WELCOME!

The faculty and staff of the College of Social Work at George Fox University (GFU) are glad you have decided to join our Masters of Social Work (MSW) program. We look forward to working with you to reach your goal of being a masters-level social worker. To that end, the Student Handbook serves as a guide for policies and procedures important for your successful completion of the MSW degree. It is vital that you read the handbook thoroughly. The policies and procedures for the MSW program have been developed through a collaborative process with interaction between faculty, administrators, advisory board members, community partners, and students. We invite you to become familiar with it and encourage any feedback you may have about clarity and process. An abbreviated list of social work and GFU student resources is provided on page 34 of this handbook to enhance visibility of such supports while enrolled in the MSW program.

Be Known

As students at George Fox University, the MSW program strives to extend the Be Known promise to its graduate students. In partnership with the larger university, we make it a goal to cascade this promise in program activities and interactions. As a reminder, the Be Known promise is: At George Fox, each student will be known – personally, academically and spiritually.

Solidarity Statement

As a program dedicated to the development of future social workers and leaders who will demonstrate the values and ethics of professional social work, we commit ourselves to understanding our place in the larger context of systemic injustice.

We pledge to:

● Commit to direct conversations that honor historical and ongoing experiences and identify and enact responsive social work practices.
● Collaborate with and participate in mutually beneficial activities, research and critical inquiry with colleagues, students, and the larger community to support the understanding of intersectionality.
● Advocate for inclusive and transformative social change, both at the meso and macro level.
● Support university events, resources, student services targeted at ensuring accessibility, inclusion, and diversity of our student body.
● Provide an environment for those with various lived experiences to succeed, grow, and thrive.
George Fox University College of Social Work Mission Statement

The mission of the George Fox University College of Social Work is to prepare graduates for worldwide leadership and service as social work professionals who integrate the values, knowledge, and skills of social work and with the highest competence and ethical integrity.

Masters of Social Work Mission Statement

The mission of George Fox University’s College of Social Work Master’s Program is to prepare graduates for worldwide leadership and service as social work professionals who integrate the values, knowledge, and skills of social work with the highest competence and ethical integrity within public and private human service organizations, faith communities, and religiously affiliated agencies.

Program’s Context: University’s Mission

The mission of the university is as follows: “George Fox University, a Christ-centered community, prepares students spiritually, academically, and professionally to think with clarity, act with integrity, and serve with passion.”

The university mission statement is further exemplified by the institutional values that relate clearly to the mission, nature, and purposes of the masters in social work program. For example:

1. Living like Christ as Agents of Love and Reconciliation
2. Creating a Transformational Learning Community
3. Pursuing Scholarly Inquiry
4. Engaging Globally and Connecting Culturally
5. Reflecting the Diversity of God’s People
6. Preparing Innovators and Risk Takers in Pursuit of God’s Kingdom
7. Serving and Leading in Communities of Trust
8. Promoting Peace, Justice, and Care of the Earth

Three particular themes relevant to the convergence of mission between the university and the masters’ degree in social work emerge:

• Competent, ethical integration of Christian faith and the highest standards of social work scholarship and professional practice;
• Leadership in professionally-oriented, globally engaged, experientially-grounded education; and
• Commitment to justice and service.
The George Fox University Masters of Social Work Program’s mission statement is consistent with the profession’s purpose and values as outlined in the CSWE EPAS (CSWE, 2015) and NASW Code of Ethics (NASW, 2021).

“The purpose of the social work profession is to promote human and community well-being. Guided by a person and environment construct, a global perspective, respect for human diversity, and knowledge based on scientific inquiry, the purpose of social work is actualized through its quest for social and economic justice, the prevention of conditions that limit human rights, the elimination of poverty, and the enhancement of the quality of life for all persons, locally and globally” (CSWE, 2015 p. 5).

**NASW CODE OF ETHICS**

Students of the George Fox University Master of Social Work are expected to comply with the following code:

**Summary of Ethical Principles**

*Value: Service*
Ethical Principle: Social workers' primary goal is to help people in need and to address social problems.

*Value: Social Justice*
Ethical Principle: Social workers challenge social injustice.

*Value: Dignity and Worth of the Person*
Ethical Principle: Social workers respect the inherent dignity and worth of the person.

*Value: Importance of Human Relationships*
Ethical Principle: Social workers recognize the central importance of human relationships.

*Value: Integrity*
Ethical Principle: Social workers behave in a trustworthy manner.

*Value: Competence*
Ethical Principle: Social workers practice within their areas of competence and develop and enhance their professional expertise.

The George Fox University Masters of Social Work mission broadly addresses the preparation of competent practitioners at advanced levels of practice to serve and to lead as social work professionals intent on promoting human and community well-being. The Masters program is built on the values, knowledge, and skills that undergird the purpose of the social work profession.

Consistent with the university and program mission, infused into both concentrations will be themes relating to the ethical integration of personal beliefs and competent professional practice;
working effectively with diverse spiritual and religious beliefs, practices, and organizations; and meeting human needs and seeking social justice, locally, nationally, and globally.

**Distinctives of the George Fox University Masters of Social Work Program**

The College of Social Work seeks to integrate Christian scholarship within the discipline of social work. Upon completion of the prescribed curriculum the student should be able to demonstrate mastery of the theories, methods, techniques, and values of the social work profession as prescribed by the Council on Social Work Education (CSWE) and the National Association of Social Workers (NASW). The student should be able to integrate their personal faith within the program’s curriculum and understand how this impacts them both personally and professionally. It is the program’s goal that students graduate with the ability to differentiate personal belief systems from their client’s beliefs and conduct themselves ethically as advanced practice social workers, working with diverse and vulnerable populations in a variety of settings.

Within the context of a Christian university, this program is dedicated to providing a community environment where each individual is viewed as unique and valuable with varied gifts and abilities to use in service to others.

**Goals of the Masters of Social Work Program**

Students completing the MSW program will be able, at an advanced level, to:

1. Exhibit competence in generalist and advanced social work practice with diverse individuals, families, groups, organizations, and communities.
2. Demonstrate critical thinking skills in applying knowledge and ethical principles to social work practice and in evaluating scientific inquiry including practice-based research.
3. Consider and apply the values and ethics of the profession in every aspect of practice and understand the ethical integration of Christian faith in practice, including nondiscrimination in the areas of age, class, culture, color, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation.
4. Enhance the well-being of people and communities locally, regionally, nationally, and around the world.
5. Apply an ecological systems perspective, empirically supported theoretical frameworks, and evidence-based social work practice methods to all levels of practice.

**Social Work Program Nondiscrimination Policy**

All students who meet the minimum requirements for admission to the Social Work Program at George Fox University are invited to apply, and no student will be denied admission on the basis of race, color, national or ethnic origin, gender, age, marital or veteran status, disability, religion, political affiliation or sexual orientation. Our professional social workers upholding the values of diversity and difference, the MSW program takes very seriously any concerns of discrimination, harassment, threats to safety, and purposeful intent to harm others in our program and community. All students are expected to follow the standards set forth in the University Standards of Conduct.
In addition, it is the policy of George Fox University that all employees and students work in an environment where the dignity of each individual is respected. Harassment due to race, color, sex, marital status, religion, creed, age, national origin, citizenship status, political affiliation, workers’ compensation status, physical or mental disability, veteran’s status, or any other status protected under applicable local, state or federal law is prohibited. Engaging in such behavior will not be tolerated and may result in corrective action, up to and including dismissal.

Inquiries about the University Nondiscrimination and Diversity Policy may be directed to the University Department of Human Resources.

Program Accreditation

Students frequently ask us if the Social Work Program is accredited. It is important to understand that there are **two** different types of accreditation that affect the Social Work Program. The regional accrediting body, the Northwest Commission on Colleges and Universities (NWCCU), grants the first type of accreditation. *This regional body reviews entire universities* and programs for the Council on Higher Education Accreditation (CHEA).

A second type of accreditation is **professional** accreditation. Professional accreditation is granted in social work through the Council on Social Work Education (CSWE). The George Fox University BSW Program is fully accredited by CSWE and awards the Bachelors in Social Work (BSW) degree upon graduation.

The Masters of Social Work program is accredited by the Council on Social Work Education (CSWE). In October 2017, the CSWE Council on Accreditation granted an initial four-year accreditation to the program. As of March 2022, the MSW program has been fully reaffirmed by CSWE for eight years ending in October 2029.

**State licensure as a Social Worker**

In most cases, social work licensure exams can only be taken by students who have graduated from a CSWE accredited program. Oregon currently has certification for a Registered Bachelors in Social Work (RBSW), which generally requires passing a test, submitting transcripts and a background check, and paying a fee. The RBSW designates that you have professional certification versus an academic degree. See the web site for the Oregon Board of Licensed Social Workers, [www.oregon.gov/BLSW](http://www.oregon.gov/BLSW). When students are seeking employment in states requiring licensure, they will be eligible to do so with their BSW degree from George Fox University.

Licensure at the master’s level varies state by state. The State of Oregon has three different categories for licenses at the master’s level. These include Licensed Clinical Social Worker (LCSW), Clinical Social Work Associate (CSWA), and Licensed Masters of Social Work (LMSW). Detailed information for each license can be found at the following website: [www.oregon.gov/BLSW](http://www.oregon.gov/BLSW).

The program provides a full faith effort in preparing graduates of the MSW program for opportunities for licensure. Further information regarding licensure in Oregon as well as jurisdictions outside of Oregon can be found on the MSW program website at: [https://www.georgefox.edu/socialwork/career/social-worker-oregon.html](https://www.georgefox.edu/socialwork/career/social-worker-oregon.html)
MSW Program Curriculum

The George Fox University Master of Social Work Program builds its curriculum upon a solid liberal arts foundation. It is designed to facilitate the acquisition and integration of knowledge, skills, and ethics in order to form a foundation for lifelong learning.

The foundation year MSW courses are structured to provide all students with a set of common values, generalist skills, and knowledge base about the social work profession, human behavior and the social environment, conceptual and practice theories (e.g., trauma-informed, ecological systems theory, developmental theory, strengths perspective), research and statistics, values and ethics, diversity, policy, and social work practice. The content of the foundation year and concentration year courses are then applied to practice through field internships.

The advanced standing curriculum is designed for students who have a baccalaureate degree in social work (BSW) from a CSWE accredited program and meet all of the requirements of admission for advanced standing. The advanced standing curriculum consists of 32 semester credit hours. The advanced standing (concentration year) is designed to build on the curriculum of the bachelors of social work.

The following three pages are designed for student use in charting their course through the program and understanding graduation requirements. Course descriptions can be found in the graduate course catalog online.

Applicants to the GFU Advanced Standing Program with a degree from an international social work program must provide evidence through CSWE's International Social Work Degree Recognition and Evaluation Service that the program from which they have graduated or anticipate graduating is certified by CSWE.

Preference will be given to admitting to Advanced Standing those students who completed their baccalaureate degrees no more than five years prior to application. If students completed their baccalaureate degree in social work more than five years before applying to the MSW program, they must demonstrate that they have engaged in continuing education and professional social work practice during a majority of the years since their baccalaureate education. Decisions about applicants’ admission to Advanced Standing will be based on the following, in addition to the standard graduate social work application:

- An overall grade point average of 3.0 or higher on a 4.0 scale, a grade point average of 3.0 or higher in all social work coursework, to include a minimum grade of B in all practice and field courses.

Applicants need to submit a copy of the Field Evaluation from baccalaureate social work field experience(s) documenting satisfactory generalist practice experience and skills in the internship. (While prospective students may be admitted conditionally based on their performance in the field, full admission is contingent upon receipt of final field evaluation. When the final field evaluation is not available, a positive reference from a social work supervisor familiar with the applicant’s skills in social work practice is necessary.)

Process and Procedures for Evaluating Applications and Notifying Applicants of Decisions

Applicants for the two-year program are evaluated based on the admissions criteria specified in the previous section. Applicants for the advanced-standing program are evaluated on the criteria specified in the previous section.

Once an applicant’s file is completed it is assigned to a social work faculty member for review and is rated based on academic records, writing ability, work and volunteer experience, and references. Applicants who meet the minimum requirements are invited for an interview that includes a one-on-one interview, with a faculty member, a group exercise with other applicants, and a twenty-five-minute writing exercise.

The graduate program’s letter of admission constitutes the University’s official notification of the admission decision. Admitted students will have a maximum of one year from the date of admission within which to enroll. Attempts to enroll after the one-year period will require completion of another application. The University reserves the right to refuse admission to
any applicant whose previous academic record and/or readiness for graduate study in social work is deemed unsatisfactory.

**Transfer of Credit Policy**

For matriculating students who wish to transfer from another CSWE accredited graduate social work program, the MSW program has a written policy stipulating the transfer of credits as follows. For students requesting to transfer credits from graduate programs not accredited by CSWE, courses will be considered on a case-by-case basis.

The Director of the Masters of Social Work program may approve up to 15 hours of course work for inclusion into the MSW standard two-year degree requirements or up to 9 hours of course work in the advanced standing program. Students may only transfer a maximum of 15 semester credits for the 2-year program or 9 semester credits for the advanced standing program in order to preserve the integrity of their education at the degree granting institution; field practicum credits will not be transferred.

The Director, in consultation with MSW faculty, will make decisions about acceptance of transfer of credit.

The conditions outlined below for transfer credit consideration must be met regardless of the institution’s accrediting body.

No credit will be given toward required MSW courses unless the following conditions apply:

- The courses were taken in a graduate program accredited by the Council on Social Work Education or in a graduate program accredited by one of the regional accrediting organizations.
- A course description and syllabus are available and the Director judges the courses to be an appropriate substitution for a specific course in the graduate program.
- Once the Director has advised the student concerning which courses are approved for transfer credit, an academic plan will be provided for the student file, specifying how the transferred credits apply to the degree plan.

A petition for transfer credit must fulfill the conditions listed below:

- Students who wish to transfer credits must make the request and present relevant syllabi and transcripts six (6) weeks prior to the beginning of the first semester of matriculation.
- The work must have been done while the student was enrolled in good standing as a graduate student.
- The work must have been done within five years prior to the award of the master’s degree from George Fox University.
- The school from which the credits are transferred must be accredited by a regional accreditation agency.
- No earned grade for transfer credit is less than a “B” (83).
- None of the transfer coursework consists of extension or workshop courses.
Petition for transfer of credit occurs after acceptance into the College of Social Work graduate program.

A student may not use a course from a previous degree to count in their MSW degree completion. This is also in accordance with the University’s policy on credit for transfer graduate work.

For matriculating students who wish to transfer credit from an accredited graduate program that is not social work, the MSW program has a written policy stipulating the transfer of such credits as follows.

Students who seek to transfer credits from another graduate program must make the request and present relevant syllabi and transcripts at least six (6) weeks prior to the beginning of the first semester of matriculation.

The work must have been done while the student was enrolled in good standing as a graduate student.

The work must have been done within five years prior to the award of the master’s degree from George Fox University.

The school from which the credits are transferred must be accredited by a regional accreditation agency.

No earned grade for transfer is less than a “B” (83).

None of the transfer coursework consists of extension or workshop courses.

Petition for transfer of credit occurs after enrollment in the College of Social Work graduate program.

Students may only transfer a maximum of six (6) semester units, or two (2) courses to replace one (1) elective course and/or one (1) research course.

**Life Experience Course Credit**

The Social Work Program does not grant credit for either life or work experience in lieu of any required social work courses or the internship. Students who have completed social work courses at other CSWE accredited programs will have their materials reviewed on a case-by-case basis by the Registrar and Director of the Master of Social Work program to determine comparability with CSWE social work requirements.
Academic and Professional Advising

Each student in the George Fox University Masters of Social Work is assigned an academic advisor who is a member of the graduate faculty; students are introduced to the faculty advisor at orientation. It is strongly recommended that MSW students follow the program provided plan of study, to ensure completion of all degree requirements ahead of the intended graduation date. Any deviations from this standard degree plan should be made in consultation with the academic advisor and approved by the advisor and program director. Advisors are available to students during office hours and by appointment, where matters pertaining to academic, personal, and professional issues may be discussed with the advisor. Students are required to meet with their academic advisor prior to enrolling in spring term courses.

As developing advanced practitioners, students may benefit from the assistance and counsel of a social work advisor. The goals of advisors include, but are not limited to:

1. Providing role modeling in the area of social work values and professionalism.
2. Providing academic guidance (e.g. course selection, preparation for practice and serving as a broker to link students to needed services).
4. Being available to discuss the personal/academic/professional concerns of the student, and serving as a broker to link students to needed services.

Advisors will assist students in meeting all George Fox University and degree requirements, but the student is ultimately responsible for completing all requirements and for knowledge regarding any and all requirements of the degree.

The role of advisor is not a therapeutic one. Faculty members do not provide personal counseling to social work students, since this could easily place faculty in a situation of dual-role conflict. It is department policy to refer students needing personal counseling to other resources. The NASW Code of Ethics (2021) clearly states that “social workers who function as educators or field instructors for students should evaluate students’ performance in a manner that is fair and respectful” and they should “not engage in any dual or multiple relationships with students.” “Social work educators are field instructors are responsible for setting clear, appropriate, and culturally sensitive boundaries.” (pps. 21-22). It is with this guidance that students shall be encouraged to seek counseling outside of the program if a more therapeutic need exists.

The below chart illustrates the design of academic and professional advising in the MSW program.

Faculty Advisers are encouraged to reach out to student to schedule individual meeting.
(By Known Promise)

Attempt to explore and problem solve any potential barriers to student success prior to discussing plan of study changes. For example, student may need a reduced work schedule, take an incomplete, etc.

If no other option is available, plan of study changes must still be approved by Faculty Advisor and MSW Program Director.

University and Program Resources for Information
Both faculty advisor and student should explore the following for direction and guidance. Student should be encouraged to utilize the guidance provided directly from these resources.

Academic Calendar
FoxTale
Common Ground FAQs
GFU Website (Registrar, Financial Aid, etc.)
University Academic Catalog
MSW Student Handbook (plan of study/sequence of courses, etc.)

Coordinated Student Outcome
Faculty and student develop plan and timeline with student to complete necessary program/University procedures. Connect with student to ensure all steps have been completed.

Implications for delayed process include student loss of tuition refund (25% refund vs 50% refund, no refund), grade on transcript if not withdrawn properly, need for program re-admission, etc.

Notify MSW Program Coordinator
If unique circumstances arise after existing program/University resources have been utilized, faculty advisor connects with MSW program coordinator or program director for further support.
Academic and Professional Performance

Academic and professional performance is seen as an extension of professional values and ethics as a developing social worker. Our efforts to meet the Be Known promise are contingent on student engagement, staying connected with advisors and program staff through university email, Canvas and other program platforms for communication. The following are important steps to ensuring the demonstration of sound academic and professional performance while in the MSW program. Procedures for due process are outlined in the following pages to ensure students have all the available resources for advocacy.

Academic Performance

As noted earlier in this document (pps. 10-12), academic performance includes the following requirements for academic success:

**Foundation Year Students**
- A passing grade for Field consists of "B" (83) or better, and for all other courses a "C" (73) or better. A passing grade must be earned in order to take the second course in any sequenced courses (e.g. Practice I and Practice II) as well as to move into the second year of the program and meet graduation requirements.
- All MSW students must maintain a cumulative 3.0 GPA in order to be in good academic standing.
- Two year plan students may not earn more than two "C" (73) grades throughout their degree plan.

**Second Year/Advanced Standing Students**
- A passing grade for Field consists of "B" (83) or better, and for all other courses a "C" (73) or better. A passing grade must be earned in order to take the second course in any sequenced courses (e.g. Research I and Research II) and in order to qualify for graduation.
- All MSW students must earn a minimum cumulative 3.0 GPA in order to remain in good academic standing and meet graduation requirements.
- Two year plan students may not earn more than two "C" (73) grades throughout their degree plan.
- Advanced Standing students may not earn more than one "C" (73) grade throughout their degree plan.

**Procedures for Complaints, Appeal Procedures, and Grievance Policy**

George Fox University’s College of Social Work has established complaint procedures, an appeal process, and grievance policies governing academic and professional matters. These policies and procedures outline general rules regarding what issues may be appealed and the procedure to be followed for filing a grievance. Academic actions can be appealed to appropriate university authorities and an Academic Appeals Board. Appeals are taken to be good faith actions that request reexamination of academic decisions. All appeals must be made within limited time frames depending upon the action being appealed. Additional information is available in the Academic Affairs Office.
Overview of Complaint Procedures

Informal Complaint Procedures
It is the wish of the University to provide an education and services of high quality to its students and to provide equity and harmony in the application of policies and procedures. When a student has a complaint, the University encourages resolution to be sought through informal communication with the appropriate instructor, college dean, staff member, or administrative officer who may be able to help rectify or clarify the situation before a written complaint is initiated.

Formal Complaint Procedures
This complaint policy does not supersede specific policies involving special cases such as grade appeals, sexual harassment, etc. that are further defined in the Student Handbook, Catalog, Graduate Policies or elsewhere.

Lodging a Formal Student Complaint: A student who wishes to lodge a formal complaint with the University must complete and submit the formal complaint form to the appropriate Director, Dean, Vice President, or Provost. A form is available in the Office of Student Life and Office of Academic Affairs, as well as online. (www.georgefox.edu/grad-sps-policies)

Administrative Complaint Acknowledgment: Formal student complaints will be forwarded to the administrator most immediately responsible for the area to which the complaint pertains. The administrator will send a written acknowledgment to the student within five working days of receiving the complaint indicating that: (1) the formal complaint form has been received, (2) the nature of the complaint, and (3) that the student will receive a written response after deliberation within fifteen working days. (Please note that response time may be longer over the summer or holidays.) Copies of the written student complaint and the acknowledgement letter will be sent to the Director, Dean, Vice President, or Provost over that area.

Administrative Deliberation and Response: If the administrator to whom the complaint is forwarded determines that the nature of the complaint is beyond their area of supervision or expertise, the next level administrator in the area should be consulted and may be requested to respond to the student. Administrative disposition of the complaint will generally consist of investigation into the source of the complaint, previous efforts to resolve the issue, and any contingencies that will aid in the deliberation and disposition of the problem. The responding administrator will send to the student a written statement of attempted resolution to the problem. A copy of the deliberation response will be sent to the appropriate Director, Dean, Vice President, or Provost.

Student Appeal Process: Upon receiving a deliberation response to the written complaint, the student has the right of appeal to successive levels of administrators within the area. This appeal must be made in writing within five working days of receiving the Administrative response. In each case, the student will receive an acknowledgement of the appeal within five working days upon receipt of the complaint and a deliberation response within fifteen working days from the date of the acknowledgment letter. (Please note that response time may be longer over the summer or holidays.)
Criteria for Possible Dismissal from the MSW Program at George Fox University and Student Appeal Procedure

1. The George Fox University Policy on Academic Honesty

It is assumed that you and all other students at George Fox University will endeavor to be honest and of high integrity in all matters pertaining to your university life. A lack of respect and integrity is evidenced by cheating, fabricating, plagiarizing, misusing of keys and facilities, removing books and other property not one’s own, defacing and altering property, and disrupting classes.

Cheating is defined as “intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.” It is assumed that whatever work you submit is your own work and is new work for that course. Fabrication is defined as “intentional and unauthorized falsification or invention of any information or citation in an academic exercise or form.” Plagiarism is defined as “intentionally or knowingly representing the words or ideas of another as one’s own in any academic exercise.” One who facilitates any of the above is equally responsible with the primary violator.

Penalties may include restitution, a failing grade on an individual paper or exam, loss of campus position or employment, a failing grade for the course, disciplinary probation, suspension, or dismissal. The Office of Academic Affairs handles academic dishonesty issues in conjunction with the College of Social Work.

2. Dismissal of a Student from the Social Work Program – Academic Issues

The following are university policies guiding academic warning, probation, suspension and dismissal. The MSW program will routinely review student academic status in consultation with the university registrar and engage with students and/or academic advisors to remediate academic performance. Academic remediation plans may be initiated in consultation with a student’s academic advisor to support the student in achieving academic success. Remedial actions may include, but are not limited to, additional courses, meetings with academic advisor, or additional activities that support the student in remediating academic performance.

**Academic Warning**

Whenever the GPA for a given semester is below 3.0, but the cumulative GPA is at or above the required minimum for satisfactory academic progress, the student receives an academic warning. This warning alerts the student to potential difficulties and to potential loss of financial aid eligibility. The student is encouraged to contact his or her academic advisor, who will assist in the development of improved study plans.

**Academic Probation**

A student is placed on academic probation when his or her cumulative GPA falls below a 3.0. The standing of probation will be in effect for the subsequent semester with enrollment. The student is given one semester of probation to achieve the above standard, after which a student may be suspended.

For example, a student whose cumulative GPA at the end of spring semester falls below the defined standard would be assigned a standing of academic probation. If the student’s next term with enrollment is the following fall semester, the standing of probation would be in effect for
the duration of the fall semester. At the end of fall, the student’s academic standing would be reevaluated. If the student’s cumulative GPA meets the defined standard, the student would return to good standing in the subsequent term with enrollment.

**Academic Suspension**
A student not making satisfactory academic progress may be suspended. The suspension will be in effect for the duration of the subsequent required semester. After one or more semesters have elapsed, the student may apply for readmission and, if admitted, reenter provisionally. The university may suspend any student who fails to earn a GPA of 2.0 during a semester, regardless of classification or number of hours completed.

**Academic Dismissal**
A student not making satisfactory academic progress may be dismissed from the university. Students who are dismissed may not apply for readmission to George Fox University. The university may dismiss any student who fails to earn a GPA of 1.0 during a semester, regardless of classification or number of hours completed.

**Probation and Academic Standing Appeals**
Academic actions can be appealed to the Academic Standing Committee or appropriate university authorities. This committee may repeal suspensions of students not making satisfactory academic progress when it deems the failure to be due to exceptional circumstances and judges the student has a reasonable chance to meet graduation requirements. Appeals are taken to be good faith actions that request reexamination of academic decisions. Submissions must be in writing delivered to the Office of Academic Affairs. All appeals must be made within limited time frames depending upon the action being appealed. A successful academic appeal does not necessarily result in a reinstatement of financial aid eligibility. A student who has lost aid eligibility due to insufficient satisfactory academic progress and who is wishing to appeal to have his or her financial aid reinstated must do so through the Student Financial Services office.

**Record of Academic Standing on Transcripts**
Academic standings of Probation, Suspension, and Dismissal will be recorded permanently on a student’s official and unofficial transcripts, noted after the semester in which the standing was earned. Provisional Admission will appear on a student’s official and unofficial transcripts upon admission or readmission but will be removed from the transcript after the completion of one semester.

The Office of Academic Affairs monitors academic offenses in conjunction with Student Life and in cases where students are violating standards in two or more classes additional penalties may be warranted.

**3. Appeals Process for Academic Issues:**
George Fox University has established an appeal and grievance policy governing academic matters. This policy defines general rules regarding what issues may be appealed and the procedure to be followed for filing a grievance. Academic actions can be appealed to appropriate university authorities and an Academic Appeals Board. Appeals are taken to be good faith actions that request reexamination of academic decisions. All appeals must be made within
limited time frames depending upon the action being appealed. Additional information is available in the Academic Affairs Office.

Students may appeal academic disciplinary actions such as those imposed for severe behavior if they feel the penalty was unwarranted or unjustified.

Student meets with faculty member to discuss rationale for reversing the disciplinary action. The student wishing to appeal a disciplinary action must meet with the faculty member within the first three (3) academic weeks, excluding May Term, following the imposed disciplinary action. After meeting with the faculty member, the student may elect to pursue the appeal.

Student sends written appeal to the Academic Affairs Office (form attached). Students wishing to pursue an appeal must do so in writing within five (5) working days of meeting with the faculty member. Appeal Form found in Appendix H.

College Dean discusses appeal with the faculty member and student. The decision from the College Dean will be rendered in writing to the faculty member and student.

The College Dean's decision may be appealed to the Academic Appeals Board. To request a hearing, the student or faculty member must submit a written appeal to the Academic Appeals Board within two (2) working days after receipt of written decision from the College Dean.

Academic Appeals Board decides whether or not to hear the appeal. If the Board meets to consider the appeal, then the decision is submitted in writing to the Provost, faculty member, College Dean, and the student.

The decision of the Academic Appeals Board is final.

4. **Dismissal of a Student from the Social Work Program – Non-Academic Issues**

Social work is a difficult, challenging, and very rewarding profession for those interested in others and committed to serving. Professional social work requires a high level of emotional and intellectual resources, as well as an acceptance of the values and ethics of the profession. Many students find themselves initially attracted to social work for a number of reasons. Later, however, they may come to realize that they are unsuited for the profession for various reasons (e.g. their own values, academic ability, or degree of emotional strength which is often required making this career choice inappropriate for them.) Such a decision demonstrates wisdom and real caring for the needs of potential clients and co-workers. The social work faculty always stand ready to assist students in considering their best academic alternatives in such situations.

All social work students of George Fox University are expected to abide by the National Association of Social Workers (NASW, 2021) *Code of Ethics*, the Standards of Conduct, as stated in the University catalog, and the Expectations and Responsibilities, stated in the University Student Handbook. Along with these expectations the Social Work Program expects students enrolled in the Social Work Program to comply with the following guidelines:

1. The student shall not destroy or conceal library holdings or other resources needed by others.
2. The student shall not misrepresent him/herself professionally (e.g. events surrounding an
incident involving professional conduct or fabrication of client data pertaining to course or internship assignments). The student shall not misrepresent their professional qualifications, education, experience, or affiliations.

3. The student shall not engage in the practice of social work while under the influence of drugs, alcohol, or other chemicals.

4. The student shall not commit breaches of professional confidentiality.

5. The student shall not verbally, physically, or sexually harass, threaten, stalk, etc. patients/clients, colleagues, or supervisors.

6. The student shall not exploit professional relationships for personal gain.

7. The student shall not engage in any form of discrimination on the basis of political affiliation, race, color, gender, sexual orientation, age, religion, national origin, or physical/mental disability.

8. The student is expected to comply with the George Fox University Nondiscrimination and Diversity policies.

9. The student shall comply with the department and university wide policy on plagiarism and cheating. A copy of this can be obtained from the social work program office.

The following process is designed to resolve complaints against students, facilitate students’ professional growth, and help correct unprofessional behavior when possible. As such the goal of this process is to restore students to professional functioning as deemed reasonable and possible by the faculty. An alleged violation of George Fox University policies as stated in the Graduate/DPS Student Life Policies will be handled by the appropriate office with procedures found at www.georgefox.edu/grad-sps-policies

Complaints may be made against students for the following reasons:

1. Alleged violation of the NASW Code of Ethics or state law.

2. Concerns about a student’s suitability for the practice of generalist social work

3. Concerns about a student’s physical, intellectual, or emotional abilities to perform the essential functions of a generalist social worker.

Consistent with the NASW Code of Ethics (2021), it is strongly recommended that informal resolution be the first step in resolving a conflict or concern with a student. When concerns arise, the complainant should contact the student in question and frankly discuss the concerns. If resolution is not reached, one may engage in the following formal complaint process.

A faculty member, George Fox University student, Agency Field Instructor, Agency Coordinator, or client may make complaints. Because of the nature of a formal complaint, the confidentiality of the complainant cannot be maintained. A complainant must be willing to submit the complaint(s) in writing and be interviewed by the appropriate parties. Written documentation of the complaint and outcome are kept in the student’s permanent file.

Complaints against students will be handled in the following manner:

1. Complaints against a student must be written, signed, dated and sent to the Director of
the Master of Social Work Program. The MSW Program Director sends the written complaint to the Academic and Professional Performance Committee (APPC) within *five working days* of receipt of the complaint.

2. The APPC Chair notifies the student that a complaint(s) has been made within *two working days* of the complaint from the MSW Program Director.

3. The Academic and Professional Performance Committee gathers necessary information from faculty, concerned students, Agency Field Instructors, Agency Coordinators, or the client.

4. The Academic and Professional Performance Committee provides the student with written documentation of the specific complaint(s) and concerns of the Committee within *20 working days* of receipt of complaint from the MSW Program Director.

5. The Academic and Professional Performance Committee interviews the student to obtain additional information and their response to the allegations within *10 working days* of written notification to the student of specific complaints(s). The student may offer the Committee names of persons who may provide information on behalf of the student. This is not a litigious process, and attorneys should not be involved at this level.

6. The Academic and Professional Performance Committee recommends a decision to the Social Work Program faculty within *ten working days* of the student interview. Possible recommendations include:
   a. Dismiss complaint
   b. Letter of reprimand
   c. Remedial actions without probation. The student must submit documentation of satisfaction of remedial recommendations by a specific date. The student will be informed in writing of what they must do to be reinstated to good standing. Remedial actions may include, but are not limited to, mandatory counseling, additional courses, additional practicum experience, or additional supervision.
   d. Remedial actions as above with probation. Probation implies on-going monitoring of the student’s functioning by the Academic and Professional Performance Committee or its representative for a length of time determined appropriate by the Committee.
   e. Dismissal from the Social Work Program.

7. The Masters of Social Work Program faculty decides on the committee recommendation and the student is notified of the decision in writing within *five working days*.

8. The MSW Program Director notifies the Dean of the Wellness Enterprise, and the Director of Field Education. The Director of Field Education notifies the Field Faculty seminar instructor, the Agency Field Instructor, and Agency Coordinator.

9. Students who are dismissed from the Social Work Program may not continue in the Field Practicum and lose credit for the current semester.

5. **Appeals Process – Non-Academic Issues**

Decisions by the faculty that come through the student complaint process can be appealed. In the event of an appeal the following process must be followed:

1. The student makes a written appeal to the MSW Program Director within *ten working days* of receipt of the faculty decision. Copies of the appeal are sent to the MSW Director of Field Education if the complaint deals directly with a field issue, and the Dean of the Wellness Enterprise.

2. The director appoints an ad hoc committee composed of three faculty members, at least one of which must be from the Social Work Program, to review the appeal and
the faculty decision.
3. The ad hoc committee investigates the decision to the extent the committee believes it is necessary, which may include interviews of the student and those involved in the complaint.
4. The ad hoc committee decides to support, modify, or overturn the faculty decision within 30 working days of receipt of the appeal. Written notification is provided to the student, MSW Program Director, MSW Director of Field Education, the Agency Field Instructor, Agency Contact, and the Dean of the Wellness Enterprise. The decision of the ad hoc appeal committee is final.

6. **Reasons for Suspension/Dismissal**

Reasons for suspension or dismissal may include the following:

1. Failure to meet or maintain academic grade point requirement as established by George Fox University and the MSW Program. Students who are on academic probation for two consecutive semesters without achieving a 3.0 GPA must step out of the program. At least one semester (not including winter or summer) must elapse before reapplying.
2. Behavior judged to be in violation of the NASW Code of Ethics.
3. Evidence of academic cheating, lying, or plagiarism.
4. Behavioral disturbances that, in the professional judgment of the Social Work faculty and the committee charged with reviewing such issues, could impair quality provision of services to clients while enrolled and functioning in GFU’s MSW Program. (An example is the student’s inability to show insight to one’s own behavior and receive feedback.)
5. Evidence of current illegal drug or alcohol dependency documented as occurring during the course of study in George Fox University’s MSW program.
6. Documented evidence of criminal activity occurring while enrolled and functioning in GFU’s MSW Program that could impair quality provision of services to clients.
7. Submitting false or misleading information as a part of the application process.

Suspension or dismissal means a student will no longer be enrolled in the MSW program.

7. **Student Complaints Against Social Work Program Faculty**

Other faculty members, staff or students may make complaints against faculty members. Complaints must be written, signed, dated, and sent to the Dean of the Wellness Enterprise with a copy sent to the Director of the Master of Social Work Program.

**Student Resources**

**Students’ Rights and Responsibilities**

Students have the right and the opportunity to participate in the evaluation of their educational experience. The Social Work Program implements this opportunity through a variety of
mechanisms. Each semester students have the opportunity to provide feedback to the university, via evaluation forms, on the quality of the instruction received in every course. Normally, evaluations occur at the end of the semester and within a classroom setting. To ensure greater candor, the results of student evaluations of faculty are not shared with faculty until after grades have been turned in for that semester. The results are maintained in a confidential manner.

Currently undergraduate social work majors, in accordance with George Fox University policy, have the right to organize in their own interests in matters concerning academic and student affairs. Students may elect to join the Association of Student Social Workers in order to pursue those interests and concerns. With the development of the MSW program students will be made aware of their rights, opportunities, and responsibilities to organize in their interests.

Students are provided the opportunity and encouraged to organize in their interests. Faculty members are available to serve as sponsors for student clubs and organizations. Undergraduate students currently maintain an active Social Work Club. The club has its own bylaws, elects its own leaders, and manages its own budget. The club is involved in community service projects and coordinates projects with other campus organizations. The club meets regularly for both business and social events.

**Student Organizations**

Social work students, in accordance with George Fox University policy, have the right to organize in their own interests in matters concerning academic and student affairs. Students may elect to join the “Association of Student Social Workers” in order to pursue those interests and concerns.

At the MSW program level, students may elect to participate as a MSW student representative. MSW Student Representatives facilitate communication between the students and faculty to advocate for constructive change within the program. Membership of the organization will always consist of at least one concentration-year MSW representative and at least one foundation-year representative of the two-year MSW program. The representatives are selected by the class and approved by a majority vote of the class. Every year, student representatives organize and plan student engagement events which are offered to all MSW students.

MSW Representatives Strive To:

- To equally and respectfully represent the views of classmates to the faculty.
- To actively serve as a liaison between the class and faculty by empowering each other in the spirit of collaboration.
- To recognize strengths of the program and make suggestions for positive changes to the curriculum, administration of the curriculum and other aspects of the program such as lecture or testing techniques identified by the students.
- To help carry forward other program issues identified by the class to the faculty as indicated through either regular class meetings or impromptu meetings called by general consensus of the class.
- To carefully represent the views of the class, not only personal views.
**Student Educational Files**

All educational records of George Fox University students are maintained in accordance with the Family Educational Rights and Privacy Act of 1974. Students may refer related questions to George Fox University Student Life office.

Student files maintained by the Social Work Program are kept under double lock. Access to individual student files will be limited to the Social Work Program faculty/staff and the Social Work Program Admissions Committee. Individual social work students may access all information in their own files excluding any personal recommendations that have been denoted for non-release.

**Writing Policy**

The George Fox University Social Work Program is strongly committed to ensuring that graduates receiving a social work degree possess competent writing skills. Writing in the social work profession is an issue of ethical responsibility to clients, agency stakeholders and fiduciary commitments. As such, academic writing is the foundation in which professional writing is honed. To that end, it is program policy that:

1. All social work courses will contain assignments requiring students to engage in writing. This may include research papers, article reviews, journals, essay test questions or any other assignment that allows the student the opportunity to demonstrate an appropriate level of writing skill.
2. Correct grammar, punctuation, syntax, organization, and clarity of content, etc. will be one criterion used for grading all writing assignments within social work courses including essay examinations.
3. Students may be referred to university resources to assist in improving writing skills. The university provides writing assistance through the Portland Writing Center.
4. APA writing style is required by the program. APA learning workshops are offered by the Academic Resource Center and are available online.
