

Trauma Response Institute - Master Schedule

- * Contact the TRI Administrative Assistant for more course and certificate details, at tri@georgefox.edu. Visit Anna Berardi if interested in completing the post-grad certificate in trauma response services.
- * TRMA courses are undergoing schedule shifts to avoid overlapping other courses as much as possible. T=Temp, indicates a term or dates that are temporary and will be moving in future terms.
- * Most TRMA courses include Online Seat Time activities. A professor might shorten some of the pre-scheduled face to face times listed below if more time occurs online.
- * Students may enroll in TRMA-SD courses but these courses are held on-site in local school district. Contact Anna for specific locations. These courses can be taken to fulfill Block A, B, or C requirements depending on course topic.
- * **TRMA 571-573 (TRMA research project) can be started in any term once you connect with Anna.** TRMA 571-573 meets monthly on Wednesday (dates TBA). TRMA 543, 582, and the 571-573 sequence are held completely online using Zoom and other activities.
