollment policy and that financial assistance programs are limited to those enrolled at least half time, which is four to seven hours per semester. Only full-time students may represent the University in an official capacity or may hold a major office in an organization.

Regular Students

A Regular Student is defined as one who has been formally admitted to graduate study leading to a master’s degree or doctoral degree program.
Special Students

Special Student is the term used for either of the following:

1. A student who is not seeking a George Fox University degree and does not intend to do so. This student is taking courses solely for personal or professional enrichment.

2. A student who is interested in pursuing a George Fox University degree but has not been formally admitted to graduate study. Generally, this classification includes non-degree students enrolled for less than eight semester hours. Any Special Student wishing to enter a degree program must fulfill regular admissions requirements. Special Student enrollment does not guarantee subsequent admission to any graduate program/department.

Special Students may be required to receive permission from the director of the graduate program prior to enrolling in courses. Some graduate programs limit the number of hours a Special Student may take or require approval.

Probation and Provisional Students

A student whose cumulative grade point average falls below the level established for academic progress will be classified as a Probation Student. Graduate programs have established minimum grade point average standards for academic progress. Students should refer to the program manual for the minimum grade point required for continuation in the program. A student placed on probation status may continue to receive financial aid. An applicant who does not meet the total expectations for admission may be admitted as a Provisional Student.

REGISTRATION

Registration for new students entering fall semester is held during New Student Orientation just prior to the start of the semester. Thereafter, registration periods are held each semester. Students must meet with their faculty advisors prior to registration to discuss their course load and obtain approval for courses selected.

All students are expected to register on the days designated on the University calendar and to begin classes on the first day. Late registrations will be assessed an additional fee. The Registrar annually publishes a class schedule booklet with specifics for registration. In addition, each student should be aware of the regulations that appear under the title “Course Numbering System” on page 17 and those included in the class schedule booklet.

GRADUATE ADVISING AND LOAD

A typical graduate student load is 12 hours in a given semester. Eight hours is required for full-time status. Normally the student’s load is determined by graduate program requirements and in consultation with the student’s advisor. Advisors are assigned early in the student’s program.

Advisors

Faculty advisors are assigned to all entering students by the director of the graduate program to which the student is admitted. Only full-time regular faculty serve as advisors. Where possible, accommodation is made for matching students with faculty in their primary field of study or who are their personal preference. However, advisee loads and other considerations may dictate student-advisor assignments.

The M.B.A. and M.A.T. programs are cohort-format programs, and all students take courses in a prescribed sequence. However, faculty members advise students during the project phases of these two programs. Faculty advisors for other graduate programs are assigned by the individual program director as needed.

Faculty advisors meet with students each semester prior to registration for schedule planning. While it is the final responsibility of the student to ensure the appropriate courses are taken, the faculty advisor assists in this process. The faculty advisor’s signature is required on all registration and change of registration forms before any action will be taken by the University Registrar. The faculty advisor or graduate program director will verify all course requirements have been satisfied prior to graduation.

Graduate Academic Load

The student’s load will be determined in conference with the student’s advisor. Twelve hours per semester is a normal University load for graduate students. Students who carry fewer hours are adding considerably to the

AUDITORS

Subject to instructor and/or graduate program director approval, any Regular or Special Student may audit courses from which he or she wishes to derive benefit without fulfilling credit requirements. Auditors are not permitted in some graduate programs because of the cohort model and program requirements. Additionally, prerequisite course requirements must be met before approval to audit will be granted. This must be established with the Registrar at time of registration and is permitted on a space-available basis. Class attendance standards are to be met. Students may not change from audit to credit or credit to audit once the semester begins. Tuition is charged at a reduced rate, generally one-half regular tuition.

CONTINUING EDUCATION

Continuing Education Units (CEU) are available for selected conferences and seminars associated with WES and affiliated institutes. A fee will be charged for each CEU registration above the regular conference participation fee or class audit tuition. Persons wishing to establish a CEU file with the seminary may do so for an additional one-time fee.
cost of education by extending the
time involved to earn their degree. No student may enroll for more than 20
hours, except by special permission of
the faculty advisor and the Registrar.

Course Additions
- After classes begin, a later admis-
sion to class must have the approval of
the instructor involved on a form available
in the Registrar’s Office or WES
Enrollment Services Office.
- The last day to add courses or to
exercise a pass/no pass option is estab-
lished in the calendar in this Catalog.

Course Withdrawals
- A student wanting to drop or
withdraw from a class or from the
University must secure the proper
form from the Registrar’s Office (or
WES Enrollment Services Office).
Without the form, an “F” is recorded
for all courses involved. There is a
fee of $10 for a course withdrawal,
though not for complete withdrawal
from the University.
- Withdrawal from a course (with
a “W”) must be completed within
the first nine weeks of the semester.
Beyond this date, a petition to the Vice
President for Academic Affairs
is required, and cause (emergency con-
ditions) must be established.
See calendar in this Catalog.

THE GRADING SYSTEM
Semester grades are determined
by the instructor’s evaluation of the
student’s daily participation in class,
performance on periodic tests, work
on research papers and class projects,
and achievement on final examina-
tions. Grade points are assigned for
each hour of credit earned according
to the following system:

Plus (+) and minus (−) grades may be
designated by a professor
and will be entered on the transcript.
Points will be calculated for the
student’s grade point average accord-
ingly.

The grade “I” is allowed if a student
incurs illness or unpreventable and
unforeseeable circumstances that make it
impossible to meet course require-
ments on time. Request for
an “I” grade is initiated with —
and approved by — the Registrar.
A contract showing the work to be
completed and the completion date
is prepared in consultation with the
instructor and filed with the Registrar.
An “I” not completed by the date indi-
cated or within one semester will be
changed to the grade assigned on the
incomplete form.

An “L” grade (long-term grade)
designates satisfactory progress in a
course whose objectives continue for
more than one semester. The “L” will
be replaced by either a “P” grade or
a point-receiving grade. This is not
an incomplete or “I” grade.

An “X” grade indicates the instruc-
tor did not report a grade to the
Registrar’s Office.
A student may repeat a course in
which the grade of “D,” “F,” “W” or
“I” is received, but the first grade also
remains on the record. The cumulative
grade point average is computed on
the last grade achieved.

Pass/No Pass
A pass/no pass option is available
for one course per semester on non-
major electives. Some courses are
offered only on a pass/no pass basis
and are not subject to this limitation
(COU 591, 592, 593, 594; MFT 591, 592,
593, 594; PST 575; SFD 510,
520, 530; and Research Thesis 590).
Other courses may not be taken on a
pass/no pass basis. Pass is the equiva-
 lent of a “C” or above. No pass indi-
cates the level of “C-” or below. No
units of credit are given for courses
that receive a “no pass.” If a student
anticipates additional graduate work,
it is not advisable to take many
courses pass/no pass.

Repeating a Course
A course may be repeated once
to improve a poor or failing grade
(D, F, or No Pass). A repeated course is
treated as part of a student load, but
when a course is repeated, the previ-
ous units of credit (though not the
grade) are erased from the transcript.
The new grade and credit
hours show on the transcript during
the semester in which the course is
repeated. Only the grade received in
the repeated course, however, is com-
punted in the grade point average.

Graduation Grade
Point Average
Graduate students, in programs other
than those at Western Evangelical
Seminary, must maintain a B average
(3.0) to be eligible for graduation.
No more than eight semester hours of
C work (C+, C, or C-) can be counted
for one course per semester on non-
major electives. Some courses are
offered only on a pass/no pass basis.
Other courses may not be taken on a
pass/no pass basis. Pass is the equiva-
 lent of a “C” or above. No pass indi-
cates the level of “C-” or below. No
units of credit are given for courses
that receive a “no pass.” If a student
anticipates additional graduate work,
it is not advisable to take many
courses pass/no pass.

Western Evangelical Seminary:
Students in the Master of Divinity
program must have a 2.5 grade point
average to graduate. Students in all
other seminary programs must have
a 2.7 grade point average to graduate.
The grade point average will include
all course work taken for letter grades.
ACADEMIC PROGRESS AND ELIGIBILITY

Graduate students are expected to be aware of the policies related to satisfactory academic progress within their own graduate program. Students are expected to maintain satisfactory academic progress as defined by their degree program.

The student’s semester grades with a cumulative GPA are posted on the grade report given to the student within two weeks following the close of each semester. The GPA is based on George Fox University credits only.

A student not achieving satisfactory academic progress (as defined by the graduate program in each school) may be academically suspended or dismissed. Students may appeal an academic suspension or dismissal through the Academic Standing Review Committee. All appeals must be made in writing and directed to the University Registrar. Students may be asked to appear before the committee.

Satisfactory Academic Progress and Dismissal

A student on regular, probational or provisional status is considered to be making reasonable academic progress. The student’s semester grades with a new cumulative grade point average are posted on the grade report given to the student within two weeks following the close of each semester. The grade point average is based on George Fox University credits only.

Master of Divinity students must maintain a grade point average of 2.5 to be eligible for continued enrollment. All Master of Arts students enrolled in seminary programs must maintain a grade point average of 2.7 to be eligible for continued enrollment. Students enrolled in master’s and doctoral programs which are not part of the seminary must maintain a grade point average of 3.0. A student is on probation when her or his grade point average falls below this standard. The student is given one semester of probation to achieve the above standard.

A student not achieving satisfactory academic progress may be academically suspended or dismissed. Students may appeal an academic suspension or dismissal through the Academic Standing Review Committee. All appeals must be made in writing and directed to the University Registrar. Students may be asked to appear before the committee. When a student’s appeal is approved by the Academic Standing Review Committee, he or she is reinstated to the University on a probational status.

Students receiving Title IV financial assistance must maintain satisfactory academic progress as outlined above. If the student’s grade point average does not meet or exceed the minimum standard set by the committee, after one semester of probation, the student will not be eligible to receive further aid until the minimum standards are met. Cases of exceptional circumstances are considered on an individual basis.

In addition to satisfactory grades, Title IV recipients must be enrolled for a minimum of four credits (half time) each semester. Graduate students must show that a degree program will be completed within the following time frames in order to continue eligibility to receive Title IV funds.

Academic Appeals

Academic actions can be appealed to appropriate University authorities and an Academic Appeals Board. Appeals are taken to be good-faith actions that request reexamination of academic decisions. All appeals must be made within limited time frames depending upon the action being appealed. Additional information is available in the Academic Affairs Office.

CONTINUOUS ENROLLMENT AND LEAVE OF ABSENCE

Upon being admitted to a graduate degree program, the student is expected to enroll for a minimum of three hours per semester or nine hours per year, and to be in continuous enrollment each semester until graduation. If the student finds this impossible for a particular semester within the regular school year, a leave of absence form must be submitted to the Registrar’s Office, and a leave of absence granted for that specific semester. Students in their final year must maintain continuous enrollment until the hours needed for graduation have been completed. Students who have not maintained continuous enrollment and/or received a leave of absence may request to be reinstated subject to faculty approval and recommendations.

Discontinuance of Enrollment

Enrollment at George Fox University is based upon an expectation that the student will perform responsibly in every area of life. A student may be denied re-enrollment, or enrollment may be suspended for failure to achieve minimum academic standards, failure to meet financial obligations to the University, or for cause.
SECOND DEGREE
Students earning a second degree pay an additional $20 graduation fee if participating in only one ceremony; otherwise, they pay an additional $50 graduation fee for the second degree.

ACADEMIC HONESTY
It is assumed that students at George Fox University will endeavor to be honest and of high integrity in all matters pertaining to their university life. A lack of respect and integrity is evidenced by cheating, fabricating, plagiarizing, misuse of keys and facilities, removing books and other property not one’s own, defacing and altering, and the disruption of classes.

Cheating is defined as “intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise.” It is assumed that whatever is submitted by a student is the work of that student and is new work for that course. Fabrication is “intentional and unauthorized falsification or invention of any information or citation in an academic exercise or form.” Plagiarism is “intentionally or knowingly representing the words or ideas of another as one’s own.” One who facilitates any of the above is equally responsible with the primary violator.

Penalties may include restitution, an “F” on an individual paper or exam, loss of campus position or employment, an “F” on a course, disciplinary probation, removal from extracurricular or athletic activities, and suspension.
WESTERN EVANGELICAL SEMINARY ACADEMIC PROGRAM INFORMATION

The following information pertains to the seminary programs only.

Therefore, certain courses may be waived if previous study or expertise parallels the course under consideration in content, level and method. This determination shall be made by the course instructor and requires the approval of the faculty advisor and Dean. If the waiver is granted, an equivalent number of hours will be required in the same department.

WES Graduate Research Program/Thesis Option
Graduate research is a serious academic inquiry into a selected area of study with a view to obtaining information hitherto unknown to the researcher. This inquiry is then presented in acceptable written form for the benefit of other readers.

The graduate research program goals are threefold:

1. To develop facility in the principles and techniques of literary and empirical research;
2. To increase the student’s knowledge in an area of concentrated study;
3. To build within students a habit of asking questions and seeking answers which will serve them well as practitioners in their chosen field of ministry.

The values of this phase of the student’s total preparation for life’s work are as follows:

1. To discourage the practice of making hasty generalizations based upon insufficient evidence;
2. To encourage thoroughness of study and research in preparation for the varied tasks faced by the practitioner;
3. To develop expertise in research and in formalizing research findings.

GENERAL REQUIREMENTS
1. In order to enter the graduate research program, a student must have completed 26 semester hours in an M.A. degree program or 54 semester hours in the M.Div. program.

2. Students must have a cumulative grade point average of at least 3.00 to be eligible to write a thesis or complete a graduate research project.

3. For Graduate Department of Ministry students, the professor teaching PST, BST, CHT, CED or SFD 590 shall serve as faculty advisor and will have primary responsibility for overseeing thesis work. For Graduate Department of Counseling students, this function will be fulfilled by the professor teaching COU or MFT 582. Each student shall choose an additional faculty member who will serve as second reader. The second reader should be knowledgeable in the chosen research area and serve as a resource person as well.

4. Graduate research requires a substantial foundation of course work in the field to be investigated.

5. Thesis.

(a) The thesis requires the establishment of a specific problem to be solved and conclusions reached. This occurs in the form of a hypothesis which must be supported by the literature study/review. In the counseling programs, the hypothesis will be tested using the proposed empirical research method. In the ministry programs, the hypothesis will be tested using the methodology most suited to the student’s discipline.

(b) The thesis is intended not only to add to the student’s personal understanding of a given subject area, but to contribute something new to the common store of knowledge in that subject area.
6. Graduate Research Project.

(a) The project requires the identification of a need which exists (e.g., grief counseling for pastors) and then presents the solution (e.g., a pastoral manual for grief counseling).

(b) The project is designed to bring information together in a practical and presentable format.

7. In order to be accepted into the graduate research program, a student must submit an acceptable proposal to the department faculty. The first draft of this proposal must be submitted to the faculty research advisor prior to November 1. For Graduate Department of Counseling students, this is in the term before the student enrolls in COU/MFT 582 Research and Evaluation. The final proposal must be submitted to the faculty research advisor by December 15. The proposal should reflect the fact that the student already has consulted with the research advisor, adequately defined and limited the proposed area of inquiry or need, structured a method of inquiry or solution, and done preliminary research in available bibliographic and other resources.

In determining the acceptability of the proposal, the faculty will look for the following elements:

(a) title page;

(b) summary of the area of inquiry, with hypothesis;

(c) proposed research method and procedure;

(d) discussion of the expected results;

(e) justification of the proposed research, including its general usefulness and its anticipated benefits to the student particularly;

(f) a listing and/or discussion of course work and other personal resources upon which the student can draw to complete the project;

(g) proposed schedule for completion;

(h) preliminary bibliography, reflecting substantial survey of available resources already carried out;

(i) signed and dated approval of faculty research advisor.

8. All work submitted, from proposal to final draft, must follow the appropriate form and style of the discipline, e.g., American Psychological Association (APA) Guidelines for Publication for Graduate Department of Counseling students.

9. All Graduate Department of Counseling students must register for COU/MFT 582 Research and Evaluation for the spring semester. Graduate Department of Ministry students may register for PST/BST/CHT/CED/SFD 590 Research/Thesis for the fall or spring semester.

10. In counseling programs, the student and the professor teaching COU/MFT 582 shall determine whether the student is adequately prepared to register for COU/MFT 590 Research/Thesis for the fall or spring semester.

11. A thesis requires a one-hour oral defense before the research advisor and the second reader. Notice of the defense will be given to the student and appropriate department faculty at least one week in advance. Oral defenses will take place during the first two weeks of April.

12. Black ink is the only acceptable color for theses.

13. Final copies must be submitted in letter-quality type by April 1. Following the defense, the student will complete additions or changes requested by the faculty research advisor and second reader.

14. Once the student completes any required changes, the faculty research advisor and second reader will sign an Approval Page. Two copies of the final version must be turned in on paper with at least a 75 percent rag content. These copies are due the last day of classes spring semester. Note: This is following the defense; these are formal, archival copies.

15. Each copy must have an original (not photocopied) approval sheet signed by the faculty research advisor and the second reader.

16. Duplicate copies should be made of all work, including rough draft and bibliography, to protect against inadvertent loss of materials.

17. Grading policy: All thesis projects will be graded on a pass/no pass basis.

♦ SUGGESTED SCHEDULE

Fall semester: Meet with faculty research advisor. Conduct literature review.

- November 1: First draft of proposal to faculty research advisor.
- December: Advisor presents proposal to department faculty.
- January-March: Conduct empirical study. For the counseling student, this may be done in conjunction with project for COU/MFT 582.
- March 15: First draft.
- April 1: Final draft.
WES Research Scholars
A research scholar is given opportunity to work closely with a professor, usually through the course of an entire year. This may include participation in his/her teaching ministry and assisting with syllabus preparation, classroom presentations, student evaluation, test construction, etc. It also may involve research for special projects related to instruction or publication. Students who desire such an educational experience are carefully screened and must meet high personal and academic standards. Selection usually is made prior to the beginning of the academic year. The Dean’s approval is required.

WES Teaching Assistants
A teaching assistant is given opportunity to work closely with a professor and participates in his/her teaching ministry. Usually this includes an involvement in syllabus preparation, classroom presentations, student evaluation, test construction, etc. Preparation includes advanced study and research in the subject area, as well. Students who desire such an educational experience are carefully screened and must meet high personal and academic standards. The Dean’s approval is required.

Off-Campus Courses
A maximum six hours credit will be allowed toward the Master of Divinity degree for participation in seminars held off campus previously approved by the appropriate school. Four hours of credit will be allowed toward the Master of Arts degree. Regular tuition rates apply above any fees which may be associated with the off-campus activity.

Study Tours
When a member of the faculty leads a study tour which includes graduate learning experiences, an enrolling student may request credit. Registration is to be completed prior to the semester encompassing the tour dates. Credit hours and course requirements will be determined by the faculty member and approved by the Dean.

Time Limitations
After degree candidacy has been granted, the student must complete the program within a five-year period following the commencement exercises after granting of candidacy. One extension request may be considered under special circumstances, such as ill health. If the program is not completed by that time, the candidacy shall lapse. A student wishing to re-establish candidacy will need to re-apply to the faculty of the appropriate school, who shall have jurisdiction to make any further requirements deemed necessary for such reinstatement.

Special Study
Special Study refers to a specially designed and individually tailored course of research involving in-depth study of a particular question, problem or issue presented by the student. The student must develop a special study proposal with an instructor who will oversee the study and obtain the approval of his/her advisor and the departmental chair. The student registers for the special study during the regular registration period prior to the semester of the study. Special arrangements for regular courses of study are not permitted.

Seminar Courses
A seminar represents the involvement of a group of students with a professor studying a specially selected topic. Students are encouraged to submit suggestions for seminar topics to the departmental chair. Such requests, as well as faculty interests and special opportunities, will be considered in arrangements for a seminar.
GRADUATE ADMISSION

George Fox University offers nine graduate programs: a doctoral program in clinical psychology (Psy.D.); three master’s-level programs in business administration (M.B.A.), education (M.Ed.), and teaching (M.A.T.); and five seminary programs leading to Master of Divinity (M.Div.), Master of Arts in Christian Education, Master of Arts in Counseling, Master of Arts in Marriage and Family Therapy, and Master of Arts, Theological Studies degrees. See page 71 for admission information pertaining to Western Evangelical Seminary.

To be considered for admission, applicants are normally required to have a bachelor’s degree from a regionally accredited college or university with a minimum 3.0 grade point average in their last two years of academic work.

Individual graduate programs have unique admission requirements and procedures established by the University. Application information for graduate study is available upon request. Write to the Graduate Admissions Office, George Fox University, 414 N. Meridian St. #6039, Newberg, OR 97132-2697; or request an application by calling 1-800-631-0921.

Meeting minimum entrance requirements of a given program does not guarantee admission. Admission may be granted to applicants who do not meet all admission requirements at the minimal level if other indicators suggest probable success in the program.

Standardized admissions examination requirements vary according to program. Information about required tests and testing dates and sites may be obtained from the Graduate Admissions Office at George Fox University.

Admission Procedures for Graduate Students

Application deadlines for graduate programs vary. Please consult the application packet and program brochure for complete information. (See page 71 for seminary admission information.)

Applicants to graduate programs at George Fox University must submit the following materials to the Graduate Admissions Office:

1. Application for admission to the appropriate program for which admission is sought. (A second application to George Fox University is not required.)
2. $25 application fee.
3. If applicable, a passing score on the program-required entrance examination. Scores normally must be less than five years old to be acceptable.
4. Official transcripts from post-secondary institutions attended (two official copies are required for the Master of Arts in Teaching program).
5. Three or four recommendations, depending on the program for which admission is sought (forms are included in the application packet).
6. Admission Statement or Writing Sample, as required by the program.
7. An interview is part of the admission process for all graduate programs. Applicants will be contacted by the University if selected for advancement to the interview stage.
8. If applying for financial aid, complete a Free Application for Federal Student Aid and submit it to the processing agency as soon after January 1 as possible. Forms may be obtained by writing to the Financial Aid Office or Graduate Admissions Office at George Fox University. Students are considered for financial assistance after they have been accepted for admission. To permit maximum consideration for financial aid, it is recommended that the application process be completed by May 1.

Refer to application packets or Catalog descriptions of individual degree programs for the specific admission requirements.

George Fox University reserves the right to select students on the basis of academic performance and personal qualifications. George Fox University does not discriminate on the basis of age, race, sex, handicap, or national or ethnic origin in its educational programs or activities.

Services to Disabled Students

A caring campus community — students, staff and faculty — reaches out helpfully and appreciatively to all students. Disabled students are welcomed, respected, and assisted to grow.

Instructional assistance for visually challenged students is available through the learning laboratory and assistance from readers. Where necessary, course requirements are adjusted to extend but not exceed the capability of the student.

Disabled students needing accommodations should contact the Enrollment Services Office well in advance of attendance so that specific attention can be made to develop an accommodation plan.

International Students

George Fox University is authorized under federal law to enroll non-immigrant international students. Prospective students who are not United States citizens are encouraged to apply early. To be considered for admission, an international student must complete all general admissions procedures required of American students and submit a Declaration of Finances form or demonstrate adequate funds by a certified bank statement. Immunizations must be up-to-date and documented.
International students (F-1 visa students or J-1 visa students) must show proficiency in the English language by posting a score on the Test of English as a Foreign Language (TOEFL) of at least 500 and a score on the Test of Written English of at least 4. Students with a score between 500 and 550 will be provided a one-hour tutorial during their first semester at George Fox University to improve their ability to write in English and to develop more effective study strategies. Students not showing proficiency at the above-described levels may apply for admission to the George Fox University English Language Institute.

Readmission of Former Students
To apply for readmission after an absence of one or more semesters, a student should request an Application for Readmission from the Graduate Admissions Office. If two or more years have elapsed, he or she must meet any new or revised graduation requirements and may be asked to go through regular admission procedures.

Students who drop out to attend another program risk acceptance of that credit on return unless such has been approved by the graduate program director and the Registrar prior to leaving.

Part-Time Students
Individuals who would like to take less than a full-time load (1-7 hours) may apply as a part-time student. Application forms and counseling regarding courses are available in the Registrar's Office. Because of the cohort format of the M.A.T. and M.B.A. programs, part-time attendance is not permitted. The Graduate School of Clinical Psychology director must approve part-time attendance for non-admitted students. Applicants are requested to pay the nonrefundable $30 application fee, and tuition is based on the current per-credit-hour rate.

Campus Visitation
Students interested in enrolling at George Fox University are encouraged to visit the campus, preferably when classes are in session. A visit provides an opportunity to observe classes, see the campus facilities, and talk with students and professors. It also will give University personnel an oppor-tunity to get to know the student better. When possible, visits should be arranged five days in advance through the Graduate Admissions Office, which is open on weekdays, 8:00 a.m. to 5:00 p.m.

Prospective graduate students may arrange campus visits by contacting the Graduate Admissions Office at 1-800-631-0921.

WESTERN EVANGELICAL SEMINARY ADMISSION

Prospective Students
Applications for master’s degree and certificate programs may be obtained from the WES Enrollment Services Office. Prospective students are encouraged to visit the campus or participate in one of several “Experience WES” preview events held throughout the year. Arrangements should be made in advance with the Office of Enrollment Services. Opportunities will be provided for visits with members of the faculty, students and staff; attendance in classes; and informal discussions.

Admission Criteria for Master’s Degree Programs
An applicant of good Christian character who has a baccalaureate degree from a college accredited by a recognized accrediting association may be granted Regular Student status upon presentation of a satisfactory transcript indicating that the applicant has a cumulative grade point average of 3.0 (based on a 4.0 standard). An applicant whose cumulative grade point average is below this may be considered for admission on academic probation.

A limited number of applicants holding baccalaureate degrees from colleges not accredited by a recognized association may be considered for admission. If approved, such an applicant will be granted probationary or conditional admission.

Any student whose first language is not English must score 520 on the TOEFL examination for admission consideration. Scores of 500 to 519 are considered, but if admitted, an English tutorial is required. Scores less than 500 may enter into the University’s ESL program. An entry assessment test is given. Those who are placed in the highest ESL level may take an additional course while in the ESL program. Those who successfully complete the ESL program may be considered for admission into a degree program.

International students must have an approved financial guarantor and the endorsement of a denominational official before their application will be considered.

Application Procedures
An application may be obtained by contacting the WES Office of Enrollment Services.

Western Evangelical Seminary/George Fox University admits students without regard to disability, sex, age, race, color, and national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at WES.

In addition to the application form, each applicant must supply the following supporting materials:

1. Three recommendations as indicated on the application using the forms provided.

2. An official transcript from each college, university or seminary attended. (If a baccalaureate program is in progress, a final transcript indicating receipt of the degree must be furnished before the applicant may matriculate.)
3. A personal biographical statement as indicated on the application.

4. $30 application fee.

Once all materials have been received by the WES Office of Enrollment Services, the admissions committee will review the application. In some cases, for some programs, a group or personal interview is required. The admissions process is confidential, and Western Evangelical Seminary/George Fox University reserves the right not to give reasons for refusal to admit an applicant.

Application Deadlines
Prospective students are encouraged to apply by May 1 since financial assistance decisions are made shortly thereafter. Applications are welcome after that date, although applicants should be aware they will be considered on a space-available basis, and only federally funded Stafford Loans will be available for financial assistance. Because financial assistance is extremely difficult to obtain mid-year, the University encourages students with these needs to enter in the fall semester.

Application deadlines are:
• Fall semester July 1
• Spring semester December 1
• Summer semester April 1

International Students
George Fox University is authorized to enroll non-immigrant international students. In addition to the standard requirements for admission, international applicants also must submit the following materials:
1. Results of the Test of English as a Foreign Language (TOEFL) for students whose first language is not English.

2. Financial certification materials testifying to the applicant’s ability to meet travel, educational and living costs for the duration of study in the United States. U.S. Immigration and Naturalization Services regulations governing F-1 student status require compliance. George Fox University may not send the admitted student an I-20 form, which allows the student to obtain a visa, until full financial certification is on file with the WES Office of Enrollment Services.

3. Endorsement of a denominational official certifying the need for the student to pursue studies through WES. These materials must be on file before the international applicant will be considered for admission.

4. A transcript evaluated in English based on the standards established by the National Council on the Evaluation of Foreign Educational Credentials at the student’s expense.

Transfer Students
A student from another seminary or graduate program may be admitted to WES and receive transfer credit for some or all of the course work completed within the standards for transfer credit.

Post-baccalaureate work completed with a grade of “B” or better and from an accredited school may be considered for transfer credit into either a Master of Divinity or Master of Arts program through WES. Only courses which meet program requirements will be considered. Transfer credit will be limited to:
• Master of Divinity: 64 semester hours
• Master of Arts, Theological Studies: 32 semester hours
• Master of Arts in Christian Education: 32 semester hours
• Master of Arts in Counseling: 21 semester hours
• Master of Arts in Marriage and Family Therapy: 26 semester hours

Non-Degree Students
Those interested in taking a limited number of courses, courses on an audit basis, or courses for transfer to another institution may do so on a space-available basis. The regular admission criteria will apply. An abbreviated application is available from the WES Office of Enrollment Services.

Pre-Seminary Studies
The Association of Theological Schools has issued certain statements to guide those undergraduates who are contemplating a seminary course leading to a M.Div. degree. The preparatory training outlined by the association is to be taken as suggestive and helpful rather than mandatory for the undergraduate.

THE FUNCTION OF PRE-SEMINARY STUDIES
College courses prior to theological seminary should provide the cultural and intellectual foundations essential to an effective theological education. They should include at least three broad kinds of attainment.

1. The college work of a pre-seminary student should result in the ability to use certain tools of the educated person:
   a) The ability to write and speak English clearly and correctly. English composition should have this as a specific purpose, but this purpose should be cultivated in all written work.
   b) The ability to think clearly. In some persons, this ability is cultivated through courses in philosophy or specifically in logic. In others it is cultivated by the use of scientific method, or by dealing with critical problems in connection with literary and historical documents.
   c) The ability to read at least one foreign language and in some circumstances more than one.

2. The college work of a pre-seminary student should result in an increased understanding of the world in which we live:
   a) The world of people and ideas. This includes knowledge of English literature, philosophy and psychology.
   b) The world of nature. This is provided by knowledge of the natural sciences, including language work.
   c) The world of human affairs. This is aided by knowledge of history and the social sciences.
3. The college work of the pre-seminary student should result in a sense of achievement:

a) The degree of the student’s mastery in a field of study is more important than the credits and grades that are accumulated.

b) The sense of achievement may be encouraged through academic concentration, or through “honors” work, or through other plans for increasingly independent work, with as much initiative on the student’s part as he/she is able to use with profit.

♦ RECOMMENDATION ON RELIGION IN PRE-SEMINARY STUDIES

The faculty of WES encourages the pre-seminary student to take advantage of opportunities available for religious studies, whether as part of the undergraduate curriculum or in the less formal settings of local church classes or collegiate university fellowships. These studies will help prepare the student for a graduate-level theological education in seminary. The pre-seminary student also is encouraged to take advantage of opportunities available for practical experience in Christian ministry, whether in the context of the local church or in some campus ministry. Such experience will help make the student’s seminary training more meaningful and advance his/her general preparation for leadership in Christian ministry.

Advanced Standing

George Fox University will consider applicants for advanced standing at WES subject to the following:

1. Students admitted with advanced standing may be granted such standing

a) without credit by exempting students from some courses but not reducing the total number of academic credits required for the degree, or

b) with credit by reducing the number of hours required for the degree.

2. If George Fox chooses to grant advanced standing with credit, it must determine by appropriate written and oral examination that students have the knowledge, competence or skills that normally would be provided by the specific courses for which they have been admitted with advanced standing.

3. Advanced standing with credit cannot be granted on the basis of ministerial or life experience or the content of undergraduate work alone.

4. If advanced standing is granted with credit on the basis of appropriate evaluation, not more than one-sixth of the total credits required for an ATS-approved degree may be granted in this way.

5. At least 50 percent of the concentration hours must be taken at WES.

6. A student must meet the minimum residency requirements of the individual programs: 32 hours for the Master of Divinity; Master of Arts, Theological Studies; and Master of Arts in Christian Education; 27 hours for the Master of Arts in Leadership; 43 hours for the Master of Arts in Counseling; and 53 hours for the Master of Arts in Marriage and Family Therapy.

7. Appropriate fees may be assessed for processing and evaluation.

8. Faculty may identify certain courses that are not available for advanced standing.

Partners in Ministry Program for Spouses

Western Evangelical Seminary’s Certificate for Spouses/Partners in Ministry program is designed to equip the spouse to be an effective partner in ministry; to assist the spouse in his/her own self development; and to acquaint the spouse with the expectations and stresses of ministry.

The spouse of any degree-seeking student may participate. A bachelor’s degree is not required. Courses are subject to a space-available basis. Scholarships are available to participants, but limited to the courses which make up the program.

Courses are taken for credit and limited to one course per semester. Satisfactory completion of all courses is required for the certificate.
George Fox University maintains high educational standards at the lowest possible cost. The individual student pays about 74 percent of the actual cost of education. The remainder of the cost is underwritten by gifts from alumni, friends, churches, businesses and institutions.

The Board of Trustees reserves the right to adjust charges at any time, after giving due notice. No changes will be made during a semester, nor, unless special circumstances make such action necessary, will changes be made during a given academic year.

- Per semester: $30
- Annual: $50
SCHEDULE OF REQUIRED DEPOSITS

New full-time students are required to pay a $100 tuition deposit by the date established by the graduate program. This deposit will be applied against the first-semester tuition.

FINANCIAL ARRANGEMENTS

All charges made by the University are due prior to the beginning of each semester or may be made on an installment basis by either annual or semester plans. Students receiving financial aid must complete all necessary arrangements well in advance of registration. Students who are securing a loan from financial institutions or agencies (e.g., a federally insured bank loan) that still may be pending at the time of registration must have a letter of commitment from the lender acceptable to the University. Service charges will be made on unpaid accounts even though a loan is pending, so the loan application process should be started early.

Earnings from work-study jobs are given directly to the student. These jobs are not guaranteed, therefore the earnings cannot be credited to a student account in advance. Interest will be charged on accounts being paid from work-study earnings.

Payment for summer tuition is due in full when billed.

Students may be asked to leave at any time during a semester if appropriate arrangements have not been made at the beginning of the semester or if the student becomes delinquent on installment payments.

Restrictions

The University will withhold transcript of records and diploma until all University bills have been paid. Students will not be permitted to attend for a new semester until all bills are paid for the previous session.

Refund Procedure

Students entitled to refunds for withdrawal from a class or withdrawal from the University must complete the appropriate form, available from the Registrar’s Office (or WES Enrollment Services Office).

Upon completion of the form, it will be submitted to the Student Accounts Office, where the refund, if any, will be determined according to the following refund policy.

REFUND POLICY

Withdraws prior to or on the first day of the semester will be granted a 100 percent refund, minus the lesser of 5 percent or $100 for processing. In the case of cancellation of preregistration, this fee will be waived if notice is made by July 15 for fall semester and prior to Jan. 1 for spring semester.

During a semester, there are two types of withdraws: partial withdraws and complete withdraws. A partial withdraw is when students drop part of their class load after the first day of the semester. A complete withdraw is when students withdraw from their entire course load after attending one or more classes. All refunds will be applied first to financial aid, according to the federal refund policy, and second to the student’s outstanding balance.

Refunds on applicable charges will be made according to the following:

1. Partial withdraw. The last date the student attended classes will be used to compute the percentage of refund.

Partial withdraw refund schedule:

- First week of classes: 100%
- Second week: 90%
- Third week: 80%
- Fourth week: 60%
- Fifth week: 40%
- Sixth week: 20%
- Seventh week or later: 0%

2. Complete withdraw. The last date the student attended classes will be used to compute the percentage of refund. Complete withdraws are calculated according to the Federal Refund Policy. A student who partially withdraws and later completely withdraws will be computed as a complete withdraw.

Federal Refund Policy:

On or before day one: 100%
Day two through the first 10% of the semester: 90%
After 10% through 25% of the semester: 50%
After 25% through 50% of the semester: 25%
After 50% of the semester: 0%

For first-time George Fox University students who receive financial aid and withdraw before 60 percent of the semester has passed, refunds will be calculated according to federal statutory pro rata requirements. The percentage used for calculation is equal to the percentage of remaining weeks in the semester. To determine this percentage, divide the weeks remaining by the total weeks in the enrollment period.

For medical or hardship withdraws, restrictions apply and special application is required. Students will need to submit documentation that can be verified. For those granted a medical or hardship withdraw, the percentage to be used in the refund calculation will be determined based on documentation provided. Housing costs and meals are prorated according to the number of weeks the student was on campus.

For all withdraws, please note:

- Refunds of departmental fees will be determined by the department. All refunds will be applied to the student’s account.

- Refunds for school insurance fees will be made only if the withdrawal takes place prior to payment of the insurance premium. Thereafter, no refund will be given.

- Financial aid awarded will be adjusted according to federal guidelines for students who withdraw or reduce their course load to less than full time.

- No refund of tuition, room and board will be made to students who have been dismissed, except as may be required by federal regulations. All expenses are payable in U.S. currency. The University reserves the right to change rates and policies when necessary.
FINANCIAL AID

Basis of Student Aid

George Fox University offers several financial assistance programs for its degree-seeking students. Loans are a primary source of financial aid for graduate study. Limited tuition need-based and academic-based grants, scholarships, and employment are available to eligible students enrolled in WES degree programs. All students in need of financial aid are encouraged to apply.

Information on financial aid options and application procedures is available from the Financial Aid Office. These change annually, so please make sure you have information for the current year.

With few exceptions, students must be enrolled full time (at least eight credits per semester) to receive financial aid. Eligibility for assistance from the Federal Direct Student Loan program requires half-time enrollment (four semester hours). Students must also meet eligibility requirements of the programs from which they receive assistance. Such requirements include maintaining satisfactory academic progress toward a degree, maintaining a minimum grade point average, having financial need, and other specific conditions of federal, state or University regulations.

Awards Based Upon Financial Need

Financial need is determined by a uniform method of analysis of information provided on the Free Application for Federal Student Aid (FAFSA). The need analysis helps the University determine the contribution the student is expected to make. The difference between this expectation and the cost of attendance at the University is the “need” that financial aid attempts to fill.

Financial assistance awarded by George Fox University takes the form of grants, loans and employment. “Need-based” financial assistance comes from the state or federal government and from the University. Students awarded federal and state aid are subject to the laws regulating those programs. For instance, all federal and state assistance requires signed statements from the recipient attesting that the funds will be used only for educational purposes, that the student is not in default on any government loan nor owing a refund on any government grant, and that the student has registered with the Selective Service or that he or she is not required to do so.

The total financial aid package — including all grants, scholarships and loans — may not exceed the amount of need when federal program funds are included.

Loans, Scholarships, Grants and Student Employment

♦ LOANS

The University participates in the Federal Direct Student Loan program for the Federal Stafford Loan and the Federal Unsubsidized Stafford. Eligibility for the Stafford and the Unsubsidized Stafford is determined by filling out the Free Application for Federal Student Aid, as well as by student status.

When other funds are not available, loans place the responsibility for financing higher education on the student. Students are encouraged to be cautious when applying for loans but to consider the value of receiving financial assistance when needed and of paying some of the cost of education later when they are better able to do so. The University expects loans to be a significant part of the financial aid award for graduate students, but the student must decide whether the loans are necessary based upon his/her financial situation.

♦ GOVERNMENTAL FUNDS AND PROVISIONS

Prospective and enrolled students may request and receive information from the financial aid staff concerning available financial assistance and student consumer information.

Financial resources are supplied by the federal government through Title IV of the Higher Education Act of 1965 as amended. This aid includes the Direct Loan Program and the Federal Guaranteed Student Loan Program. Students may inquire about eligibility for aid, criteria for selection, award amounts, and rights and responsibilities.

♦ VETERANS ADMINISTRATION (V.A.) ASSISTANCE

The University is listed with the United States government as a recognized graduate school for the training of veterans. All prospective students eligible for V.A. assistance should write to the University Registrar for V.A.-approved program information and follow procedures required by the Veterans Administration for transfer of training to George Fox University. To be recommended for V.A. assistance, the student must continue as a bona fide registrant throughout the semester. Those receiving V.A. assistance must meet the minimum academic standards of the University for enrollment and progress toward degree completion.

WESTERN EVANGELICAL SEMINARY INSTITUTIONAL AID PROGRAMS

Several scholarship/grant programs are available for eligible students. WES Grants are awarded annually.

The V.A. Ballantyne Scholarship Fund, established in 1993 by the Evangelical Literature Service, is awarded to students who are members of the Evangelical Church of North America.
The **Julius Clifton Bruner Scholarship Fund** was established by Iris J. Bruner in memory of her husband for graduate theological education.

The **Ketterling-Schlenker Memorial Scholarship Fund** was established to assist students demonstrating financial need. Preference is given to students from North Dakota, Montana or the Midwest.

The **Clara and Harlan Macy Memorial Scholarship** was established by family members to help WES students going into pastoral ministry.

The **Chuan Cheng Morrissey Missions Memorial Scholarship Fund** is awarded to students preparing for cross-cultural ministry (preferably with Chinese) or to Chinese students preparing for cross-cultural ministry to non-Chinese.

The **H.W. and Wilma Ogden Scholarship** is awarded to Free Methodist students in the ministry program at WES.

The **Vernon Oliphant Memorial Missionary Scholarship Fund** has been established by his widow, Marie Oliphant, and is awarded to students coming from OMS International-sponsored fields or students planning to serve as missionaries with OMS International.

The **John and Emma Pike Scholarship** is awarded to Master of Divinity students committed to full-time pastoral ministry upon graduation.

Earnings from the **Arthur T. Shelton Scholarship Fund** are awarded to students coming from the states of Oregon and Washington.

Earnings from the **Lydia C. Sundberg Memorial Fund** are awarded to international students who will return to their homeland or students planning to enter missionary service.

The **Glenn and Allee Yoder Memorial Scholarship** was established in 1993 by their family for the educational advancement of Christian students.

Eligibility for all of the above awards is based on evidence of financial need and is limited to tuition only. If a student’s enrollment status changes, the amount of the scholarship may be decreased accordingly. A student may not be on academic probation more than one semester to maintain eligibility. Awards are limited to the amount of funds available and to WES courses taken for credit only, not audit courses or off-campus courses and seminars.

**WES Church Matching Grants** are awarded up to $1,000 annually. Participating churches must be approved and must provide a letter of confirmation by October 1 indicating the designated student and amount contributed.

**WES Multicultural Scholarships** are awarded to current and prospective students who are U.S. citizens and ethnic minorities. These scholarships are based on need.

The **E. Arleta Wood Reed Memorial Student Loan Fund** has been established by Merrill L. Reed in memory of his wife and provides low-interest loans for tuition, books or supplies. When need has been determined by the Financial Aid Office, the loan can be acquired through the Financial Aid Office subject to the extent of funds available.

**Partners in Ministry Grants** are provided for all spouses enrolled in the Partners in Ministry Certificate program. Scholarships are limited to one course per semester. Scholarships will be applied only to those courses in the program.

**Pastor and Teacher Enrichment Grants** are available for full-time pastors, Christian educators, and mission personnel not pursuing a degree program for courses taken on an audit basis.

The **WES Grant** is available to all students whose federal financial aid form determines need and who have at least a 3.5 cumulative grade point average. Also, the financial aid form results must be received by the Financial Aid Office by May 1. All new entering WES students will be considered on need only, but the cumulative grade point average must also be maintained with at least a 3.5 cumulative grade point average to continue receiving the WES Grant.

The **WES International Student Award**

All international students will be awarded an International Grant based on 20 percent of the tuition for a full load of eight credits. Students must maintain at least eight credits per semester and can receive 20 percent of any credits over eight credits as well. It is the student’s responsibility to let the Financial Aid Office know if taking more than eight credits. All international students must apply for admission by May 1 of each year in order to receive the International Grant.

The **WES Research Scholars and Teaching Assistants**

Several students are selected each year to serve as research scholars and teaching assistants for full-time faculty. Prospective research scholars and teaching assistants should make application for the position with the endorsement of the faculty member by May 1 prior to the academic year. Qualifications for the position are considered. An applicant must be a registered student. Though not required, a research scholar is typically in her/his second or third year of study. Research scholars and teaching assistants are considered work-study positions. Remuneration will be at the established University work-study rates.
WES Campus Employment
Several students are selected each year for campus employment assignments in the Portland Center of George Fox University. These positions vary throughout the year depending on the staffing needs. Both financial need and qualifications for the position are considered. Applications are available from the Office of Enrollment Services. A campus employment student must be a registered student. Remuneration will be at the established University work-study rates.

COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

The University does not discriminate on the basis of age, sex, race, color, national origin, or handicap in its educational programs or activities, including employment, and is required by federal law not to discriminate in such areas. The University also is in compliance with the Family Education and Privacy Act of 1974.

Family Educational Rights and Privacy Act

George Fox University accords all the rights under the Family Educational Rights and Privacy Act (FERPA) to students who are enrolled. No one shall have access to, nor will the institution disclose any information from, students’ education records without the written consent of students except to personnel within the institution with direct educational interest, to persons or organizations providing students’ financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the George Fox University community, only those members, individually or collectively, acting in the students’ direct educational interest are allowed access to student educational records. These members include personnel in the student services offices and academic personnel within the limitation of their “need to know” as determined by the Registrar.

At its discretion, George Fox University may provide “directory information” in accordance with the provisions of the Act. The University construes the following information to be “directory information”: parents’ names and addresses, the student’s name, campus and home address, telephone number, date and place of birth, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, denominational or religious preference, the most recent previous school attended, and for members of athletic teams, height, weight and position played. The University also considers photographs to be Directory Information. As such, release of photographs also is provided.

Students may restrict the release of their directory information to third parties by annually submitting a signed and dated statement to the Registrar’s Office. Otherwise, all photographs and information listed above will be considered as “directory information” according to federal law. Non-directory information, notably grade records, are released to third parties only on written request of the student.

The law provides students the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the hearing panel’s decisions are unacceptable. The Registrar’s Office at George Fox University has been designated by the institution to coordinate the inspection and review of procedures for student education records, which include admissions, personal and academic files, and academic, cooperative education and placement records. Students wishing to review their education records must give a written request to the Registrar listing the item or items of interest. Only records covered in the Act will be made available within 45 days of the request. Education records do not include student health records, employment records, alumni records, or records of instructional, administrative and educational personnel that are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute. Health records, however, may be reviewed by physicians of the student’s choosing.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student.

Drug-Free Environment

George Fox University is concerned about the intellectual, physical, psychological and spiritual well-being of all its students and employees. The community recognizes the danger to one’s physical and psychological well-being presented by the use of certain products. Therefore, members of the community are prohibited from using tobacco in any form, alcoholic beverages, and illicit or non-prescribed drugs and substances (including marijuana or narcotics). Under no circumstances are the above to be used, possessed or distributed on or away from campus. Community members are also expected not to abuse the
use of legal substances. For information concerning disciplinary actions, please refer to the student and employee handbooks.

**Disabled Students**

The Enrollment Services Office coordinates services for disabled students. The Office also promotes campus awareness of issues and needs of disabled students. Supportive services can be provided, depending on the nature of the disability and availability of resources. Documentation of an existing disability may be required.

Interested students should contact the Enrollment Services Office and provide documentation of disability and information concerning desired accommodations. Students are encouraged to contact the Vice President for Enrollment Services as early as possible to make arrangements for necessary support services.

**Disclosure of Uses for Social Security Numbers**

Providing one’s social security number is voluntary. If a student provides it, the University will use his or her social security number for keeping records, doing research, and reporting. The University will not use the number to make any decision directly affecting the student or any other person. A student’s social security number will not be given to the general public. Students who choose not to provide their social security numbers will not be denied any rights as a student. A statement in the class schedule describes how social security numbers will be used. Providing one’s social security number means that the student consents to use of the number in the manner described.

**Anti-Harassment Policy**

It is the policy of George Fox University that all employees and students work in an environment where the dignity of each individual is respected. Harassment due to race, color, sex, marital status, religion, creed, age, national origin, citizenship status, workers’ compensation status, physical or mental disability, veteran’s status, or any other status protected under applicable local, state or federal law is prohibited. Such harassing behavior should be avoided because conduct appearing to be welcome or tolerated by one employee or student may be very offensive to another employee or student.

**PROHIBITED CONDUCT FOR SEXUAL HARASSMENT**

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment/academic status;
2. submission to or rejection of such conduct by an individual influences employment/academic status decisions affecting such individual; or
3. such conduct has the purpose or effect of interfering with an individual’s work performance or creating an intimidating, hostile or offensive working/student life environment.

The conduct prohibited may be verbal, visual or physical in nature. It includes unwelcome sexual advances, requests for sexual favors, physical touching, or the granting or withholding of benefits (e.g., pay, promotion, time off, grades) in response to sexual contact. More subtle forms of behavior, such as offensive posters, cartoons, caricatures, comments and jokes of a sexual nature are discouraged, as they may constitute sexual harassment when they contribute to a hostile or offensive working/student life environment.

If any employee or student believes he or she has been discriminated against or has been subjected to sexual or other forms of harassment, the employee or student must immediately notify the following persons:

1. If the alleged incident involves a student and a faculty member, contact a school dean, the Vice President for Academic Affairs, the Vice President for Student Life, or the Vice President for Enrollment Services.
2. If the alleged incident involves a staff member or a student in the work-study program for the University, contact a supervisor or manager, the Director of Human Resources, the Assistant Vice President for Financial Affairs, or the Vice President for Financial Affairs.

Complaints will be investigated and corrective action taken as determined appropriate by the University.
