

Program Disclosures

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.

Yes

No

If yes, provide website link (or content from brochure) where this specific information is presented:

See resources section (bottom) of main website page:
<https://www.georgefox.edu/psyd>

*Program-Specific Disclosures: George Fox does not require students or trainees to comply with specific policies or practices related to the institution's affiliation or purpose. It does require staff and faculty to adhere to a statement of faith and the mission, vision and values of the university available here:

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Transfer of up to 35 hours credit is allowed toward the Doctor of Psychology program from accredited graduate schools (transfer credit is not allowed toward practicum or internship requirements). Students must have earned a grade of B or better for a course to be considered for transfer. In addition, only courses taken elsewhere within 7 years of the date of matriculation to the Doctor of Psychology program will be considered for transfer. *The faculty will consider transfer requests and evaluate transcripts once students are admitted into the PsyD program.* For additional information, please reference: <https://www.georgefox.edu/psyd/admission/transfer-credits.html>. Since our program is foundationally built for our cohorts, and the class schedules follow a recommended curriculum sequence, transferring in credit does not shorten the length of the program.
