

EXPLORING YOUR FOREST: BRINGING FOREST ECOLOGY TO THE CLASSROOM

A professional development workshop for K-12 educators

Tuesday June 26, 2018 – 8:00 am – 4:00 pm – George Fox University

Do you have access to a forested area near your campus? Are you looking for opportunities to engage your students in authentic scientific practices and nature-based learning? This one-day summer teacher workshop will prepare K-12 educators to engage students in forest ecology data collection, analysis and interpretation through field activities and lesson plans aligned with state and national frameworks.
