Welcome to our place. The George Fox University campus is a unique blend of nature and culture, challenge and recreation, freedom and security. Students live and work on our 108-acre Pacific Northwest campus. The cafés and shops of friendly downtown Newberg are a short walk away.

Centennial Tower
- Located in the center of the campus quadrangle (aka, “the quad”)
- Built to commemorate our 100th year in 1991
- Chimes on the quarter-hour throughout the day, but students are happy it doesn’t ring at night – or on Saturday mornings

1 Stevens Center
- Opened in 2001, it is designed to serve as a “one-stop” student service building, with offices for admissions, registrar, financial aid, student accounts, the Career and Academic Planning Center, institutional technology, and the university president

2 Hoover Academic Building
- Contains five “technology-rich” classrooms
- Won multiple awards for the use of recycled materials and environmental friendliness

3 Wood-Mar Hall
- Named after two women – Amanda Woodward and Evangeline Martin – who raised more than $30,000 to fund its construction in 1910
- Home to engineering labs and department offices for engineering, computer science and math
- Wood-Mar Auditorium, located on the third floor, is a 270-seat auditorium that provides an intimate setting for drama productions and classes, comedy theatre nights, guest lectures and student events.

4 Edwards-Holman Science Center
- Completed in 1994 with 36,000 square feet
- Contains five classrooms, 16 labs, a lecture hall, and faculty offices for the natural science department
- The atrium is a common place for on-campus events, such as senior capstone presentations, the engineering robot challenge and the always-anticipated ‘80s dance.

5 Bauman Auditorium
- Used for chapel, special lectures, as well as band, choir and orchestra concerts
- The Oregon Symphony, one of America’s major orchestras, uses Bauman Auditorium for recordings because of its superior acoustics.
- The organ boasts more than 2,000 pipes.
- Chapel is held on Tuesdays and Wednesdays and is a required part of student life.
- In addition to an annual Oregon Symphony concert, the auditorium has hosted performances by national artists and musical groups such as Switchfoot, the David Crowder Band, Chris Tomlin and Phil Wickham.

(continued)
6 Ross Center
- Houses Bauman Auditorium, Lindgren Gallery, two rehearsal halls, 16 practice rooms and several classrooms
- Home to the performing and visual arts departments

7 Stoffer Family Stadium/ Duke Athletic Center
- Serves as home to the university’s football and track and field teams
- The largest attendance recorded at the venue (3,659) occurred when the university hosted its first football game in more than 45 years on Sept. 6, 2014.
- Includes the synthetic-turf Lemmons Family Field and the single-biggest video scoreboard in the Northwest Conference

8 Wheeler Sports Center
- Houses three full-sized basketball courts (Miller Gymnasium), one racquetball court, classrooms, an esports arena, health and human performance department offices, a weight room, training rooms, locker rooms and an indoor golf facility
- The Bruin volleyball and basketball teams play home games in Miller Gymnasium (capacity 2,750).

9 Minthorn Hall
- The only first-generation building left on campus, it was built in 1885 as an academy dormitory and gymnasium and was in use when future U.S. President Herbert Hoover attended.
- When the campus moved across town to the present site in 1892, Minthorn Hall was rolled on logs behind horses.
- Listed on the National Register of Historic Places
- Houses English, languages and communication arts offices

10 Murdock Learning Resource Center
- Provides access to 100,000 electronic journals, 2 million tracks of digitized audio and more than 350,000 ebooks
- Millions of books and journals are available upon request through a consortium of 39 member schools in the Pacific Northwest.
- Contains special collections on Quakers, Herbert Hoover and Peace Studies

11 Klages Center/ Maker Center
- Home to engineering classrooms and a Maker Hub that serves as an engineering collaboratory and makerspace for all students
- Houses the Bruin Store and some student mailboxes
- Also home to the Makers Market and Foxhole – two great places to grab a cup of coffee and hang out or study with friends

12 Canyon Commons
- The 30,000-square-foot facility features large windows overlooking Hess Creek Canyon.
- Inside, wooden-beam construction and expansive skylights emulate the scenery and capture natural sunlight.
- The space seats 900 and includes a main dining area, meeting spaces and a café for our students.

13 Hadlock Student Center
- Opened in the fall of 2018, the 40,000-square-foot facility houses three basketball courts, an indoor track, a fitness center, a rock-climbing wall, student life, and space for student government and clubs.
- Named in honor of Bob and Camille Hadlock, alumni who dedicated their lives to spreading the gospel through missions work in Africa

Student Housing (shown in orange)
A variety of student housing options are offered, including traditional residence halls, suites, apartments and houses. Because more than half of our students live on campus, there’s never a shortage of fun things to do!

President: Robin Baker, PhD
Undergraduate Enrollment: 2,284
Adult Degree Completion: 280
Graduate Enrollment: 1,731
Faculty: 154 (14:1 student-to-faculty ratio)
Average Class Size: 18 (including labs)
Average GPA: 3.7
Largest Majors: Business, engineering and nursing
Newberg Campus Size: 108 acres
Additional Campuses: Portland, Salem and Redmond
Students Living On Campus: 1,175
Ethnic Minorities: 30 percent
Athletics: NCAA Div. III (22 teams)
